

R&D guided by 23 years' experience in thyristors, diodes and modules

- Senior technician with 2 decades of expertise runs R&D
- Electrical components made according to Westcode, ABB, GE and Powerex standards
- Raw materials from the US; advanced testing equipment from Sweden
- 10,000 power thyristors produced monthly
- Order delivery takes 4-5 weeks

To learn more about how you can benefit by sourcing from us, contact us today.

Transistors, SCRs (thyristors), triacs and diodes as well as their chips and dies

Thyristor and diode modules

Thyristor and rectifier
