

# Monthly capacity of 300,000 smartwatches and smart bracelets

## More than 20 patented items

We are a high-tech manufacturer and exporter of smart watches and smart bands, offering OEM and ODM services to our worldwide partners for more than 13 years. What's more, our more than 15 senior R&D engineers develop up to six new models monthly, allowing you to keep up with the latest market trends. Our products hold 20 patents in mainland China and up to 80% of our smart wearables use private molds.

## Up to 300,000 pieces every month

Our 6,000m<sup>2</sup> factory houses 18-fully automated and semiautomated assembly lines, high-speed automatic SMT machines, fully-insulated silkscreen printing workshops, an 8-hour aging test room and a range of QC equipment, including LCD switch testers. Backed with such advanced manufacturing capability, we can easily produce 300,000 pieces monthly. Our CE-, RoHS- and REACH-compliant products are sure to give you an edge in your markets. Please feel free to contact us and see how we can make your business grow.
