

Low-profile inductors and transformers designed for portable devices

Shielded SMD power inductors

- Excellent solderability and high heat resistance
- Packed in embossed carrier tape

- RoHS- and REACH-compliant inductors and transformers since 1979
- Products are designed for the latest portable consumer electronics
- We emphasize low profiles and high current with low resistance
- Cooperation with Taiwan's Industrial Technology Research Institute
- Fully automated factories in Taiwan, mainland China and Malaysia
- More than 500 million components produced every month
- QC team performs stringent checks at every production stage
