

Specializing in toothpaste for 15 years

Toothpaste, available in various weights and packaging designs, OEM orders are welcome

What are the benefits of sourcing from a 15-year toothpaste specialist? To begin with, we have developed a mature supply chain and an efficient production management system, which helps cut production costs and bring the savings to you. Our 40,000m² factory is HACCP-certified, and we perform strict QC from raw materials to finished products. Our design team can accept your packaging designs, and their creations are well-received by customers from Europe, South America, Africa, Asia and the Middle East. Inquire now.
