

Panasonic, Emerson, GM and Microsoft source from us

CNC milling machines

Rubber injection and compression machines

Rubber testing room

With 14 years of ODM/EMS experience in silicone and rubber molding and four production facilities, we can customize a sample for you in just one day. This has turned Panasonic, Emerson, GM, Microsoft and BYD into repeat buyers. Our R&D strength enables us to offer you 30 new products monthly, such as cases for mobile phone and components used in automotive parts, medical equipment, toys, consumer and home electronics and much more. Plus, we utilize FDA- and WRAS-approved materials, conduct strength, elongation and tear evaluations, and undertake heat, oil and abrasion resistance tests. Contact us today.

Silicone cases for mobile phones
