

Medals with ribbon drape

Unrivalled quality verified by BV, Sedex, Disney, NBCUniversal, McDonald's and BSCI

Among mainland China's emblem manufacturers, the cloisonné technique has been gradually given up because of its complexity and high costs. But we care deeply about this craft process and keep developing it while retaining its traditional characteristics. Because cloisonné emblems are high quality and very durable, they are the best choice for military and outdoor car emblems.
