

Stay ahead of market trends with our RF products

Since 1997, EnterTec Technology has specialized in the development and manufacture of RF connectors and cable assemblies. We offer fast and flexible services to our clients in the RF sector, and have obtained RoHS, REACH, FOS, PFOA, ODS and IMDS approvals for our products. And operations at our production facilities are ISO 9001- and ISO 14001-certified.

Our R&D team can help you stay ahead of market trends by creating the latest RF products for new standards as they appear. And we guarantee that our samples will be delivered faster than other makers'.

Our international sales network extends to the EU, the US, Asia and the Middle East. While we manufacture large volumes for Garmin, Asus and TSMC, we welcome small, mixed orders too. No matter the size of your order, we will process it as soon as we receive your request – competitors often make you wait. Contact us today.
