

LED reading light

Another month, another 50 new products

Custom samples within a week

30-strong R&D team to work with you

We are ready to provide you with laser levels, LED light levels, laser levels with calculators, promotional flashlight sticks and novelty flashlight sticks with whistles. Our 30-member R&D staff releases approximately 50 new items every month. We can also prepare OEM samples within one week.

Over 10 years of experience

We handle all plastic injection, welding, painting, assembly and packing at our 10,000m², ISO 9001:2000-certified factory. And our more than 10 years of industry experience and 40 QC inspectors allow us to ensure quality.

Delivery in 20 days

Our capacity for flashlights reaches 70,000 pieces monthly with an MOQ of 5,000. Our products have passed TÜV inspections and comply with CE, UL and RoHS requirements. Our 500 workers and 10 partner factories allow us to complete orders within 20 days. E-mail us today.
