

Scanner for iPhones, requires free app
for iPhone 4, 4S and 5 (AS100)

Mini scanner with 2.4" TFT-LCD screen

As many as 10 new devices monthly

Utilizing six years of R&D expertise, our 26 engineers develop up to 10 new digital electronics monthly. Plus, they can complete an ODM sample for you in as fast as 30 days. Operating our own molding and production facilities allows us to offer prices that are up to 10 percent lower than our competitors'. We have a monthly capacity of 50,000 scanners, 10,000 video recorders and 30,000 car black boxes. All of our items carry CE, FCC and RoHS marks for easy distribution. Inquire today.
