

Shipments ready in just 10 days

Every month, our wholly owned 7,000m² factory manufactures up to 6 million halogen bulbs on advanced equipment from Japan and South Korea. And each unit ships with CE, EuP and RoHS marks. Thanks to the stability and efficiency of our production capacity, we can prepare shipments in as little as 10 days. Being in the industry for 10 years, we have accumulated a complete product range of over 400 categories of items. OEM/ODM samples can be finished in three days. Inquire now.
