Shorter lead times thanks to advanced production equipment

Many well-known buyers rely on our 12-year history in the business, as well as our ability to produce samples and orders quickly. In order to maintain our edge as a speedy service provider, we have invested \$8 million in the latest production machinery for our two factories in Guangdong. This includes specialized production lines with state-of-the-art printing, embossing, coating and laminating equipment, including Heidelberg and Roland machines.

Thanks to our experienced production workers and QC personnel, we are able to finish orders in just 18 days, while ensuring that your products meet the highest quality levels. Our team of R&D experts can have

your OEM/ODM sample requests ready in just seven days.

When it comes to custom packaging and branding services, source from an eco-friendly ISO 9001:2008- and ISO 14001:2004-certified supplier. Contact our sales team now to learn more about the benefits of working with us.
