

Video indoor phone with 7" TFT-LCD screen and touch buttons (N60)

# DIY video intercom system

## Connect up to 4 door stations and 4 indoor phones

Are you seeking highly advanced video intercom systems designed for residential use? If so, allow us to introduce our JB-304 system that supports up to 4 door stations and 4 indoor phones. This model comes with the following:

- Do-it-yourself installation, plug-and-play connection
- Intercom and calling transfer between indoor phones
- Vandal-proof and waterproof cast-aluminum panel
- Optional surface or flush mounting and built-in card reader
- White or IR LEDs for night viewing
- Audio baby monitor function

Production takes place at our 21,800m<sup>2</sup> factory, where we produce up to 200,000 units monthly. For more information, contact us now.
