

# 3 Million Units Monthly

Custom micro DC motors

We supply buyers in Europe, the US and Southeast Asia with motors and other electronic components. Our buyers keep ordering from us because of our 3 million-unit monthly capacity. This volume production allows us to fill your large orders. To enjoy the benefits of volume sourcing, call us today.

Geared motors

## Source DC and geared motors from us to benefit from:

- Motors with low noise and high torque
- Efficient ISO 9001:2000- and ISO/TS 16949:2002-certified production
- Delivery lead time of 7-15 days
- Team of 60 skilled engineers
- Motor designs finished in one day
- Minimum order quantity of 300 units
