

All of your in-car accessories under one roof

30 new products developed every year

Walmart and Target source from the 12 series of automotive accessories that we've accumulated over the past 16 years. We offer over 200 items in total, so if it's in-car accessories you're looking for, we're sure to have you covered.

We offer USB chargers that are compatible with Apple's iPods, iPads and iPhones, as well as other models of mobile phones, digital cameras and GPS devices. And, our battery guard with dual USB and one socket can not only power 12/24V appliances and USB devices, but also protect your car battery from being drained completely.

Our R&D staff members have 12 years of experience and create 30 new products annually. We can finish an OEM sample for you within five days. Visit our Global Sources Online showroom to view our broad range of products and inquire today.

Dual 5V/2A USB car charger

Triple socket adapter with dual 5V/2A USB outlets
