

20-year specialist in hardware manufacture

Offering a variety of products

With about 20 years of experience in the hardware business, PKJ Group manufactures a wide range of products for hardware retail, including screws, nails, hooks, hangers, hinges and more.

Above-average quality

We have eight factories that follow ISO 9001:2000 and ISO 14001:2000 quality management systems, and we have our own lab manned by engineers who operate advanced testing equipment. Furthermore, we adhere to national and ANSI standards in our QC processes, and we can have Intertek oversee all production practices as a third-party authority upon request.

Professional packaging

With our expertise in printing, thermoforming and packaging, we collect all bulk components from our various manufacturing sites and put them in the same packaging for the convenient retail distribution.

Experience you can trust

Over 15 years' experience working with importers and distributors has enabled us to provide our customers with top quality, competitive prices, on-time delivery and excellent customer service. Consequently, our products are well-received by retailers throughout US, Canada and Europe. Contact us today.
