

# We provide GPS devices for before-market and aftermarket cars

Proven sellers in Europe and the US for 16-plus years

We offer GPS devices to both before-market and aftermarket cars. Clients in Europe and the US have trusted our in-car electronics for over 16 years, as well as buyers in the Middle East, Africa, Asia, Russia, Eastern Europe, and Central and South America. Our designers and engineers have more than 16 years of experience in car audio product development, and we are able to develop an average of 20 items every year to keep up with changing trends. All of our devices are for export and carry e-Mark logos.

Our products include in-car navigation systems, in-car audio players that feature built-in Bluetooth® transceivers, flash memory and connectors for Apple's iPods. For an experienced partner who can help launch your products in major markets, contact us today.

In-car GPS navigation system (GI-690G)
