

20 years of expertise trusted by big brands

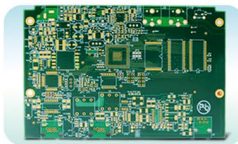

PCB Assembly

Benefit from our 20-plus years of OEM/EMS experience. We provide total turnkey solutions for PCBA's, as well as lines of cable assemblies and Ethernet cards that are sourced by firms such as HP and Epson. From our 6,000m² ISO 9001:2000-certified factory in Taiwan, we turn out up to 50,000 RoHS-marked pieces monthly, utilizing 7 high-speed SMT lines from Hitachi and Yamaha. Plus, our English-speaking project managers can facilitate communication between you and our engineers to ensure your specific requirements are followed to the letter. We accept OEM/EMS orders starting at 500 pieces. Call us today.
