

You can start with just 1,000 units if you like

After passing difficult audits with flying colors, we earned the business of many buyers in Japan – and we want your business, too. Our enterprise covers 8,354m², including more than 4,000m² of factory space, and comprises three subsidiaries. We employ various techniques such as denim washing, which our partner factories use eco-friendly materials to perform. Our monthly capacity is 40,000 garments, and orders start at 1,000 units.
