PE tarps,  
ready for your  
customization

## **Tarps made from virgin materials, sourced by retailers worldwide**

Our PE tarps are made with imported virgin materials to withstand the harshest environments. We specialize in making flat yarn and leno split-yarn tarps, as well as providing tarps with double-side lamination. Different colors and sizes are available. And our fabrics come in widths of up to six meters, as well as weights ranging from 60 to 300gsm. Such offerings are why B&Q, Auchan, Carrefour and Lowe's source from us. Our trade representatives can offer you further design suggestions and customization options to help you cater to your market. Inquire today.
