

Customized integral warehouse racks for buildings

Pallet racks,
easy to access

We offer integral shelving in custom sizes. All you have to do is give us the measurement of the warehouse that you are going to outfit. Thanks to our powder-coating system – the most advanced, but rarely used, in the industry – you'll benefit from color consistency. This equipment can powder coat a maximum of 9 meters of shelves and racks in one pass. Our more than 10 engineers can finish your OEM/ODM samples in 7 to 15 days. E-mail us today.
