

Warner Bros. and Walmart source our items

5,200mAh power banks

- Lithium battery core
- 5.0V/1A output
- USB 2.0 port
- Weight: 114g
- Made using the latest piano paint and laser engraving technology

Send us your custom specifications, and we'll have a sample prepared for you within three working days. We'll also upload non-detectable files, create built-in password protection and install read/write protection in our waterproof and heat-resistant USB flash drives, which also boast AutoRun features. Well-known buyers such as Warner Bros. and Walmart source from us because we have nine years of experience in producing quality power banks, USB flash drives, laser pointers and card readers. And we boast a 0.003 percent return rate for our CE-, FCC- and RoHS-marked items. Inquire now.

Waterproof wristwatch and USB flash drive with LED display, shows time, date and storage capacity
