

Offering SMD terminal blocks for various LED applications

SMD terminal blocks (ETBL40 Series)

- 9A (max.)
- 320V AC (max.)
- 18-24 AWG wire range
- 0.2-0.75mm² conductor size
- 4mm pitch
- 1-3 poles
- 3.8mm height

To ensure quality control, we design and manufacture every component in-house at our ISO 9001:2008- and ISO 14001:2004-certified factories in Taiwan and mainland China. Using these facilities, we can customize our products to fit your OEM/ODM specifications. Our multifunction US branch with a logistics warehouse provides prompt and flexible services to our clients from North America.

Our featured products have an easy handling feature making them ideal for use in the fields of LED lighting and industrial electronics. What's more, our ETBL40-series SMD terminal blocks feature low inserting force cage clamp, wire-release pushbutton and compact screwless design for time-saving assembly. To know more about our products, contact us today.
