

Over 20 years of experience designing quality cookware and flatware

Stainless steel cookware sets

Since 1992, we have been designing and manufacturing cookware and flatware exclusively for foreign markets. Sixty percent of our goods are exported to the US and the EU, with the remainder shipped to countries in Asia and Latin America. We own a 20,000m² factory with a monthly production capacity of forty 40-foot containers. Our products include pots, pans, egg poachers, colanders, storage containers, mixing bowls and much more. We also warmly welcome all your ODM/OEM order requests.
