Certification Manager

The information of the certificate can be checked through <http://www.kextest.com>. The Sample was tested to conform to the applicable Canadian Rules and Regulations. The method of testing was in accordance to the most accurate measurement standards possible, and that all necessary steps have been enforced to assure that all production units of the same equipment will continue to comply with the Industry Canada's requirements. Certificate holder must notify all changes to the original certification laboratory of KEX.
