FUZHAN ELECTRONIC TECHNOLOGY Co., Ltd

The leader in custom metal & plastic industry parts

ABOUT US

Dongguan Fuzhan Electronic Co., Ltd was founded in 2000. We are a manufacturer of sheet metal fabricaption/precision stamping products/ precision CNC parts/auto lathes parts for more than 20 years with well-equipped testing facilities and a strong technical force. With a wide range, good quality, reasonable price and stylish design, our products are extensively used in the electronics industry/IT industry/automotive industry/household appliance products and others. We welcome customers from all walks of life to contact us for future business relationships and mutual success !

The leader in Sheet metal parts industry

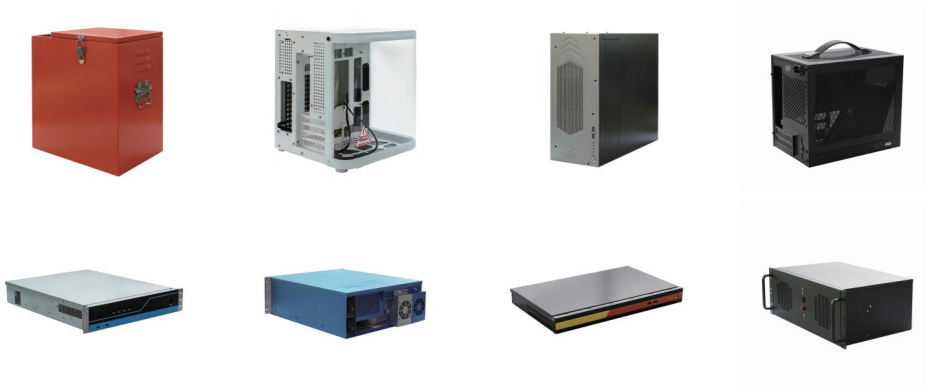

ISO 9001 QUALITY SYSTEM

Dongguan Fuzhan Electronic Co., Ltd is ISO 9001-2015 accredited. Therefore, we fully adhere to the quality system. No corners are cut due to our aim of providing the customer with a quality product. Finally, we use the latest technology in measuring equipment allowing us to operate thorough checks on all precision metal parts.

MEASUREMENT SYSTEM

A significant investment has been made in the latest technology measurement system. This advanced equipment allows component dimensions to be measured to within 0.03 microns. With the addition of a light probe we are also able to check internal features. Wall thicknesses can be also measured with the light probe.
Inspection reports are generated within seconds and the machine automatically calculates cpk and stores to the HDD. With this capability, the measurement system gives immediate feedback on any trend or variation in dimensions. Checking of up to 99 dimensions is possible in a matter of seconds with the click of a button.

PPAP (Production Part Approval Process)

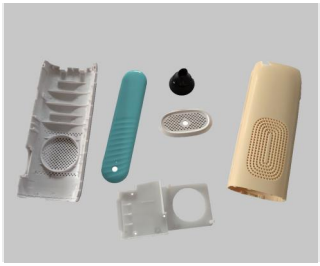

Our company offers PPAP to every part according to customer's requirement. Engineer on ready for any question you may have, quality inspection from production to delivery, we dedicate to best customer service for over 20 years!

TRACEABILITY

Our company operate PSL Data-track production control software which provides traceability from start to finish.

OUR BEST SERVICES

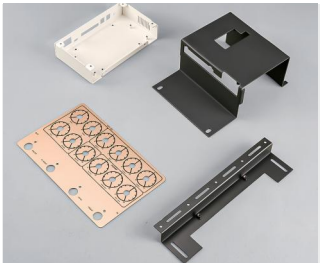

We are a professional metal manufacturing company, we have a very broad range of capabilities and every process has been well progressed and improved in the 20+ years of development.

Plastic injection

Various materials are all available, applicable to different shape&structure

ABS, PP, PC, HDPE, PS
nylon, resin, PS, PA, PET, etc

Sheet metal fabrication

Laser cutting, punching, piercing, chamfering, tapping, bending, riveting, welding

Maximum length: 3000mm
Thickness range: 0.5mm-25mm

CNC machining

CNC milling, CNC turning

Maximum size: 1500*3000mm
Tolerance down to 0.020mm

Metal stamping

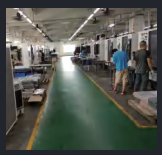

Stamping, deep drawing, rolling, riveting, punching, forming

Maximum size: 600*3000mm
Thickness range: 0.5mm-5mm

Our certificates

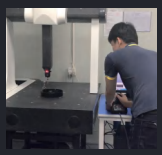

Our factory

We are a metal parts manufacturer with professional facilities and equipment, every process has been well improved and every staff has been well trained in the past 20 years.

COOPERATED PARTNER

ABB SIEMENS Panasonic

hp STATE GRID BYD

Customer reviews

SIEMENS

"I have always been satisfied with Fuzhan's ability to provide exactly what we needed. We've received parts that were exactly as ordered, with holes in the right places, and the right finish."

—— Simon G., Senior Engineer

Panasonic

"It's easy and professional with Fuzhan. Fulfilment will nicely handled by them, so I don't need to handle suppliers or juggle orders. After we submitted the quote, they take care of the rest."

—— Steve, Engineer

hp

"In all of our communications, I was really impressed by Fuzhan's responsiveness and forthcomingness. Their services and price are unbeatable."

—— Lanvin Grisson, Senior Engineer

OUR ORDERING PROCESS

Every process goes with every hearted effort.

1. Receive your enquiry

Submit your design files and requirement via the online form

2. Discuss and confirm

Our pre-sales team will make sure every discussion goes effectively

3. Production

We provide the best solutions for your order, the production begins smoothly

4. Quality control

We take full responsibility to the manufacturing of your parts

5. Dispatch

About our company

Dongguan Fuzhan Electronic Co., Ltd was founded in 2000. We are a manufacturer of sheet metal fabrication/precision stamping products/precision CNC parts/auto lathes parts for more than 20 years with well-equipped testing facilities and a strong technical force.

"

Producing lever for Archimedes, we lift the world;
Providing chisel to Michelangelo, we open an era.
Sheet metal fabrication, we are expert;
CNC machining processing, we are pro.
Be with us, pursuit future together.
