

State-of-the-art exercise equipment from a 22-year OEM/ODM

SD-2019B
Vibration machine with made-in-Taiwan
motor and 7" TFT-LCD touch panel

SPK-21
Exercise bike with adjustable
saddle bar and handlebars

We are a Taiwan-based manufacturer with 22 years of experience making cutting-edge exercise equipment. Our latest product is a vibration exercise machine that's ergonomically designed to help users increase circulation and improve strength. It's just one example of our wide range of equipment, which also includes rowing, exercise bikes and more.

All of our products come with international certification marks – such as CE, FCC and UL – for easy entry your market. We'll respond to your OEM/ODM inquires within 24 hours, so e-mail us today..
