GES Orient Global's advanced warehouse management system and logistics tracking technology ensures that customers' goods are delivered safely and accurately.

Chain Management

GES Orient Global provides comprehensive supply chain management services to optimize supply chain processes, reduce costs and improve efficiency through advanced supply chain management systems and technologies.

Cross-border logistics, choose GES

DOMINANT LINE

Maston sea+truck/express

Combined with Maston's regular CLX and CLX+, the shipments are delivered in Shenzhen, Xiamen, Ningbo, and Shanghai, with the fastest delivery time of about 12 days to some of the U.S. West warehouses.

Full container direct to USA Amazon

With sufficient cargo volume to build a line to Amazon warehouse and other overseas warehouses, you can realize the goods 0 loss, more secure. Especially suitable for the transportation of expensive goods. This product radiates most of the Amazon.com red warehouses such as ONT8, LAX9, FTW1, SMF3, OAK 3, MDW2, CLT2, IND9, ABE8, AVP1 and so on.

USA normal sea COSCO

Yantian/Xiamen/Ningbo/Shanghai/Qingdao/Guangzhou/Zhongshan, etc. LCL shipments can be delivered to some warehouses in 14 working days at the earliest, with obvious price advantages.

CA direct sea

Canada to Vancouver, Toronto as the center for consolidation and de-consolidation, the U.S. routes to Canada for the whole year, the inspection rate is 0, and the volume of goods is stable.

Transportation of special products

Batteries, medical supplies, toys, and baby products are shipped to customers by means of compliance certification, which makes us safer and more compliant than the underreporting in the market.

Direct route to Japan

Japan reverse customs clearance, the next day after the arrival of the port can be released. We do not carry out any secret operation with low declaration, and the Japanese operation team is professional and meticulous to make the goods arrive safely.

USA AIR DDP

Domestic package board to the United States LAX, ORD, JFK airport, 3-5 flights per week, independent customs clearance and delivery, can provide safe and fast channel services.

Europe PVA services

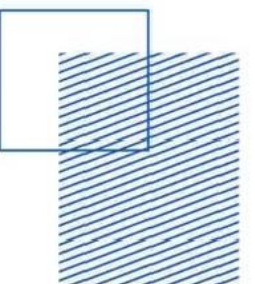

We clear the customs in Belgium or Holland, and then send to other EU countries, no need to pay VAT first, only pay DUTY, to relieve the pressure of customer's cash flow, excellent time, stable freight.

AU shipping

OA fast ship, weekly open container to ensure that the time to go BWU2/MEL5/MEL1, direct delivery of the fastest 13 working days from the start of the ship to the delivery of traditional bulk cargo LCL, full container by FOB, CIF operation.

UK PVA shipping

Self-operated branch in the United Kingdom, compliant operation, PVA customs clearance, customs clearance does not pay import VAT, only pay DUTY
