COMPANY PROFILE

公司简介

>>

创新 专业 高效
助客户决胜美好未来

Innovative, Professional, Efficient –
Empower Customers to Win the beautiful Future

Power sky Import & Export Co., Ltd. has been deeply involved in the heavy machinery industry for over 30 years.

It is a modern enterprise integrating high-precision crankshaft R&D and manufacturing with global trade services. As a family-owned business and an industry benchmark factory, it has built its quality foundation on micron-level precision control.

Leveraging its family-owned manufacturing advantages and a robust supply chain system, power sky provides comprehensive trade services across the entire heavy machinery industry chain, including core heavy machinery components such as engine assemblies, complete sets of equipment, technology export, and raw material import and export. Its business covers over 100 countries and regions in Asia, Europe, North America, South America, Oceania, and Africa.

Its professional trading team is well-versed in international market rules and has served renowned companies such as Caterpillar, Komatsu, Volvo, Hitachi, MTU, HYUNDAI, PERKINS, TEREX, WEICHAI, Zoom lion, Liu Gong Machinery, CCEC and DCEC, providing one-stop services including demand matching, solution design, logistics and distribution, and after-sales support.

Power sky adheres to the philosophy of "manufacturing as the foundation and trade as the enabler," integrating the craftsmanship of crankshaft manufacturing into every aspect of its trade services.

In the future, it will continue to deepen technological innovation and service upgrades, striving to be both a leading manufacturer in its niche market and a trusted trading partner for global customers, working with colleagues from all sectors to build a new ecosystem for high-quality development in the heavy machinery industry.
