PART

Our History

WINSAFE Technology Co.,LTD

WINSAFE is a leading developer and manufacturer devoted to PTZ video cameras and camera accessories, which more than 15 years of industrial experience. Now we have three branches, one is our Hangzhou Factory for ptz video cameras producing , one is our Shenzhen ptz accessories produce, the other is our Shenzhen office. All of our product with CE, FCC certification.

2010

- WINSAFE founded in Hongkong, and opened the office in Shenzhen China.

2011

- We started to work with our Hangzhou factory together.
- WS-AT series motion detection based auto tracking security PTZ camera
- We OEM for many global giant players.

2012

- WS-VS series outdoor ruggedized PTZ camera especially for marine, vehicle surveillance, mobile video surveillance and etc.
- The first version WS-SC/HC series SD/HD PTZ Video Camera for video conferencing are release
- We start to study the lecture tracking cameras which don't need any software to work with that.
The first sample release.

2013

- 2nd generation WS-LT series dual-lens lecturer tracking cameras that can lock and track lecture smoothly.
- We sell many to Thailand market, awarded by Thailand MOE(ministry of education).
- Our PATC series dual payload thermal imaging ptz camera release
- PAC IR/White Light Rugged PTZ Camera are release, which with high holding torque gears to ensure stable PTZ performance even in very robust working environment.

2014

- 3rd generation LTC series dual lens lecturer tracking camera, with both face and motion detection technology to precisely lock and track lecturer, it is a standalone tracking system, there is no need to have extra sensors/device, more smart tracking features(tilt motion tracking, auto zoom tracking, no tracking at minor movements, etc) have been implemented.
- MIT(Massachusetts Institute of Technology) uses this model in most of their lecture capture rooms.
- We start to study the student locating camera that can precisely locate student(s) who stand(s) up, if student(s) sit(s) down, camera moves back to pre-defined position

2016

- All products are have IP capability, using H.264/H.265, all ONVIF, RTSP and RTMP compliant.
- AC3 series Rugged PTZ Camera released, it be used on some of robots.
- PATC-F maritime Thermal PTZ Camera with radar & video tracking are released, MKB-01 with IP67 Maritime PTZ Controller ODM for our PATC-F and PATC-D.

2017

- All interface IP PTZ Video Camera release, contain AMC-E200, AMC-E220 Series and UHV-20X-IPS, UHV-12X-IP-S etc.
- USB2.0 & 3.0 10X/12X PTZ Video Camera release on market
- Our PATC-Z camera are used on the South Africa Police Car

2018

- We release 4K 35X/12X IP PTZ Camera, UHV-500/400H & AMC-H1202 Series
- The first NDI|HX camera are release, UHV-20X-IP-S(NDI), UHV-12X-IP-S(NDI)
- We promote the Dual lens and one Lens Speaker Tracking PTZ Camera/AMC-G200T/AMC-G200TH
- We upgraded our Lecturer Tracking Camera to LTC2 Series.

2019

- We promote Full NDI PTZ Camera
- 4K60FPS Camera are release on the market
- 4K Eptz camera and video conference group are release
- All PTZ Video product are go to 4K, AI Tracking, Autoframing ect.

2020

- We will plan to relase 1" inch 4K 60fps PTZ Camera
- 4K AMC-G500 series product are on hot sale

PART

Our Size

- 300+ employees
- 30+ member R&D team
- 50+ sales, technical supports specialists.
- 3

- 6000 M² facility
- 4000 M² facility
- 3 sister companies in China
- 200+ distributors in China and worldwide

- Our 40+ experienced engineers in motion and face tracking technology, HD IP technology etc.
- Algorithm engineers, electric engineers, software engineers, construction engineers, graphic design engineers, testing engineers, etc.
- Most of them were graduated from well-known universities like Tsinghua Universities, Zhejiang University, etc.
- Consistently working together with Chinese named universities to keep our technology to the top level.
