# KNOW THE WILD.

**mushrooms**  
**Boletus edulis**  
Boletus edulis is an edible mushroom also known as boletus edulis belonging to the fungus family.

**Attributes: Edible**  
Fungi, Basidiomycota  
Agaricomycetes, Boletales

Boletus edulis grows in forest clearings and prefers warm and humid weather. Its fruiting bodies are thick and fleshy, firm and tender, rich in nutrients and delicious. It forms mycorrhizae with trees. It is produced in the temperate regions of the Northern Hemisphere. In China, it is mainly produced in Sichuan, Yunnan and other places, and is also produced in other forest areas.

The future of exploration is here  
Augmented intelligence for the modern adventurer

Unique enamel craftsmanship;  
Sizes #8 - #13;  
Multiple biological wear detection;  
Compatible with Android and IOS systems;  
High-precision step counting and heart rate algorithm;  
Accurate sleep algorithm;

## NMJ15

Steps, kilometers, calories, exercise data records;  
Sizes #6 - #12;  
IP68 deep Waterproof;  
Compatible with Android and IOS systems;  
Heart rate, blood oxygen, sleep monitoring;

## Your trusted smart wearable solution provider

We've done successful business with global customers from hundreds of dollars to millions of dollars Annual sales through our win-win partnership. we believe that NpuOne could help you to make a more prosperous business if there's a chance for us to establish business relationship. If you're looking for a long-term business relationship with a professional, reliable and trust-worthy company, NpuOne would be your exclusive choice. Welcome worldwide buyers to join us for win-win partnership now!

# Full-link smart wearable solution expert

## Front-end

Possessing strong independent R&D and deep flexible customization capabilities, we can meet the personalized needs of brand customers

## Mid-end

Relying on large-scale, high-efficiency, and strict quality inspection of our own factory, we ensure stable supply and excellent quality

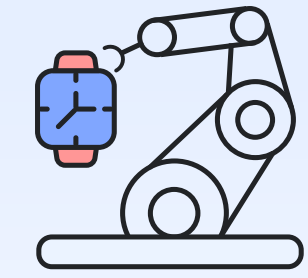

## Back-end

Products are internationally certified, with efficient logistics, multiple payment method, and a fast-responding after-sales team

## Cornerstone

14 years of industry experience, complete international certifications, digital management and market reputation constitute the solid backing of the company

# Why US

## Manufacturing

Strong comprehensive manufacturing capabilities

## R&D

Excellent R&D and deep customization capabilities

## Certification

Globally compliant customizable specs & quality.

# Advantages

## Quality

Strict quality control system

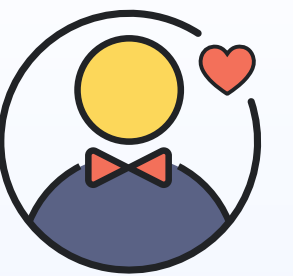

## Globalization

Global service and support

## After-sales

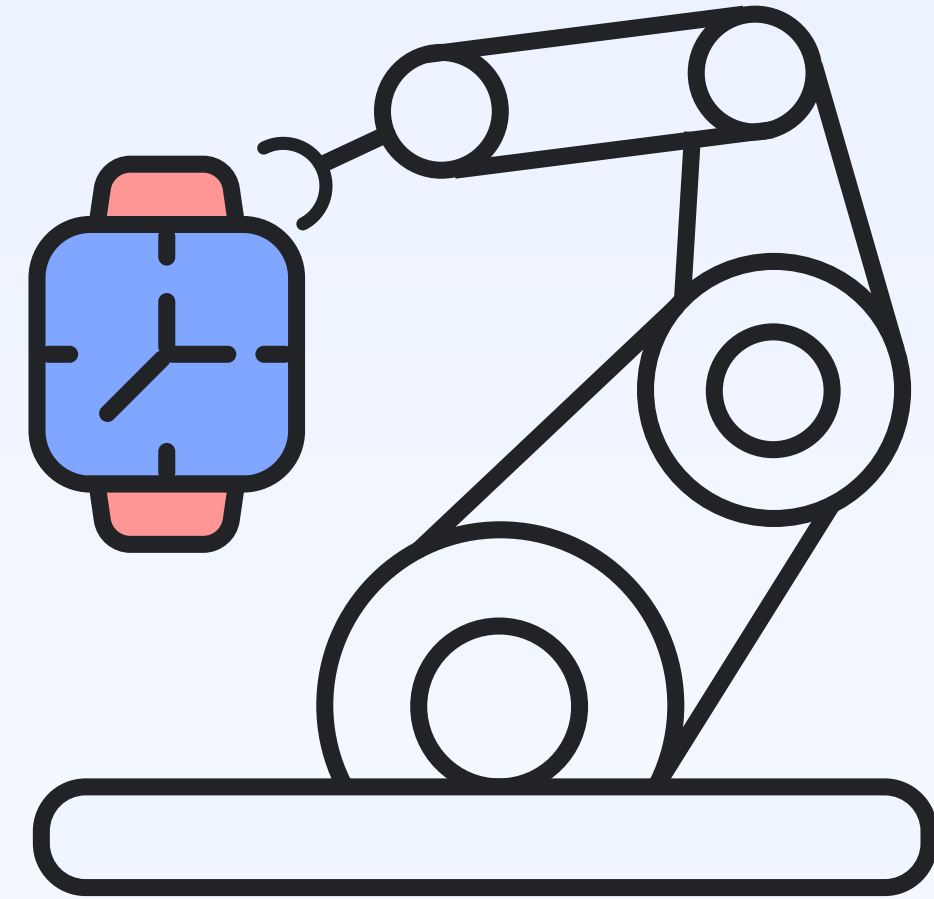

Competitive products & after-sales service

## Endorsement

Market recognition & cooperation endorsement
