

公司简介 Company Profile

广州市力可欣电子有限公司成立于2000年10月，坐落于交通便利的广州白云机场旁，公司创建之初便致力于汽车线束、汽车连接器、五金端子的定制研发及生产、销售。通过十年如一日在汽车线束行业的沉淀和积累，公司强大的研发和生产能力及完善的汽车线束、汽车连接器产品序列已为汽车电子产品所广泛应用。如：新能源汽车线束、BMS电池管理系统线束、360全景线束、车载行车记录仪线束、汽车电动尾门线束、原车屏升级线束、汽车音视频线束、HSDLVDS连接器（连接线）、汽车LED大灯线束、汽车OBD数据线束、一键启动电源线束、汽车导航线束、专车专用汽车音响线束及胎压监测、盲点监测等汽车电子产品线束。

力可欣电子严格按照国际ISO质量管理体系进行管理；有独立的实验室，完成对原材料及成品的各项技术参数的试验比对。除了对生产周期及品质适时掌控外；更有效控制成本，为客户提供最有优势的成品价格。

“用心服务，连接未来……”力可欣电子全体员工将以创新和务实的精神持续为汽车行业提供更安全、更直接的连接方式而努力。

Guangzhou Likexin Electronics Co., Ltd. was founded in October 2000, is located in Guangzhou Baiyun airport convenient transportation, the company at the beginning is committed to automotive wiring harness, automotive connector, hardware terminal customization research and development and production, sales. Through ten years of precipitation and accumulation in the automotive wiring harness industry, the company's strong R & D and production capacity and perfect automotive wiring harness, automotive connector product sequence has been widely used in automotive electronic products. Such as: New energy vehicle wiring harness, BMS battery management system wiring harness, 360 Panorama wiring harness, vehicle traffic camera wiring harness, Automotive electric tailgate wiring harness, original car screen upgrade wiring harness, Automotive audio and video wiring harness, HSDLVDS connector (HSD cable), automotive LED headlight wiring harness, automotive OBD data wiring harness, one-button start power wiring harness, automotive navigation wiring harness, power amplifier wiring harness, tire pressure monitoring, blind spot monitoring and other automotive electronic product wiring harness.

Likexin Electronics in strict accordance with the international ISO quality management system management; There is an independent laboratory to complete the test and comparison of the technical parameters of raw materials and finished products. In addition to timely control of production cycle and quality; More effective cost control, to provide customers with the most advantageous finished product price.

“Connect the future with core services……” With an innovative and pragmatic spirit, all employees of Likexin Electronics will continue to make efforts to provide safer and more direct connectivity for the automotive industry.

用芯服务·连接未来
USING OUR CORE TO ENHANCE OUR FUTURE

高温测试，纯铜制造，真芯为您提升价值！
High and low temperature tests, Pure copper fabrication,
True core add value for you!

新能源汽车线束

▼ Wiring harness for new energy vehicle

汽车一键启动线束

▼ One-button start power wiring harness

汽车导航线束

▼ Auto navigation wiring harness

汽车音响线束

▼ Auto power amplifier wiring harness

专车专用喇叭线束

▼ Loudspeaker cable

用芯服务·连接未来
USING OUR CORE TO ENHANCE OUR FUTURE

专车专用，无损安装，安全便捷，欢迎全球定制。
Special car, non-destructive installation, safe and convenient,
welcome global customization.

大巴、特种车监控线束

▼ Wiring harness for the bus and the special vehicle monitoring

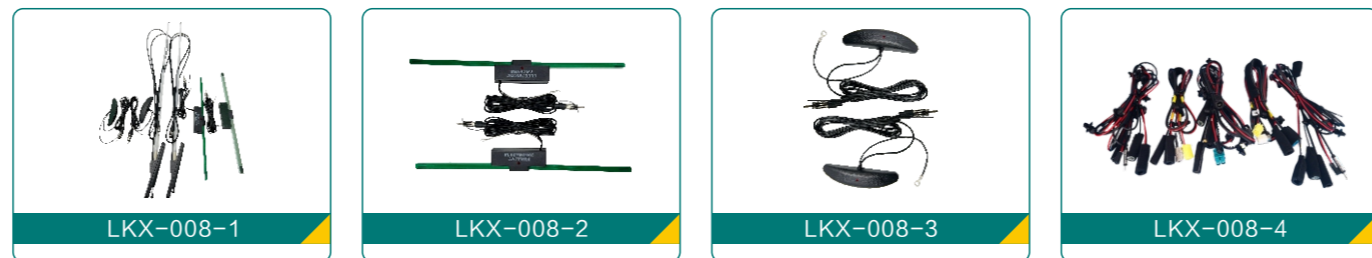

汽车360度全景记录仪线束

▼ 360 degree panoramic recorder wiring harness

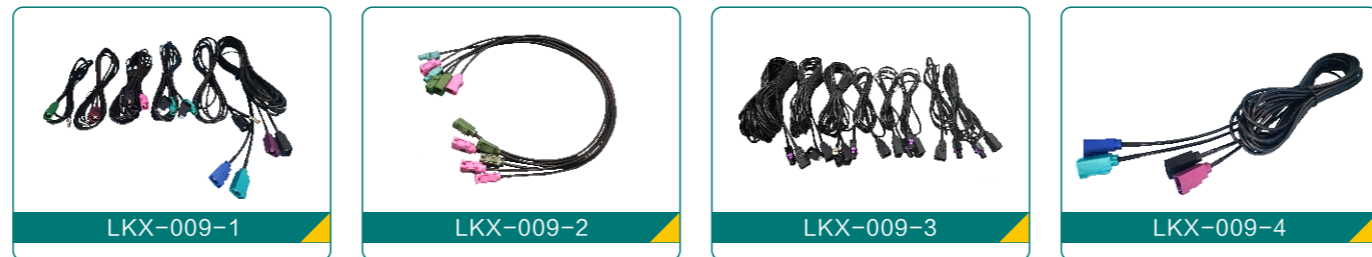

汽车天线

▼ Car antenna

FARKA连接线

▼ Fakra cable

HSDLVDS线束

▼ HSDLVDS cable

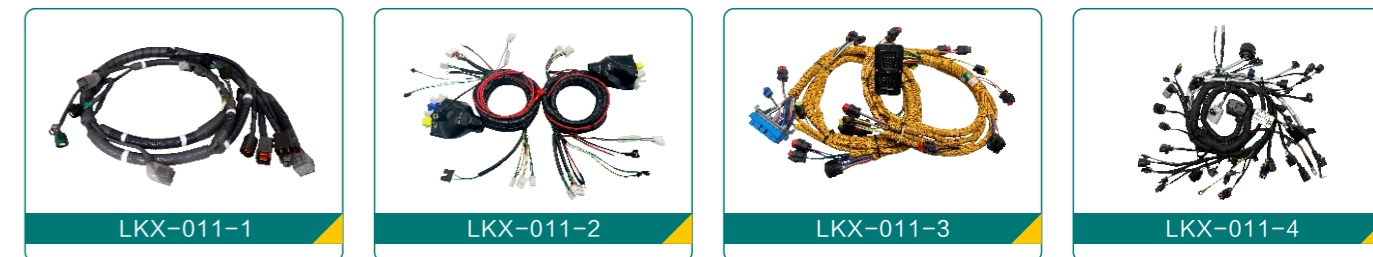

用芯服务·连接未来
USING OUR CORE TO ENHANCE OUR FUTURE

全产业链竞争，集约化生产，权威认证，彰显最优成本及品质魅力。
The whole industry chain competition, intensive production,
authoritative certification, highlight the best cost and quality charm.

汽车总成线束

▼ Automotive assembly wiring harness

氛围灯线束

▼ Atmosphere lamp wiring harness

汽车OBD线束

▼ Auto OBD wiring harness

自动车门、车窗线束

▼ Automatic door wiring harness and the car window cable

音视频线束

▼ Audio and video cable
