COMPANY PROFILE

About Us

Hengli was established in 2009 and operates as a professional OEM, ODM and OBM manufacturer specializing in hair care appliances. The company focuses on the research, development, and production of high-speed hair dryers and related products for global markets. All Hengli products are designed and manufactured in strict with international quality and safety standards. Our company has BSCI and ISO 9001 Certificate, our products have obtained FCC, UL, ETL, CE, RoHS, EMC, and LVD certifications, ensuring full compliance with regulatory requirements in North America and other international markets. From raw material sourcing to inspection, comprehensive quality control procedures are implemented throughout the entire production process to ensure consistent performance, safety, and reliability.

Our Mission

We keep an eye on the new market trends to achieve the variety of new and quality technical improvement. We believe that our products and service can satisfy our customers in the light of creativity and credibility.

Company View

- 12,000 square meters workshop.
- 5 automatic high-speed SMT lines, 2 AI production lines, 3 manual insertion lines, 4 assembly lines, and 7 U-shaped lean production lines.
- Key testing facilities are globally leading to ensure quality stability.

Fast Drying High-Speed Hair Dryers

Core Highlight: Intelligent Scalp Protection Technology

- Built-in proximity sensor for auto temperature control within 10cm, paired with an LED distance-indicating light ring, for constant 55°C care.
- Strengthens scalp barrier by 2× and reduces oiliness by 6× with long-term use.
- 40×/sec intelligent temperature control + 110,000 RPM high-speed motor + negative ions, delivers "low-temperature, high-velocity" drying to prevent thermal damage and leave hair smooth and shiny.
- Smart sensing features: attachment memory, auto-pause on placement, plus 5 professional magnetic nozzles for salon-level styling at home.
