SHENZHEN DINGLONGSHENG PLASTIC MOULD CO.,LTD
SHENZHEN BLUESOLIDS TECHNOLOGY COMPANY

Focusing On The Research And Development And Production Of Computer Peripheral Accessories

COMPANY & FACTORY

BLUESOLIDS.TECH

COMPANY PROFILE

- Company was founded in 1998, focusing on the research and development and production of computer peripheral accessories. So far, it has 22 years of experience.
- Domestic self-owned brands include keyboard and mouse products of Imper, double-key, hunting strings. Foreign markets are exported to Europe, America, South America, Southeast Asia and other regions. We are one of OEM / ODM strength manufacturers.
- Our system certification is ISO9001 quality management system certification, BSCI, SA8000, etc.
- Certification : CE, ROHS, REACH, FCC,POP, PAHS etc.

<< ABOUT FACTORY

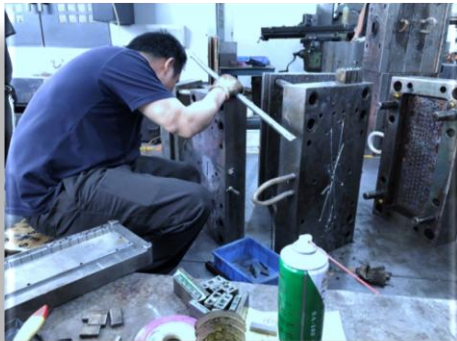

- In our workshop have about 300 , 3 sets of CNC computer gongs , 2 Sodick 360 slow walking wires , 5 spark machines , 2 sets of CNC grinders , 2 sets of 2D testing , 1 set of 3D testing , 120t injection molding machines 10 sets , 180t injection molding machines 28 sets , 250t injection molding machines 2 sets, 400-ton two-color injection molding machines 2 sets.
- Right now we have 6 production lines, more than 300 employees, The monthly production capacity of the keyboard is 300,000 and the mouse is 80,000.

Functional appearance detection

Packing and storage

Technology

- 1、 Double injection
- 2、 Laser printing
- 3、 Oil printing
- 4、 In-molding process

Nondestructive testing

- 1、 3D test of product design
- 2、 Appearance design evaluation and testing
- 3、 User test
- 4、 Product system compatibility test

Hull detection

- 1、 Environmental testing
- 2、 Drop test
- 3、 Durability test
- 4、 Voltage test
- 5、 Life test

Quantitative physicochemical testing

- 1、 IQC incoming material specification standard appraisal
- 2、 IQC 72H salt spray test of incoming materials
- 3、 IQC wear-resisting hardness measurement of incoming materials
- 4、 IQC high and low temperature test of incoming materials

Assembly and testing

- 1、 Online appearance review
- 2、 Balance quality check
- 3、 Displacement comparison inspection
- 4、 PCB three-way full inspection
- 5、 Product functional testing
- 6、 IPQC function review
- 7、 IPQC random inspection of packing
- 8、 FQC outbound inspection
- 9、 OQC factory inspection

Integrated quality management

- 1、 Requirements r&d process management
- 2、 Product outsourcing process management
- 3、 to (original) material quality management
- 4、 Quality control of manufactured products
- 5、 Factory quality control
- 6、 Customer and third party inspection
- 7、 Product transportation and distribution management
- 8、 5S production quality management
- 9、 Comprehensive plan and emergency plan

CONFIDENCE

LUESOLIDS.TECH

01

Management

Leading R&D system
Advanced production equipment
Perfect enterprise system

02

Experience

22 years mould factory
Strong product development
capability
Superb technical ability to achieve
Excellent production process capability

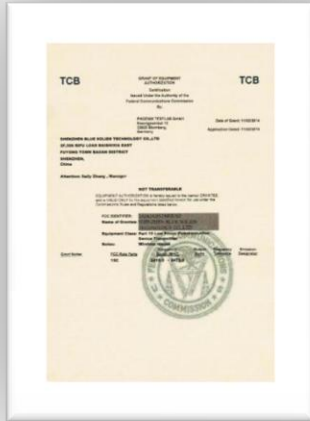

03

Testing

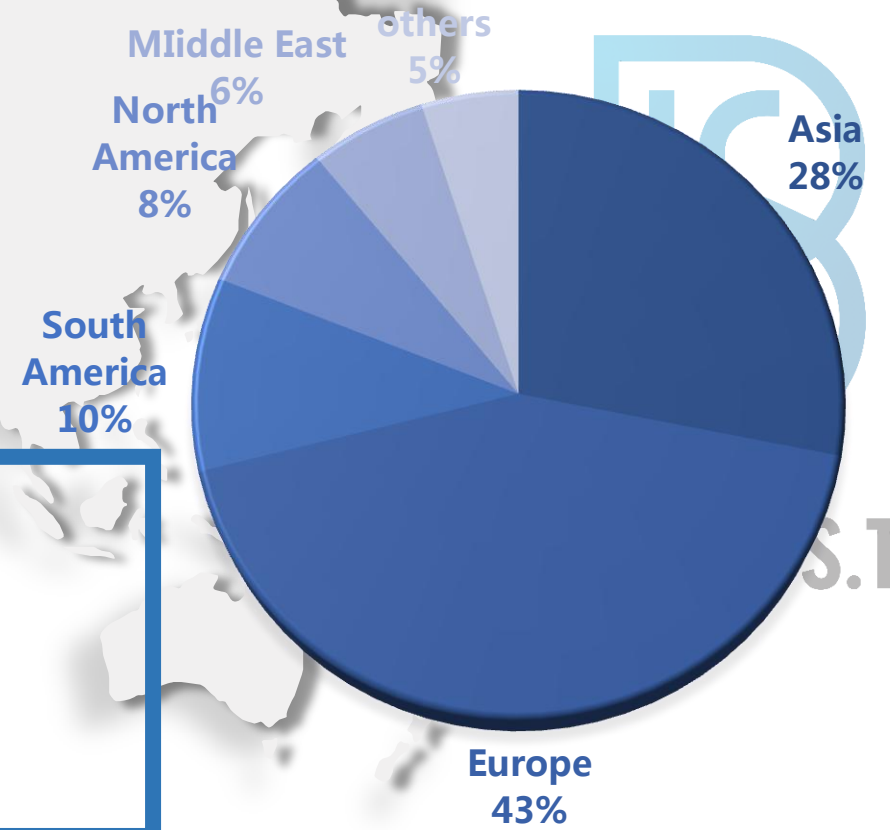

QC personnel include
IQC, IPQC, PQC, FQC, OQA, OQC, QE,
etc.
Equipped test room
Implement 35 inspection standards in
six categories
