SHENZHEN DALL DISPLAYS CO.,LTD

PROFILE

Built in 2006, Dall is one of the leading makers and global suppliers of LED TV and LED MONITOR. We own over 10 years' experience in displayer development and production. Our items sell well globally, particularly in Asia, Europe, Australia, Latin and North America, the Middle East and Africa. Last year, our sales volume reached over 8.2 million sets.

Our Main Advantages

Our headquarters and factories are in Shenzhen, the center of the Pear River Delta. Our location allows us to have the following advantages:

- Efficient logistics support

- Well developed infrastructure and transportation networks

- Competitive production costs

Monthly Capacity of 100,000 LED TV & 150,000 LED MONITOR

We have two ISO 9001:2000-certified factories covering 160,000 square meters in total, equipped with advanced machines, such as automatic insertion machines, reflow ovens, injection machines, signal generators and automatic white balance machines. With such resources, we turn out 150,000pcs LED TVs and 150,000pcs LED MONITOR monthly.

Committed to Low Production Cost

We also have five assembly lines for TVs, and 6 production lines for chassis and accessories. Due to the rapid increase in our market share and production capacity, we have the advantages of the economy of scale, bulk purchasing and work specialization. Thus, our production cost is lower than our competitors.

Our Reliable and Skillful Workers

We have over 800 dedicated staff, wherein 10% of them are engaged in cabinet and chassis designing, R&D, technical support, QC, QA and various managerial roles. Employees are our asset; they are well-trained, diligent and innovative. Cooperate with Us Today

Our goods have CE, CB and CCC marks, and are subjected to strict quality checks based on clients' requests. We are committed to providing high-quality goods and quick deliveries.
