Sustainable by Nature.
Quality by Choice.

About Leafyest

Sustainable Wooden Tableware Manufacturer from China

Leafyest is a professional manufacturer of eco-friendly wooden and bamboo tableware, dedicated to creating sustainable alternatives to single-use plastics. Founded with a mission to protect the planet, Leafyest combines modern production technology with natural materials, offering a full range of biodegradable and compostable products — including wooden spoons, forks, knives, cups, plates, and baking boxes.

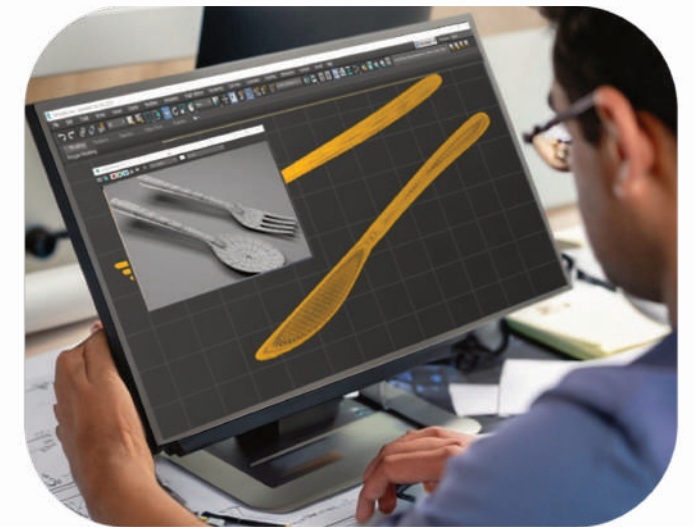

Leafyest belongs to Hailin Yufengyuan Environmental Protection Technology Co., Ltd., located in Mudanjiang City, Heilongjiang Province, China. The factory covers an area of over 10,000 square meters and has more than 200 employees, including departments for research and development, production, quality control, sales, and logistics.

Technical team

Research and Development Team

We have gathered technical talents in industrial design, product design, mechanical engineers, etc. to research and develop new disposable environmentally friendly tableware

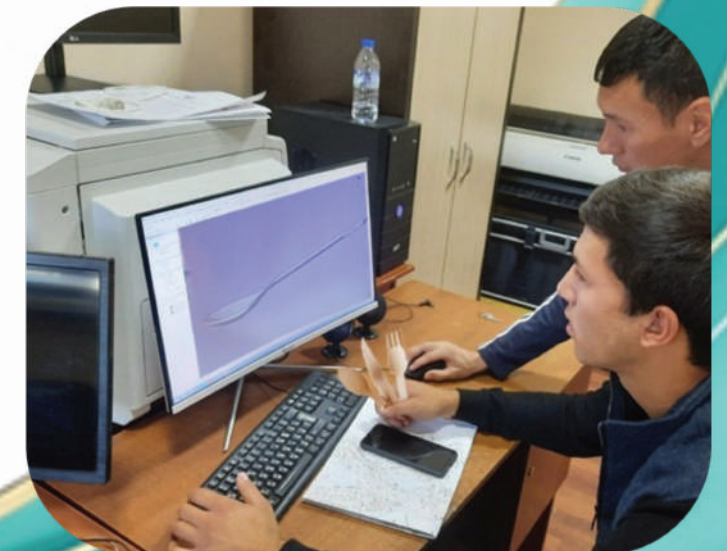

Production Team

Leafyest has a professional production team of more than 300 people, responsible for operating more than 100 professional equipment to ensure the smooth production of products.

Quality Control Team

Leafyest's quality inspection team is the core force to ensure that the factory's production system and products meet various certification standards.

Company Certifications & Product Compliance

At Leafyest, quality and sustainability are at the heart of everything we do. Our factory strictly follows international standards to ensure that every piece of wooden and bamboo tableware meets global environmental and safety requirements.

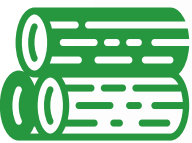

We are proud to be certified by the following authorities:

- FSC (Forest Stewardship Council) — Ensures our wood materials come from responsibly managed forests.
- BSCI (Business Social Compliance Initiative) — Guarantees ethical and fair labor practices throughout our production.
- BRC (British Retail Consortium) — Demonstrates our commitment to global food safety and packaging standards.
- SGS Testing Reports — Verifies that our products are free from harmful substances and safe for direct food contact.

Each certification represents our ongoing dedication to eco-friendly manufacturing, worker welfare, and global compliance, allowing Leafyest to provide reliable, sustainable solutions trusted by partners worldwide.

Our Mission & Values

Leafyest believe that environmental protection should not just be an action but also a sentiment. Thus, Leafyest is dedicated to crafting eco-friendly disposable tableware, allowing everyone to feel the care and compassion for the Earth during their meals.

We have chosen biodegradable materials, hoping that each piece of tableware can return to the earth after use, becoming part of nature rather than burdening the environment.
