公司简介  
COMPANY PROFILE

Gold Cable is a factory established in 2004 in Zhongshan City, it is a medium cooperation with its own export authority, and exports 100% of its goods itself.

It covers 8000 square meters, with the products category among all kinds of cables( Such as: HDMI&DVI cable, Audio cable, Video cable, VGA cable, Scart cable, USB cable, Lan cable etc.)

With more than 200 employees & 8 production lines, its monthly capacity is about 700,000pcs of cable, and annual capacity is about 8,400,000pcs of cable. It can meet big and small orders from the customers.

Its main markets are among: Europe, America, Africa, Asia & Middle East.

Under the international management of ISO9000:2008, it seeks all of the raw material with ROHS or UL compliance. And it enjoys high reputation from the customers. OEM&ODM are welcome.

The biggest advantages of they are: Competitive Price, High Quality, Fast Delivery and Good After-Sales Service.

Mutual understanding and benefit is its trading principle. If you are interested in its products, please feel free to visit: [www.goldcablezs.com](http://www.goldcablezs.com), and welcome to contact at any time.

It will assure you with good business relationship and best cooperation.

## HDMI Cable Series

\*This HDMI 1.4v is suitable for use in HDTV, Home Theater, DVD player, projector, PS3, Xbox360 and other HDMI devices

Supports 3D, Ethernet, Audio Return Channel and 4K x 2K 2160P video

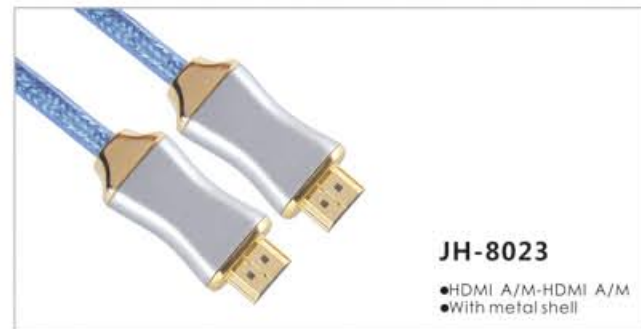

\*24K gold-plated connector resists corrosion and ensures an optimum connection for maximum signal transfer

\*High pure Oxygen Free Copper conductor for maximum conductivity and reliability

\*High density triple shielding for maximum rejection of EMI and RFI

\*Compatible with multiple audio formats from stereo to multi-channel sound.

\*Transfers Digital Audio & Video signals at warp speed of 10.2 Gigabytes per second

- PVC Molding

## CAT5E/CAT6E LAN Cable

Is used in network applications and has been designed specifically for Gigabit Ethernet LAN devices such as Gigabit ADAPTERS, Switched, Routers, Cable/DSL Modems, and LAN Patch Panels

RJ45 CAT6E CABLE

Category 6E, 500 MHZ Molded Patch cable

Supports Gigabit Ethernet 10/100/1000BASE-TX

24AWG Wire, 4Pairs, Tinned Copper conductors  
CAT5E Cable conductors

is used in network applications and designed for computer ethernet PHYs, smart TV's, Xbox/XBox360, PS2/PS3, routers, modems, switches, hubs, and LAN Patch Panels

**JX-7022**

- RJ45 Male to Male
- Flat retractable Lan cable

**JX-7000**

- RJ45 Male to Male
- PVC over molding

### MHL Cable

The MHL (Mobile High-Definition Link) is a new mobile audio/video interface standard for directly connecting mobile phones and other portable consumer electronics(CE) Devices to high-difinition televisions(HDTVs),displays and projector.

Features:

\*Micro USB to HDMI cable for connecting to a smartphone, tablet or other MHL enabled device directly to an HDTV

\*Watch videos, view pictures or listen to your music on a TV or home theater system

\*Up to 1080p HD video at 60 frames per second ,192MHz 7.1 surround sound

\*Supports all Audio/Video format

### Audio Optical Fiber Cable

Provides superior accuracy for signal transfer of digital information from one component to another and offer better definition and clarify, they're specially designed for digital signal data transfer.

Ideal for MD,DVD,CD, and PC sound cards

Toslink Digital Audio Cable provides you the clearest possible signal, even at extreme volume levels

Low-loss core, low-jitter synthetic fiber giving you the ultimate listening experience.

Optical cables transfer the signal using light, thus completely eliminating any chance from RFI, EMI or Ground loop interface

**Audio Optical Fiber Cable**

Provides superior accuracy for signal transfer of digital information from one component to another and offer better definition and clarity, they're specially designed for digital signal data transfer.

Ideal for MD,DVD,CD, and PC sound cards
