01-Inateck Overview

Establisher

Maik

Cui Chun

Founder and CEO

Master of Computer Science, majoring in Language Processing and Information Retrieval.

University of Leipzig, Germany, founded F&M during his stay in Germany.

In 2012, he returned to China and founded Richeng Technology Co., Ltd. to start a new chapter of cross-border e-commerce trade for domestic export overseas.

Development

Over 13 Years History

Starting in Germany in 2012, Inateck specializes in enhancing digital life through the production of 3C digital peripherals.

50 million+

Product Catalog

Our product portfolio includes:

- **Barcode scanners**
- **Tablet keyboards**
- **Computer accessories**
- **Laptop bags**
- **Backpack**

All built with quality and performance in mind, to enhance your digital life.

Advanced Factory

➢ Dust Free Environment

A dust-free environment creates a clean and controlled workspace, ensuring product quality and maintaining employee health.

➢ Lean & 7S Management

Lean and 7S management principles optimize processes by eliminating waste, enhancing organization, and fostering a culture of continuous improvement.

B2B Exhibtions

➢ 2024 IFA Germany

At IFA 2024, Inateck showcased its **AI-powered Bluetooth keyboards** and the world’ s first **AI barcode scanner,**

Which offering real-time translation, smart dialogue, and customizable settings for enhanced productivity and a personalized user experience.

➢ 2024 HKTDC Hong Kong

In 2024, Inateck joined the HKTDC Hong Kong Electronics Fair to expand **internationally** and showcase our innovative products.

➢ 2024 GS CES Indonesia

Inateck participated in GS CES Indonesia to expand into the **Southeast Asian market** and showcase our innovative products.

Cooperation

Inateck proudly serves a wide array of B2B clients, including prestigious universities, renowned government agencies like the FBI and NASA, and industry leaders such as Coca-Cola and Siemens.

Inateck Scanner SDK

Inateck Scanner SDK

Integrate for Every Need

Tailored Solutions & Seamless Integration

Robust R&D capabilities and SDK for barcode scaanners.

Integrate with your system, and customize functions effortlessly!

inateck

SDK

An SDK Integration for Every OS

No matter you are developing data capture apps for Windows, Android, iOS or Linux devices, no matter it's under React Native, Ionic React, or any other development environment, we have or will soon have a robust SDK for today's most popular operating systems.

Quick Configuration of Inateck Scanner

Conveniently configure some functions you need anytime, anywhere. You can easily control the readable barcode types, scanning volume, vibration intensity, illuminative and navigation light, etc. It will help you largely improve your efficiency.

Easy to Use

Accelerate scanner programming with minimal effort by using our SDKs. Our SDKs include drivers, APIs, demos with source code, and a developer's guide. You can quickly start up your scanner programming, enabling you to focus on creating exceptional applications.

03-Our Products

inateck

Barcode Scanner

Barcode Scanner Milestone

- **2013**
Launched the first barcode scanner, BCST-10, which became **Amazon's #1 in barcode scanners** due to its durability and long battery life.

- **2015**
Initiated the P-series design, with the first model featuring TPU material, dual-color injection molding, and **6-side drop protection**.

- **2016**
Achieved a breakthrough in **laser module energy-saving technology**, significantly improving battery life.

- **2017:**
Released the P6 handheld scanner, combining **durability, efficient recognition, and advanced energy-saving** features, widely used in warehouses and manufacturing.

inateck

Barcode Scanner Milestone

- **2019**
Introduced the P7 scanner, supporting screen barcode scanning to meet the rise of **smart terminal payments**.

- **2020**
Launched several CMOS sensor scanners for use in **medical, industrial,** and security fields, enhancing scanning accuracy and efficiency.

- **2023**
Released the BCST-91 with a 1MP sensor for long-range scanning, **Pro 8 with an advanced touchscreen**.

- **2024**
Launched the **AI-powered mobile app** for easier scanner setup; introduced the **IP67 BCST-75 for industrial** environments; upcoming launch of the world's smallest Bluetooth scanner.

Smart Base, Longer Battery Life

1D Barcode | 2D Barcode | Bluetooth | Wireless Adapter

Features

- Dual Scanning Technologies: Equipped with CMOS and CCD sensors for enhanced accuracy.
- User-Friendly Design: Intuitive touch screen for easy operation.
- Intelligent Charging Base: Ensures long battery life and easy recharg-ing.

Applicable Occasions

- Manufactory
- Warehouse
- Supermarket

Parameters

Model Numbert	Pro 8
Barcode Typet	1D & 2D t
Scanning Mode	CMOS+CCD
Decode Angles	Roll 360°Pitch 60°Yaw 60°
Decode Rate	220 times/s
Battery	2600mAh
Transmission Distance	100m (2.4G)

inateck

Hyper Ultra

BCST-75

IP67 Waterproof and Dustproof Grade

Excellent drop resistance and shock resistance performance

Anti-slip and lanyard hole design

Screen Scanning Support

Features

- The BCST-75 is a brand-new, rugged barcode scanner featuring IP67 waterproof and dustproof rating, designed to withstand harsh environments. Its unique construction provides superior drop resistance, making it a reliable tool in demanding conditions.

Parameters

Model Number	BCST-75
Barcode Type	1D & 2D
Scanning Mode	CMOS
Decode Angles	Roll 360°Pitch 55°Yaw 55°
Battery	2600mAh
Transmission Distance	100m (2.4G)
Drop Test	1.8m

1D Barcode 2D Barcode Bluetooth Wireless Adapter

Applicable Occasions

- Logistics
- Large Warehouse
- Manufactoring Industry
- Inventory Management

Hyper Pro

P7

Screen Scanning Supported | 270,000 Barcodes Memory

400m Ultra Long Distance Transmission | Vibration Alert

Features

- Inateck latest flagship barcode scanner supports 400m ultra long distance transmission and is equipped with 32gb super large memory, which has proved excellent in performance for large warehouses.
- Capable of reading various 1D and on-screen barcodes; Using Japanese Toshiba imaging module, German osram lighting and UK arm CPU, the recognition speed gets 30% faster and the performance improves.
- Supports 3 connection ways: Bluetooth, wireless adapter and USB cable, applicable to various devices.

Parameters

Model Number	Inateck P7
Indication	Buzzer, LED indicator
Battery Capacity	2600mAh
Decode Rate	220 times/s
Scan Area	4-50cm
Scan Angle Turning	Roll 30°, Pitch 75°, Yaw 80°
433MHz Characteristics	433.05-434.79MHz
433MHz Transmission	≥400m
Bluetooth Characteristics	Bluetooth 3.0
Bluetooth Transmission	≥40m

1D Barcode | Bluetooth | Wireless Adapter

Applicable Occasions

- Inventory Management – Large Warehouse
- Hypermarket
- Transportation and Service Industry

inateck

Hyper Nano

BCST-42

Support multiple connection modes (Bluetooth, wireless 2.4G, USB)

Ultra-light and portable

Support multiple shortcut keys

1D Barcode 2D Barcode Bluetooth Wireless Adapter

Features

- Bluetooth 5.0 portable 1D&2D barcode scanner.
- Can read color barcodes, inverted barcodes and GS1 barcodes.
- Support multi-functional shortcut keys.

Parameters

Model Number	BCST-42
Material	PC+TPU
Voltage	DC 5V
Battery Capacity	1200mAh
Barcode Supported	Code 128, EAN-13, EAN-8, UPC-A, UPCE, Code39, Code 93, Codabar, Interleaved 2 of 5, Standard 2 of 5, Industrial 2 of 5, Matrix 2 of 5, IATA 2 of 5, MSI, Code 11, ISBN, ISSN QRCode, PDF-417, Aztec Code, Data Matrix, GS1 128, GS1 DataBar, GS1 DataBar Expanded, GS1 DataBar Limited, GS1 DataBar Composite
Resolution	5 mil
Scan Method	Auto/Manual
Lowest Contrast	20%
Decoding Angle	Turning Angle 360°, Elevation Angle 55°, Deflection Angle 55°
Bluetooth Version	Bluetooth 5.0
Bluetooth Communication	2.402GHz~2.480GHz
Bluetooth Transmission Power	4dbm

Applicable Occasions

- Warehousing
- Express transportation industry

inateck

PDA

Portable and Smart | High Performance with Dual Cemaras | Ample Storage and Extended Battery Life | Developer Friendly

Features

- High Performance: Equipped with MTK6762 8-core processor and 4GB RAM, ensuring smooth and efficient operation
- Durability: IP67 rating for water and dust resistance, making it suitable for various environments. Additionally, it offers 1.2m drop protection;
- Comprehensive Connectivity: Supports GPS for navigation, SIM card for communication, and NFC for easy data transfer and transactions.

Parameters

Operating Systemt	Android 12
Memory Capacity	4GB RAM+64GB ROM
Processor Type	MTK6762 8core
Screen Size	5.7 Inch
Camera (TOP)	500w front camera, 1300w rear camera with flash
Waterproof & dustproof	IP67
Drop resistance	1.2M
Support GPS	Yes
Battery	4000 mAh
Call up	Supports sim card
NFC	NFC 13.56MHZ

Applicable Occasions

- Logistics
- Warehouse
- Medical
