Company Introduction

Onbuy's product design comes from the pursuit and perception of life. We constantly polish every detail so that users can be pleasantly surprised when using the product.

We mainly focus on smart creative products, like fan, humidifier, shoes dryer, aroma diffuser, wireless charger, led light etc. We've been in this industry for more than 10 years. Our factory located in shenzhen and was founded in 2016, and has 4000m² working space, workers more than 400 people. our products passed CE ROHS FCC REACH EN60950 CB KC PSE BIS SASO and other international certification. Our factory also successfully passed BSCI and ISO 9001:2015 quality management system.

We think every detail is worth exploring. In a product, every detail determines the user experience and at the same time shows the designer's attitude. Onbuy hopes to reflect our ingenuity with exquisite details and convey a relaxed and interesting attitude towards life with innovative designs.
