公司概况 Company Profile

中山骏宏塑胶制品有限公司

ZHONG SHAN SMART PLASTIC MANUFACTURING LTD.

公司创建于2005年5月，厂房面积1.2万平方米，员工总数400余人。

公司综合配套能力强，拥有各型号精密注塑机36台、自动化装配流水线4条，4-150KW 高周机80余台，车缝设备40余台，热封机3台，激光切割机，数控电脑裁床等先进生产设备及完善的实验测试设备。

各款充气产品月产约10万只，电泵月产量60万个左右，PVC气嘴类月产约40吨及其他塑胶配件约36吨，年销售额2.5亿人民币。

公司集产品研发、制造、销售于一体，一直专业致力于生产各类型的充气床垫，水池，电动充气泵、塑胶玩具及各类硬塑、软塑配件等产品，共拥有各类专利32项(3项发明专利)。产品远销欧美、日本等国家和地区。2015年荣获广东省高新技术企业。

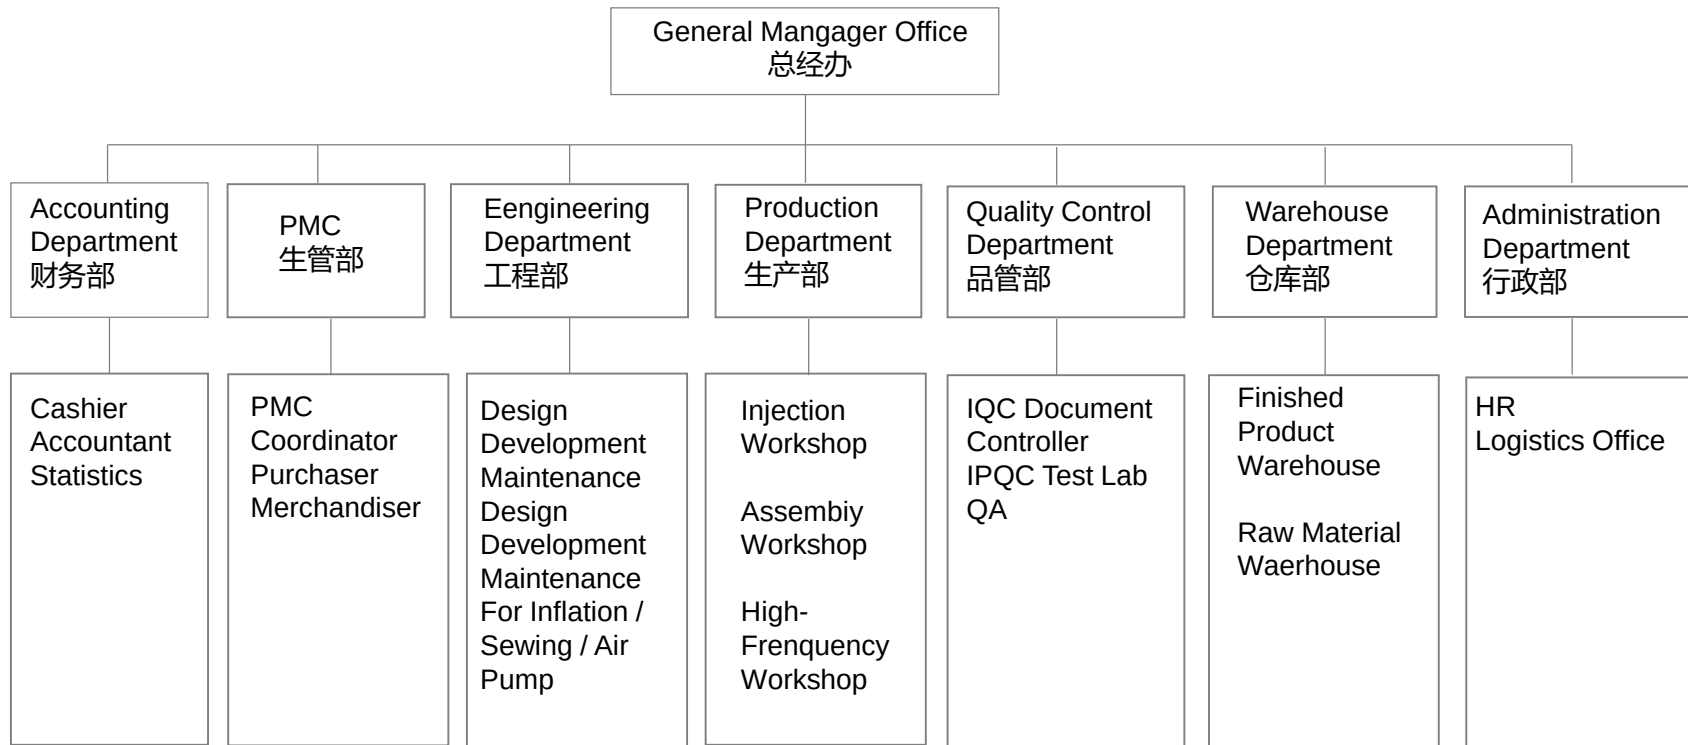

Established in May 2005, which covers an area of about 12,000 square meters and over 400 employees.

There are a number of advanced machines, such as over 36 different types of injection machines, 4 assembly lines, 80 high frequency machines from 4KW to 150 KW, 40 sewing machines, 3 heating sealing machines, laser cutting machine and Computer numerical control cutting and testing equipments to ensure the production efficiency.

The monthly output for various inflation production is over 100,000PCS, air pump is over 600,000 PCS, PVC valves is over 40 tons and plastic parts is over 36 tons. The annual turnover is RMB 2.5 Millions.

Smart is specialized in R&D, production and sales of air mattress, swimming pool, electric air pump, plastic toys and all kinds of plastic toys, owned 32 patents (including 3 invention patents). Products are exported to Europe, North America and Japan. In 2015, won the honor of high-tech enterprise.

公司组织架构/ Company Organizational Structure

骏宏公司技术团队/ Smart Technology Team Brief

龙寿国 Long Shou Guo

公司董事长、创始人，技术团队首席总工程师；精通塑胶、机械、电子等行业知识；PVC充气制品行业管理二十五年，电泵研制十余年；指导公司全面进行技术革新、新品研发。

Founder & Chairman, Chief engineer technical, rich of plastic, machinery, electronics experience. 25 years management experience of PVC inflation industry, over 10 years development experience of electric air pump, comprehensive manage for technical innovation, new production research and development.

李合勤 Lee Heqin

公司总经理，充气事业部负责人；精通质量控制、制造业生产管理；PVC充气制品行业管理二十年；负责公司质量策划、充气产品全面生产管理。

General Manager, rich of QA control, industry production management, over 20 years management experience of PVC inflation industry, responsible for quality planning, inflation productions management.

骏宏公司技术团队/ Smart Technology Team Brief

王文超 Wang Wenchao

充气事业部生产经理；精通充气行业生产、设备知识；PVC充气制品行业设备、生产管理十五年负责充气产品生产管理。

High frequency department manager, 15 years management experience for inflation production, rich knowledge of inflation industry and machine, responsible for the inflation production management.

王少健 Wang shaojian

硬胶事业部生产经理；十余年制造业生产管理工作经验；负责硬胶事业部产品生产管理。

Production Manager of Injection & Assembly Workshop , more than ten years of working experience in manufacturing production management; and be responsible for the production management of the products of the Injection & Assembly Workshop Business Department.

乔建卫 Qiao jianwei

工程部经理，首席研发工程师；精通充气制品、塑胶、车缝制品等行业知识；PVC充气制品；负责公司工程技术、新品研发工作。

Engineer Manager, Senior R & D Engineer, rich of inflation, plastic and sewing production industry, responsible for engineer technical and new production research and development.

曾祥敏 Zeng xiangmin

质量部经理；八年制造业质量管理工作；负责公司质量部全面管理工作。

QA Manager, 8 years QA management experience, responsible for the QA department management .

江泽龙 Jiang zelong

工程部结构工程师；十余年注塑产品设计研发工作；负责公司电泵产品的研发、革新。

Structural Engineer, over 10 years R&D experience of injection production, responsible for R & D and innovation of electric air pump.

陈潮波 Huan Kai Xiao

工程部电子工程师；十余年电子产品设计研发工作；负责公司电泵、电子产品的研发、革新；

Electronic Engineer, over 10 year R&D experience of electronic products, responsible for R & D and innovation of electric air pump.

公司战略/ Company Strategy

为全球客户提供中国制造的便捷、高效、智能的解决方案

Provide the convenient, effective and intelligent solution plan for global customers

骏宏公司行为理念：不断进步、专业态度、团队合作

我们根据客户需求开发新产品和系统方案，提供可靠的质量和好的服务。

Enterprise Concept: Constant progress, professional attitude, team work

According the customer requirement to R&D the new product and system programs, provide good quality and service and for our strategic cooperation partner.

壮大自己同时打造自动化技术平台

Enhance & building automation technology platform

在平台基础上寻找并抓住快速增长的产业发展机会

Based on the technology platform to source and catch the rapid growth of the industry development

国内市场+国际市场两手抓

OEM贴牌制造+自有品牌推广+战略客户合作

To do domestic Market and International Market

OEM + ODM + strategic cooperation partner

产能、产品 Capacity & Production Series

好产品、好服务、产能稳定

Good Quality & Service, Stable Capacity

新品研发，专属定制，高效贴心服务

New Product Development, ODM, Efficient & Considerate Service

充气事业部 —— 配套生产各类充气产品，PVC、TPU、EVA、植绒、贴合布等材质。
High-Frequency Workshop---Mainly produce all kinds of inflation products by PVC, TPU, EVA, FLOCKED, LAMINATED Fabric Materials.

高频焊接、热封焊接、车缝制作等生产工艺技术成熟稳定
Has Mature & Stable Production Technology , Such As High-Frequency Welding, Heat-Seal Welding, Sewing

出口、内销；实体、电商多元化配套发展
Diversified development, Especially Export, Domestic Sale, Supermarket & Store, E-commerce

硬胶事业部 —— 配套生产各类电动充气泵、塑胶玩具、塑胶配件等；ABS、尼龙等材质。
Injection & Assembly Workshop---Mainly Produce All Kinds of Electric Air Pump, Plastic Toys, Plastic Parts by ABS, Nylon Materials.

注塑胶件自动化、完善的流水作业装配生产线
Automated Injection Line, complete set of assembly line

人员配置 (Staffing Collocation)

我们坚持高标准的生产管理

We Insist On High Standards Of Production Management.

建立质量体系，不只是我们的目标，更是坚守的原则，严格按照ISO9001质量管理标准生产。

Set quality system is not only our goal, but also is our insist on principle, we will according ISO9001 Quality Management Standards to produce our mass production.

DC直流高压气泵

DC High Air Pressure Air Pump

外形的新颖设计，已经完全脱离原有气泵设计的概念，气压高于普通车载充气泵，充气快速高效；陶瓷表面工艺，提升产品质感及档次，把手贴合手掌圆弧走位，设计感体验感十足。

Novel design which is difference with the original concept of air pump design, and the air pressure is higher than the ordinary vehicle air pump which can quickly and efficient inflating; ceramic technology to improve the texture and grade of the air pump, the handle of the pump is fit the Palm arc positioning, have a full sence of experience in design.

DC12V 0.8Psi

研发、生产、销售/R&D, Production & Sale

自动补气泵可以自动重新充气 and 放气, 应用于户外广告创新、创意展示。

Smart Pump

6VDC/12VDC
Low noise

Automatic Re-inflation air pump for outside Advertisement

This is a new type solar power automatic re-inflation air pump, which is mainly used to reinflate the outdoor advertising, inflatable tent or other inflatable product. Automatic sense and gather the air pressure of the chamber by the digital sensor, and automatic re-inflate when the air pressure of the chamber is lower than the PSI setting value of re-inflation air pressure, and stop re-inflate until up to the PSI setting value. The storage battery will be recharged by the solar power as long as where there is sunshine.

研发、生产、销售/R&D, Production & Sale

软体高压舱压 Soft Hyperbaric Oxygen Chamber

安全：舱内气流不断（不停地进气与排气）。

Safety: Oxygen flow (Constant Inlet & Outlet)

舒适：舱内氧浓度达到27-30%，进舱空气多层过滤。

Comfortable: Oxygen Concentration Reach 27%-30%, multi-layer filtratio.

操作简单：可自行操作，不需要他人帮忙。

Easy Operation: Can by yourself, no need help to operate it.

疗效好：过滤空气、微电、负离子、独特的氧浓度和压力。

Positive Effect: Filt Air, Microelectronics, negative ions, Unique Oxygen Concentration & Ppressure

材质：高精度TPU材料，可确保长期安全使用。

Material: High Precision TPU Materials, Ensure Long-term Safety Use.

研发、生产、销售/R&D, Production & Sale

充气尺寸 Inflatable Size: 110x88x75cm/50x20cm
外箱尺寸 Carton Size: 50x37x41cm
装箱数量 QTY / CTN: 2PCS
可选颜色: 蓝色、咖啡色、粉色
Optional Color: Blue, Coffee, Pink

充气按摩沙发

Inflatable Massage Sofa

智能面板控制按摩头，多档位、多模式，一键操控。

Control the massage heads by smart panel and one key, which provide multifarious massage mode.

底部防滑工艺、蝴蝶颈枕、可乐杯座、圆形脚垫、收纳网袋、材料防寒环保、气压可调等细节追求，给你更佳的使用体验感。

Focus on details to give you a better sense of experience, such as Anti-skid technology of the bottom, Butterfly neck pillow, COLA holder, Round Footstool, Net bag, Anti-Cold and 6P materials, Can adjust the air pressure etc.
