

Established Since 2016

Yawell Intelligent is a high-tech company specializing in the R&D, production, and marketing of smart wearable products. Since its establishment in 2016, we continuously introduced advanced technology and talents at home and abroad, and have successfully established our brand image with our strong R&D ability, strict production management, upholding the "quality first" business philosophy, and excellent corporate culture. We adhere to the concept of "Technology-based, Quality-oriented, Service-oriented, Honesty-oriented, and People-oriented", and have successfully developed and produced smart bracelets, smart watches, position devices, and other digital electronic products. OEM and ODM of the domestic and overseas brands have successfully opened up vast domestic and international markets.

Rich Experience

With our firm belief, continuous improvement, and enhancement of our products, combined with our rich experience, coupled with continuous innovation, and relying on perseverance, Yawell will make a big effort in the field of intelligent products and realize our ideals. Welcome domestic and foreign companies to cooperate closely with us and complement each other's advantages to create a win-win and brilliant tomorrow.

Production Ability

We owned 3 factories located in Shenzhen and Dongguan, occupied a 12,000-square-meter area, with 900+ employees and a total of 16 production lines, our complete equipment and production ability can meet 10,00,000 units per month. All of our products pass CE, FCC, and RoHS certifications.

Quality

Quality is our foundation, and we firmly believe that today's quality will be tomorrow's market. Quality comes from continuous technological innovation and management innovation. High quality does not mean high price, and continuous cost reduction is a required course. Superior quality is not only about using excellent parts, but the design is the key too. In addition, providing services that exceed customer expectations is another mission of chasing high quality, teamwork, trust, communication, and collaboration are essential. Reflect your value through collaboration but not your position, We pay great importance to cultivating talents. Only a group of elites can make our business thriving and prosperous.

Strong Team

A strong team will also create the most valuable employees. Empathizing is more

important than complaining and blaming our colleagues with bitter or dogmatic criticism. We set clear goals and work hard to achieve them. Don't let trivial matters take up our time to set goals, and don't let insignificant things affect the execution of priority tasks.

Attitude Determines Everything

Execution depends on attitude firstly, and secondly on ability. Attitude depends on your mind.
