ABOUT MAKE

After over 10 years of locking innovation, XIAMEN MAKE SECURITY TECHNOLOGY CO., LTD becomes an expert in high-end industrial lock & commercial locks design and manufacturing.

We focus on smart locks, cam locks, vending machine locks, locker locks, push locks, combination locks, vehicle locks, heavy duty padlocks, cabinet locks, latch and precise mechanism assembly parts.

With a decade's effort, MAKE has been awarded as "National high-tech enterprise", "Excellent Unit of Quality Management", and "Intellectual Property Excellent Enterprise" etc., playing a more and more important role in industrial and commercial locks' and security solutions' supply.

COMPANY HISTORY

2010-2012

MAKE in Xiamen

KPI, ERP Management System
ISO9001 Quality Management System

2013-2014

MAKE Self-built Factory

ERP System
TOPPLA established
Awarded High-tech Enterprise

2015-2016

More Focus on R&D

CNC workshop
ISO 14001:2015

2017-2018

Modem Management Model

"Lean Production" Management
Automatic assembly line
Electronic dust-free workshop

EICC Audit and Certification
"6S" Management

2019-2020

"Little Giant Enterprise"
award by MIIT

National Intellectual Property
Advantage Enterprise
"Model Family of Staffs" award
by ACFTU

2021-2022

BSCI

Resettable mechanical
combination lock

2020

Smart Lock With IoT

2022

Obtained 324
domestic and
International
patents

COMPANY OVERVIEW

With more than 10 years experience in the security industry, the management of MAKE has formed a scientific, refined and standardized model, which has enjoyed a wide recognition and high praise from our partners worldwide.

One- stop manufacturing capability

Mold workshop	CNC Machining workshop
Punching workshop	Auto-lathing workshop
Key cutting workshop	Die-casting workshop
Injection workshop	Automatic Assembly workshop
Rotational workshop	Dust-free workshop

Enterprise Honor

- High-Tech Enterprise
- National Intellectual Property Advantage Enterprise
- Little Giant Enterprise
- Model Family of Staffs

RESEARCH ABILITY/ PATENT

With more than 100 professional engineers specialized in OEM & ODM, using PDM as the project and drawing management system.

As a technological innovation-based enterprise, MAKE focuses more on R&D. Up to now, MAKE possesses 324 domestic & oversea authorized patents and 12 software copyrights.

PROFESSIONAL EQUIPMENT

MAKE equipped with advanced equipment to meet customers' requirements for high safety and quality locks.

- Automatic tubular lock assembly line
- Multi- axis die-casting machine
- Automatic injection machine
- Automatic disc lock assembly line
- CNC machine center
- High-speed punching machine
- Automatic key cutting machine
- Auto-die casting production line

THE MANAGEMENT

MAKE has passed a number of certifications and carries out them into every production process.

- ISO 9001:2015
- ISO 14001:2015
- IATF 16949:2016
- BSCI

MAKE has built a professional laboratory, equipped with more than 30 independently designed and modified testing equipments.

Basic functional testing includes lifetime test, salt spray test, hardness test, high-low temperature, RoHS test and vibration test etc., making sure the product received at your end is in good performance.

COMPANY CULTURE

MAKE's Tenet

Customer Satisfied, Staff Happy

MAKE's Mission

Providing Security Solutions For Industrial & Commercial Application

Business Philosophy

Continuous Innovation, Sustainable Management

Enterprise Spirit

Concentration, Persistence and Dauntlessness

Quality Policy

Quality Is the Mainstay of MAKE

Core Value

Customer First, Teamwork, Innovation
Dedication, Profession, Growth

SCOPE OF APPLICATION

Vending machine,
game machine

Train, automobile,
motorcycle, bicycle, boat,
marine, aviation

Office facility,
furniture

Lockers, cabinets

Server, cabinet,
street furniture

ATM, intelligent terminal
kiosk, tablet

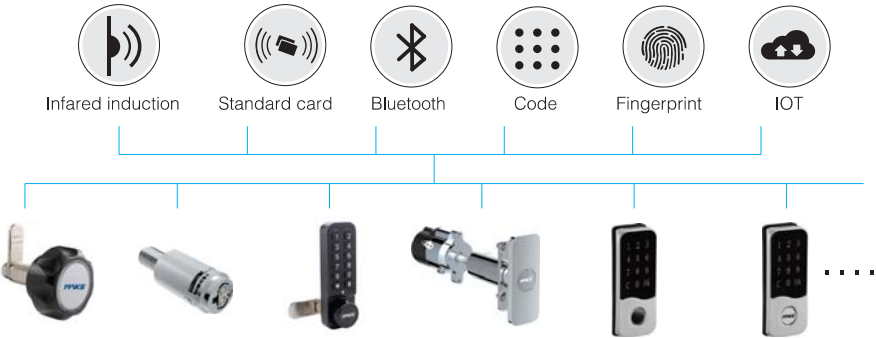

SECURITY SYSTEM / KEY SYSTEM

SMART LOCK SYSTEM

Smart Lock System Applicable For Different Locks

Lock Type	Speciality
RFID Lock	Simple, convenient and quick
Keypad Lock	Keyless, multi-application
Fingerprint Lock	Unique
Alarm Lock	Security and smart
Infrared Induction Lock	Auto-detection
Wireless Smart Lock	All power provided by the key

M1-LOCK SYSTEM

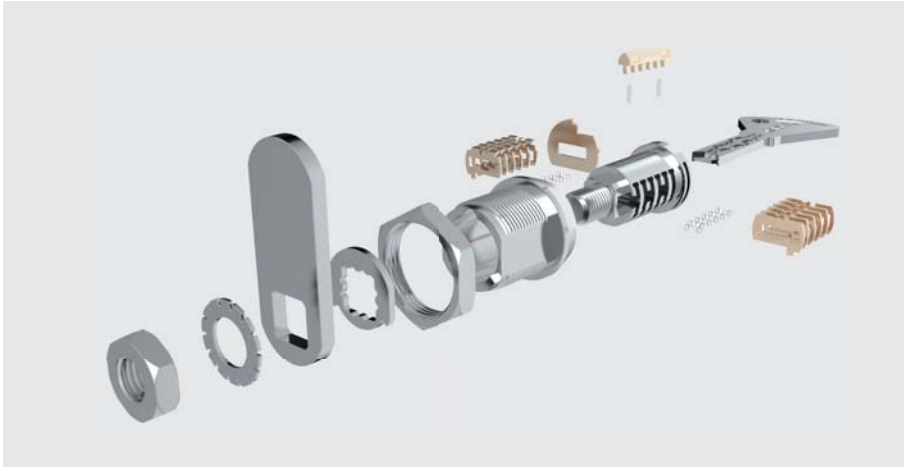

M1-Lock System Applicable For Different Locks

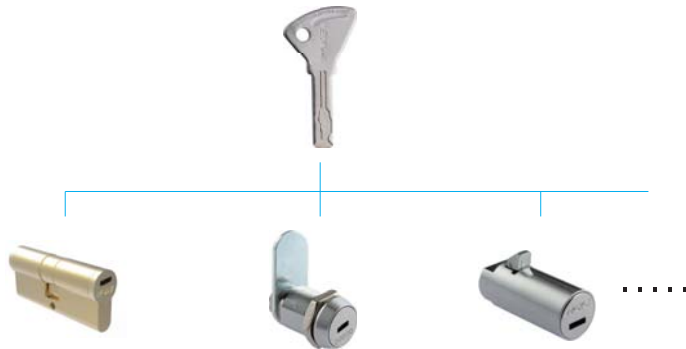

Speciality:

- Creative design with smart disc & tumbler
- Multi internal security mechanism
- Key code: over 10 billion
- Unique key shape
- Anti drill, pickproof, Level C certification
- International Patent

M3-LOCK SYSTEM

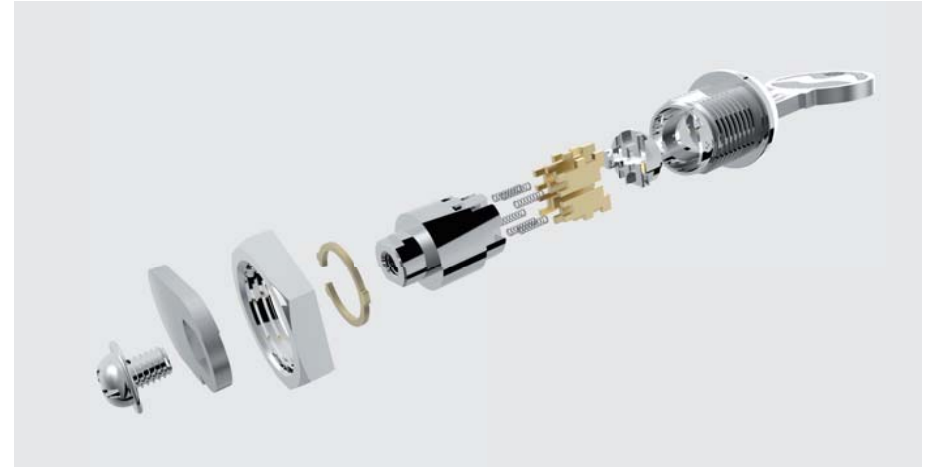

M3-Lock System Applicable For Different Locks

Speciality:

- New key system. Creative design with smart discs
- High security, pickproof and anti drill
- Patented in China, USA, Germany
- Security Level C recognized by MPS
- Master key system available
- Key code: over 16 million

M4-LOCK SYSTEM

M4-Lock System Applicable For Different Locks

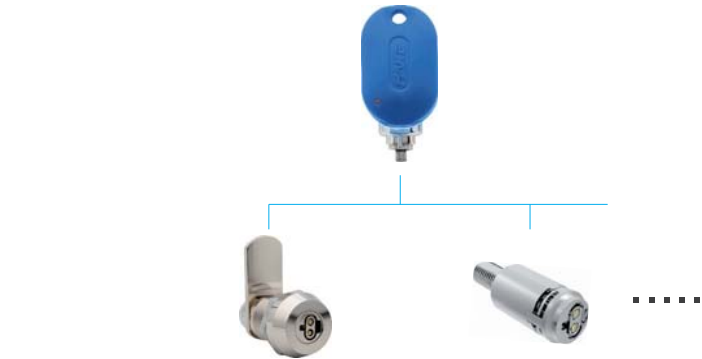

Speciality:

- Mini cam lock, suitable for small money box
- New key system, secure and smart
- Key code: over 46 thousand
- Master key system available
- International patent

M5-LOCK SYSTEM

M5-Lock System Applicable For Different Locks

Speciality:

- **Controlled Access:** Keys are electronically programmed to open only specific locks.
- **Accountability:** Record of every event.
- **Eliminate Costly Rekeying:** No need to change the lock when key lost or employee dismissed.
- **Electronic Scheduling:** Offer temporary access authorization.
- **No Wiring Required:** All power provided by the key.

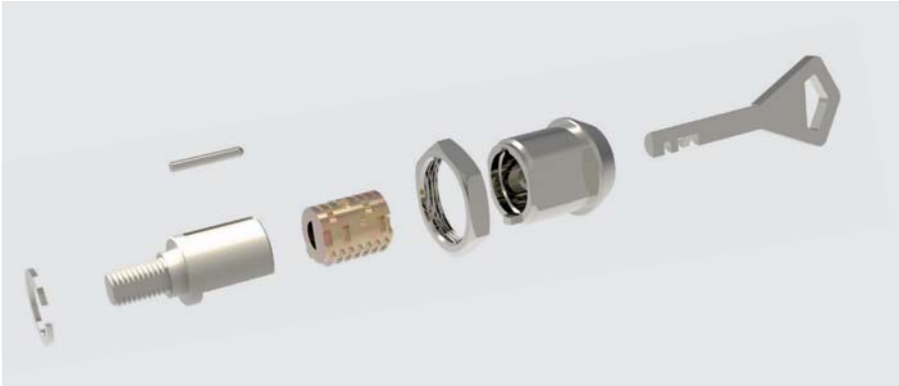

TUBULAR KEY SYSTEM

Tubular Key System Applicable For Different Locks

Standard tubular key 7pins 10pins	Key Alike Same key combination
Key Different Different key combination	Master Key System Different key combination. And a master key open all locks
Mini tubular key 4pins 7pins	Manage Key System Lock function controlled by manage key. For example, lock open by manage key, user key is workable. Lock locked by manage key, user key is out of work
Different color key cover available	

DISC LOCK SYSTEM

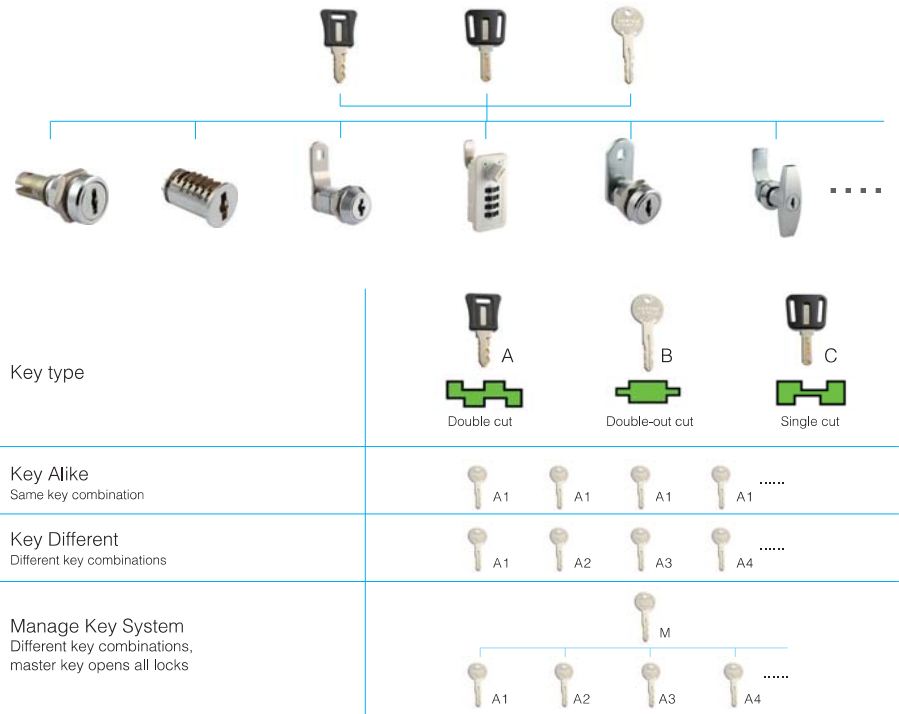

Disc Lock System Applicable For Different Locks

LASER KEY SYSTEM

Laser Key System Applicable For Different Locks

COMMON FLAT KEY SYSTEM

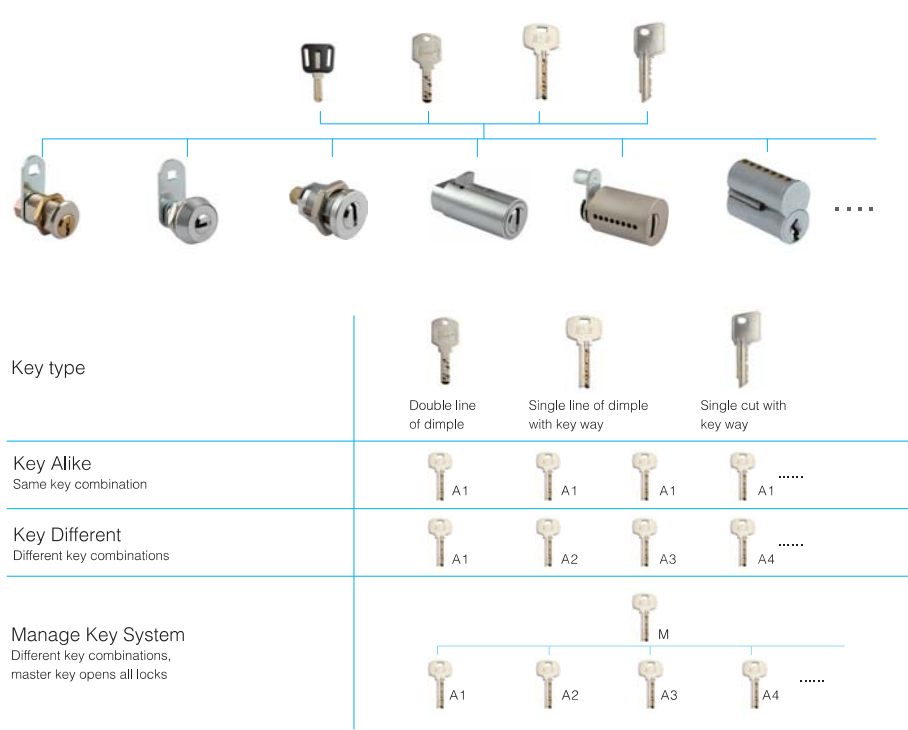

Common Flat Key System Applicable For Different Locks

DIMPLE KEY LOCK SYSTEM

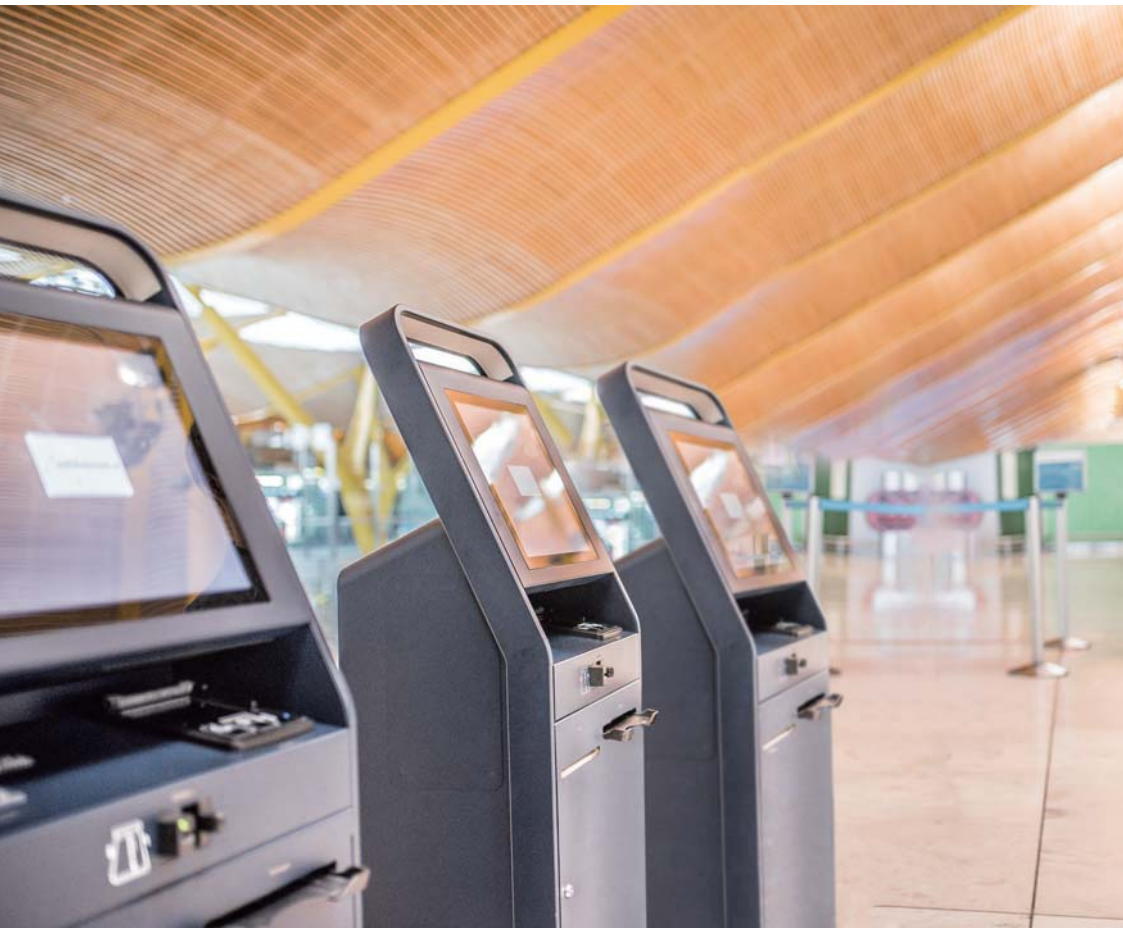

Dimple Key System Applicable For Different Locks

CAM LOCK

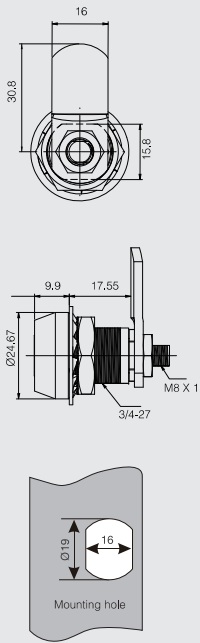

Application: Intelligent terminal equipment ,
advertising box, mail box & tools box, locker, etc.

M5-LOCK (M2273 0175 101)

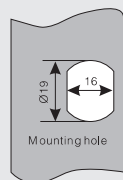

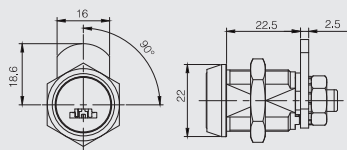

Material	Zinc alloy
Finished	Bright chrome
Applications	ATM, cash register and other intelligent terminal equipment, access control system, gate money boxes, safes, display cabinets and other high security required occasion.
Speciality	1. Controlled Access: Keys are electronically programmed to open only specific locks. 2. Accountability: Record of every event. 3. Eliminate Costly Rekeying: No need to change the lock when key lost or employee dismissed. 4. Electronic Scheduling: Offer temporary access authorization. 5. No Wiring Required: All power provided by the key.

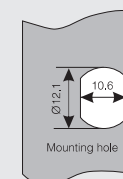

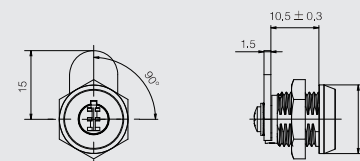

Type: Wireless smart lock
Input Voltage : DC3.7V
Static Power : ≤40uA
Dynamic Power : ≤50mA
Temperature: -15 C ~+65 C
Humidity: 5%~95%

M1-LOCK (M0096 0225 101)

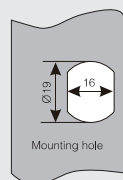

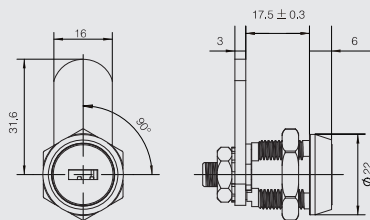

Material	Zinc alloy
Finished	Bright chrome , nickel
Key combination	3,400,000,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising boxes, vehicle, mail box & tools box, transport container, kiosk, trailer, train, parking meter, etc.
Speciality	1. Over 3.4 billion key code and unique key shape. 2. Multi internal security mechanism. 3. Creative design with smart disc & tumbler.

M4-LOCK (M0012 0105 111)

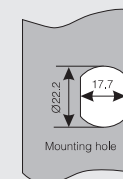

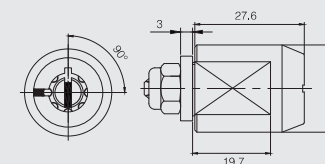

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	46,000
Applications	Vending machine, payment machine, ticket machine, POS machine, ATM and other intelligent terminal equipment, advertising box, mailbox, cabinet, etc.
Speciality	1. Mini cam lock, suitable for small money box. 2. New key system, security and smart. 3. Master key system available. 4. International patent.

M3-LOCK (M0096 0175 104)

Material	Zinc alloy, brass
Finished	Bright chrome, nickel
Key combination	16,000,000
Applications	ATM, cash register and other intelligent terminal equipment, access control system, gate money boxes, safes, display cabinets and other high security required occasion.
Speciality	1. New key system, Creative design with smart disc. 2. Pickproof and anti drill, high security. 3. International Patent. 4. Master key system available.

MK100-32 (M0000 0195 200)

Material	Brass
Finished	Bright chrome, nickel
Key combination	Manage key system
Applications	Intelligent terminal equipment, metal/ wooden cabinet, pay phone, underground gate, vending/ game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, etc.
Speciality	Manage key located at 12, user key workable, manager key located at 9, user key out of function, Pickproof and easy management.

MK100BXS
(M0001 0125 100)

MK100BL
(M0001 0250 100)

MK100BS
(M0001 0175 100)

MK100BM
(M0001 0225 100)

MK100BXXL
(M0001 0381 120)

Material	Zinc alloy, brass, steel & stainless steel
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, etc.
Speciality	1. Anti-drill ball available. 2. Master key system available. 3. 7 pins or 10 pins available. 4. Customization available.

LOCK TYPE	MK100BXS	MK100BS	MK100BM	MK100BL	MK100BXL	MK100BXXL

Remark:
1. 1-4 key way available
2. Standard cam dimension Y=33,5MM (Customization available)

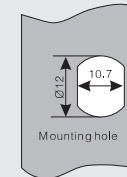

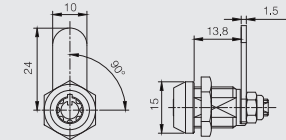

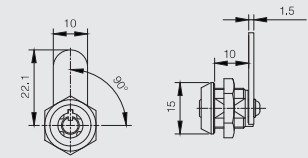

MK101-BM
(M0002 0105 105)

MK101-BM
(M0002 0135 102)

Material	Zinc alloy, brass
Finished	Bright chrome, nickel
Key combination	1000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, etc.
Speciality	1. Mini tubular key. 2. Small size lock. 3. 4 pins or 7 pins available.

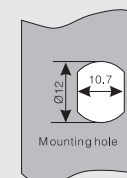

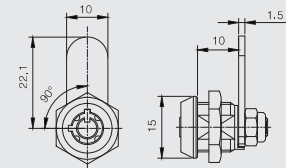

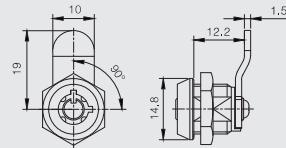

MK101AS-5
(M0002 0120 201)

MK101AS-21
(M0002 0105 207)

Material	Zinc alloy, brass
Finished	Bright chrome, nickel
Key combination	1000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, etc.
Speciality	1. Mini tubular key. 2. Small size lock. 3. 4 pins or 7 pins available.

(M0001 0225 109)

MK116BS
(M0001 0175 142)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Code changeable
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, transport container, kiosk, trailer, train, parking meter, etc.
Speciality	1. Code changeable lock with one change key and 8 different combinations user keys. 2. Adjust key combination by change key. If adjust to code 1, it can be opened by key 1 only. And then on... 3. The manager can change the key code while lock is installed without revealing what the current key code is. It is applicable to vending machine or any other equipment that required high security. 4. One lock equals to eight lock, save cost and environment friendly.

Overall length (Z)	18 mm	25,3 mm	31,5 mm	37,8 mm	43,5 mm
Camturns+/-	90° / 180°	90° / 180°	90° / 180°	90° / 180°	90° / 180°

MK104-04 (M0011 0155 103)

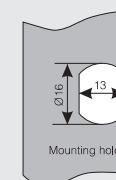

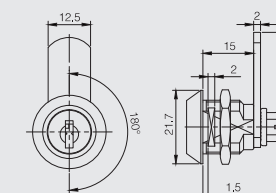

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	200
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, locker, advertising box, mail box & tools box, kiosk, household cabinet, POS, parking meter, etc.
Speciality	Customization available.

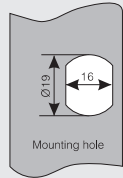

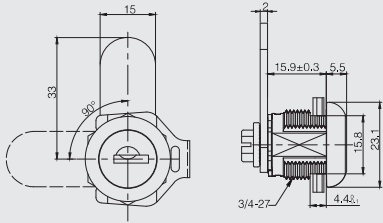

MK104-12 (M0013 0150 200)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	200
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, locker, advertising box, mail box & tools box, kiosk, household cabinet, POS, parking meter, etc.
Speciality	1. Mini size cam lock. 2. Customization available.

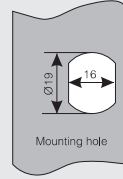

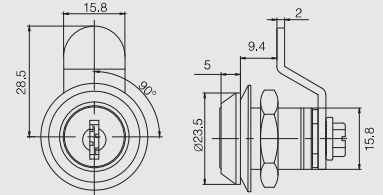

MK104-24 (M0011 0159 100)

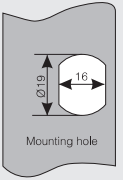

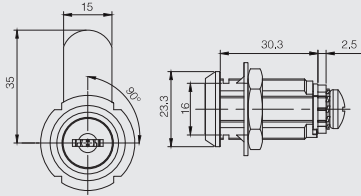

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	200
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, locker, advertising box, mail box & tools box, kiosk, household cabinet, POS, parking meter, etc.
Speciality	1. Stainless steel anti dust cover. 2. Customization available.

MK104-36B (M0011 0095 200)

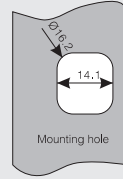

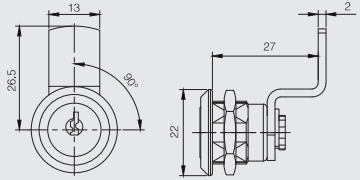

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	200
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	Customization available.

MK104-30 (M1211 0303 200)

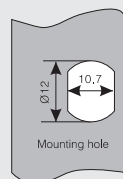

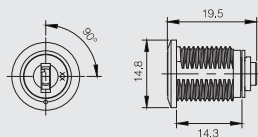

Material	Zinc alloy
Finished	Bright chrome
Key combination	500
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Master key system available. 2. Lock cylinder is replaceable. 3. Key cutting on both sides, high security. 4. Customization available.

MK104-P (M0013 0268 200)

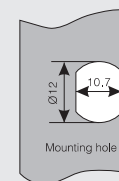

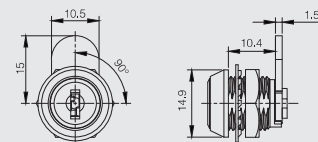

Material	Plastic
Finished	Bright chrome, nickel
Key combination	200
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Plastic lock body. 2. Customization available.

MK105BS-1 (M0012 0105 100)

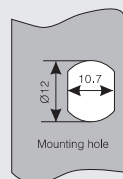

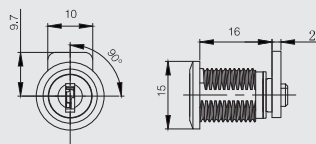

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	20
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Mini size cam lock. 2. Customization available.

MK105BS-3 (M0012 0105 102)

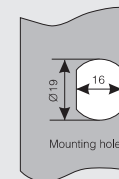

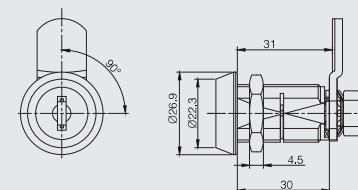

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	10
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	Customization available.

MK105BS-2 (M0012 0162 100)

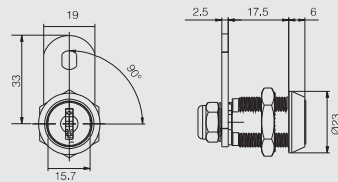

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	20
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Mini size cam lock. 2. Customization available.

MK110-7J (M0031 0300 110)

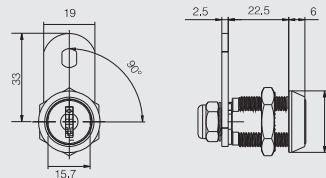

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Three types of laser key available. 2. Cylinder is replaceable. 3. Master key system available. 4. Customization available.

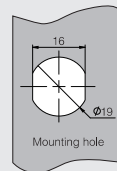

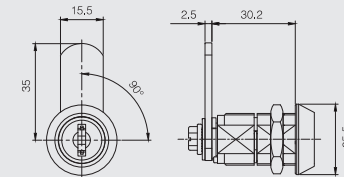

MK110BS (M0031 0175 101)

MK110BM (M0031 0225 102)

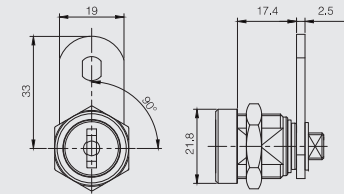

MK110BL (M0031 0300 101)

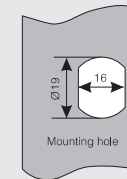

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Three types of laser key available. 2. Customization available.

LOCK TYPE	MK110BS	MK110BM	MK110BL
Function length (X)	17.5 mm	22.5 mm	30.2 mm
Cam distance (Y)	TBA	TBA	TBA
Overall length (Z)	34.5 mm	40 mm	45.7 mm
Camturns+/-	90° / 180°	90° / 180°	90° / 180°

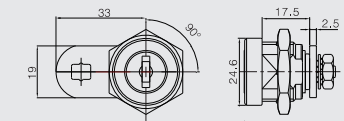

MK110BS-2 (M0031 0175 101)

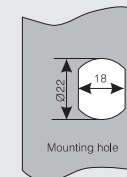

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1. Three types of laser key available. 2. Customization available.

MK110-16 (M0032 0175 100)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending machine, safety box, advertising box, cabinet, mail box & tools box, server, kiosk, etc.
Speciality	1.Laser key system, high security. 2.Special mounting hole size Ø22*18 mm. 3.Customization available.

CAM LOCK

Application: Financial terminal equipment, ATM, locker, subway gate, train, airplane, yacht, etc.

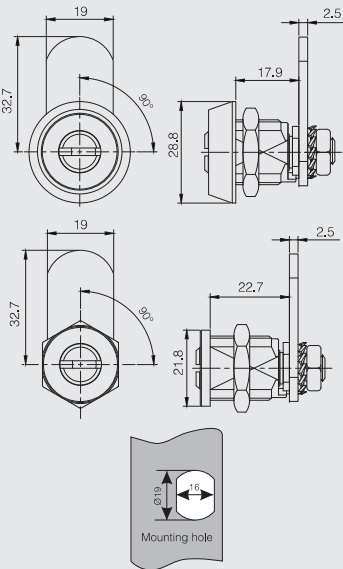

MK114-BS
(M0041 0175 105)

MK114-BM
(M0041 0225 104)

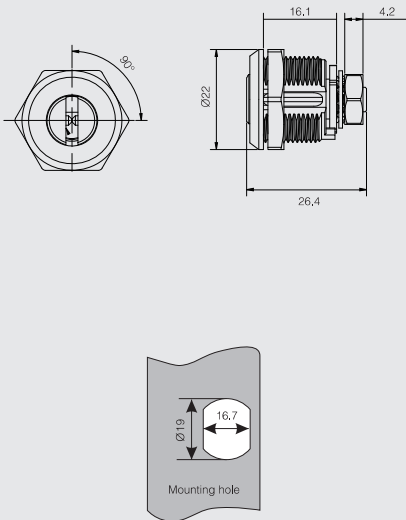

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, transport container, kiosk, trailer, train, parking meter, etc.
Speciality	1. Dimple key system, smooth hand feeling. 2. Double lines of pins, higher security. 3. Customization available.

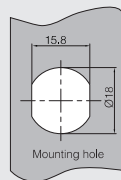

MK114-10 (M0043 0165 105)

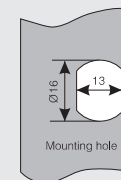

Material	Zinc alloy, Brass
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box & tools box, transport container, kiosk, trailer, train, parking meter, etc.
Speciality	1. Dimple key system, smooth hand feeling. 2. Triple lines of pins, higher security. 3. Customization available.

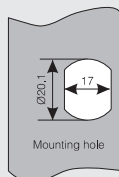

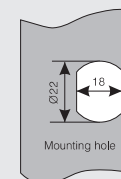

Technical drawing of a hexagonal nut. The left view is a top-down perspective showing a hexagonal shape with a central circular hole. A curved arrow indicates a 90° rotation. The right view is a side elevation showing the hexagonal profile with a width of 16,3 and a height of 18.

Technical drawing of a hexagonal bolt. The drawing includes two views: a front view (left) and a side view (right). The front view shows a hexagonal head with a central hole and a threaded shank. Dimensions include a head width of 14, a head height of 33, and a shank diameter of $\varnothing 14$. The side view shows the bolt's profile with a total length of 25.3, a head thickness of 25, and a thread length of 2.5.

[illegible]

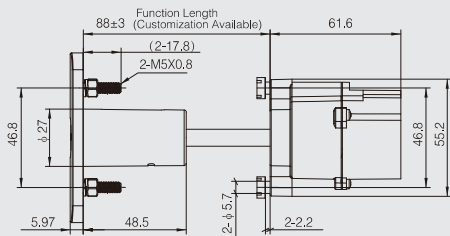

VENDING/ GAME MACHINE LOCK

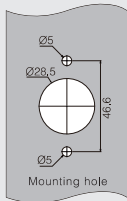

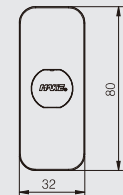

Application: vending/game machine, ATM,
intelligent terminal, electrical equipment,
server, metal cabinet, safety box, etc.

MK221 (M0473 0880 100) Bluetooth version

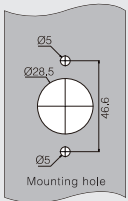

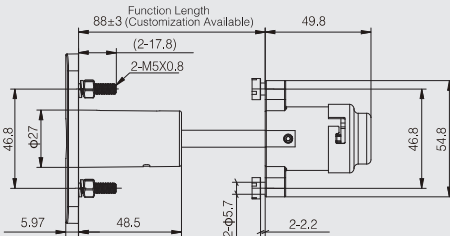

MK222 (M0473 0880 101) Central control version

Material	Zinc alloy
Finished	Bright chrome, bright nickel
Key combination	Over 10,000
Applications	Vending machine, intelligent terminal, metal cabinet, etc.
Speciality	1. 6mm super thin surface. 2. Unlock easily with one click. 3. Easy push in the handle to lock. Portable structure, easy handling. The more force you push in, the tighter it is. 4. 5G network+cloud+bluetooth technology, all under control. 5. The tensile force reaches 2000N.m. 6. Mechanical emergency key available.

Input Voltage : DC12V
Static Power: < 10mA
Dynamic Power : < 60mA
Temperature: -20~+65°C
Humidity: 0%~95%

MK223 (M0473 0880 102)

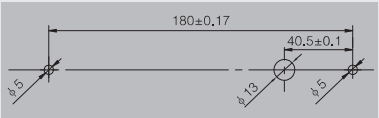

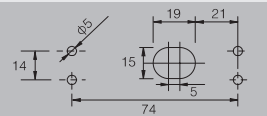

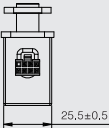

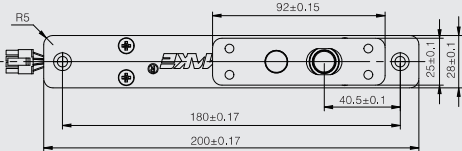

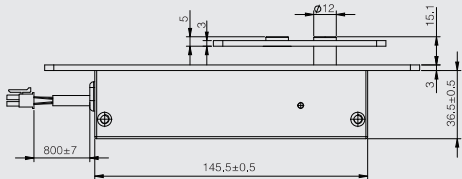

Material	Zinc alloy
Finished	Bright chrome, bright nickel
Key combination	Over 10,000
Applications	Vending machine, intelligent terminal, metal cabinet, etc.
Speciality	1. 6mm super thin surface. 2. Insert the key, rotate 90 degree, the T-handle pop out. 3. Easy push in the handle to lock. Portable structure, easy handling. The more force you push in, the tighter it is. 4. The tensile force reaches 2000N.m.

ELECTROMAGNETIC LOCK

Application: Heavy cabinet door, retail cabinet door, etc.

MK233(M0473 0155 403)

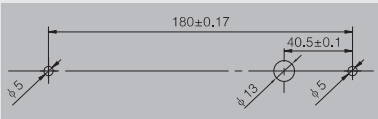

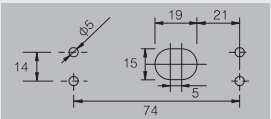

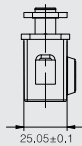

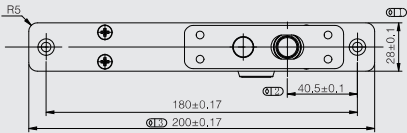

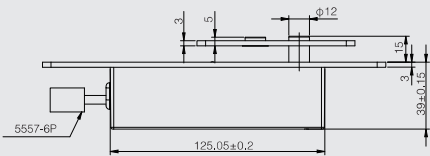

Mounting hole

Material	Zinc alloy
Finished	Powder coating
Applications	Heavy cabinet door, retail cabinet door, etc.

Speciality	1. Low starting current, applicable for a wider range of equipment. 2. Extra mounting holes for advertising board. 3. Lock on automatically 3 seconds after the door close, ensure the door will be locked on only after it's totally closed. 4. Designed life time: 500,000 times. 5. Standard mounting dimensions, suitable for different machines. 6. The feedback signal of lock status can be customized.
------------	--

Item: Electromagnetic Lock (without emergency key)
Working Voltage: DC12V (24V is customizable)
Starting Current: 2.5A
Working Current: 0.2A
LED Indicator: Green/red indicates unlock/lock on.
Signal Output: Door status feedback
Security Type: Lock when power off.

MK231 (M0473 0155 403)

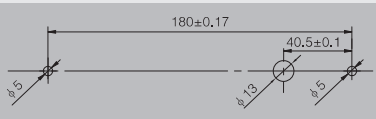

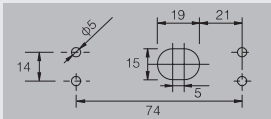

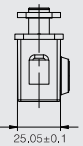

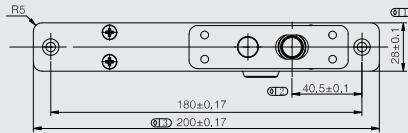

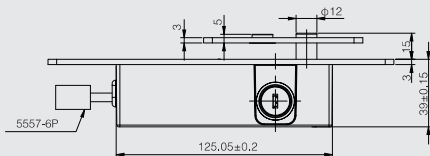

Mounting hole

Material	Zinc alloy
Finished	Powder coating
Applications	Heavy cabinet door, retail cabinet door, etc.
Speciality	1. Security type: Lock when power off. 2. Wide range of working voltage, adapt to different machines. 3. Designed life time: 500,000 times. 4. Standard mounting dimensions, suitable for different machines. 5. The feedback signal of lock status can be customized.

Item: Electromagnetic Lock (without emergency key)
Working Voltage: DC12V (24V is customizable)
Starting Current: 2.5A
Working Current: 0.2A
LED Indicator: Green/red indicates unlock/lock on.
Signal Output: Door status feedback
Security Type: Lock when power off.

MK232 (M0495 0155 200)

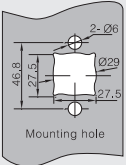

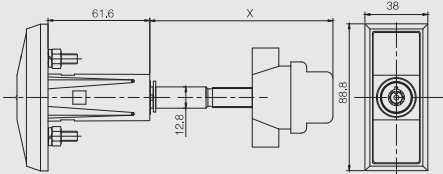

Mounting hole

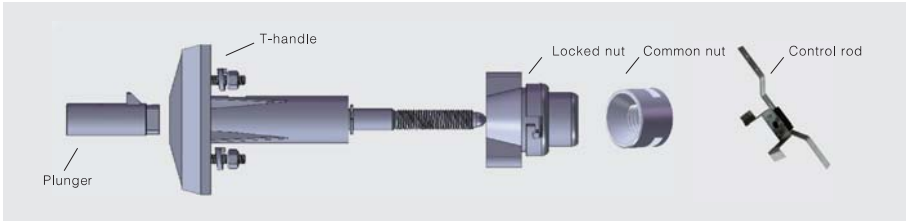

Material	Zinc alloy
Finished	Powder coating
Applications	Heavy cabinet door, retail cabinet door, etc.
Speciality	1. Security type: Lock when power off. 2. Wide range of working voltage, adapt to different machines. 3. Designed life time: 500,000 times. 4. Standard mounting dimensions, suitable for different machines. 5. Emergency key available. 6. The feedback signal of lock status can be customized.

Item: Electromagnetic Lock (with emergency key)
Working Voltage: DC12V (24V is customizable)
Starting Current: 2.5A
Working Current: 0.2A
LED Indicator: Green/red indicates unlock/lock on.
Signal Output: Door status feedback
Security Type: Lock when power off.
Door gap sensing distance ≤ 10mm.

MK200(M0400 1299 104)

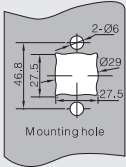

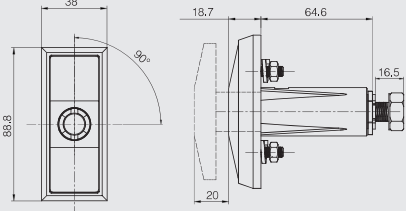

Material	Zinc alloy
Finished	Bright chrome, nickel, black painting
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Pop - Out handle design. 2. Fits all NAMA vending cylinders. 3. Special locked nut design, push in the T-handle to lock, handle conveniently. 4. Master key system available.

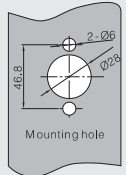

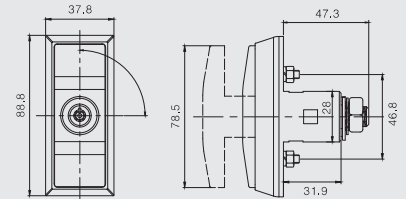

LOCKTYPE	MK200		
	BS	BM	BL
Function length (X)	58.5 mm	68.5 mm	101.5 mm
Key way	1-4	1-4	1-4

MK201 (M0400 0645 102)

Material	Zinc alloy
Finished	Bright chrome, nickel, black painting
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Pop- Out handle design. 2. Fits all NAMA vending cylinders. 3. Three types of nut available, normal nut, locked nut and control rod. 4. Locked nut with triple thread, handle convenient. 5. Customization available.

MK210 (M0400 0473 109)

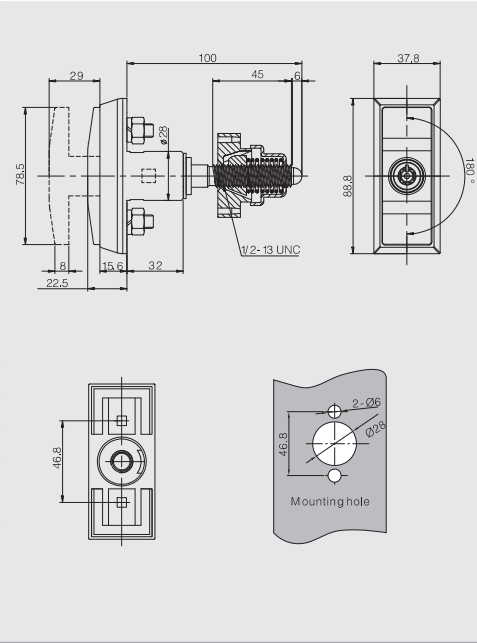

Material	Zinc alloy
Finished	Bright chrome, nickel, black painting
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Pop- Out handle design. 2. Fits all NAMA vending cylinders. 3. Customization available.

MK210-7 (M0400 1000 110)

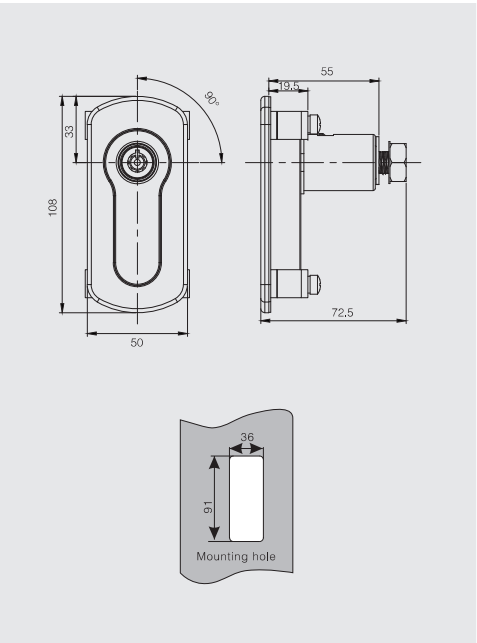

Material	Zinc alloy
Finished	Bright chrome, nickel, black painting
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Pop- Out handle design. 2. Fits all NAMA vending cylinders. 3. Special locked nut design, push in the T-handle to lock, handle conveniently. 4. Master key system available. 5. Customization available.

MK214 (M0400 0555 100)

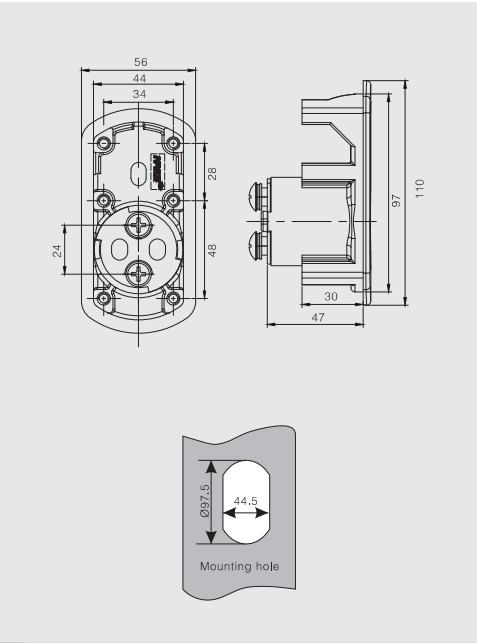

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Attractive appearance with smooth surface. 2. More convenient to lock and unlock. 3. Different types of cylinder available for different security levels. 4. Customer-oriented development available. 5. Customization available.

MK213 (M0440 0470 100)

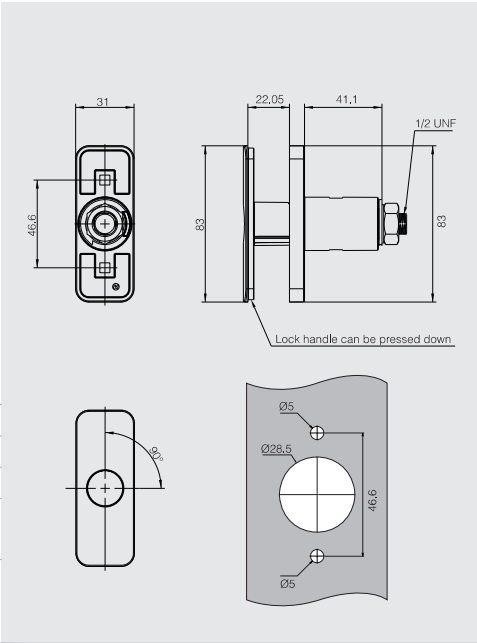

Material	Zinc alloy
Finished	Bright chrome, nickel, black painting
Key combination	Over 10,000
Applications	Vending/ game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box etc.
Speciality	1. Attractive appearance with smooth surface. 2. More convenient to lock and unlock. 3. Different types of cylinder available for different security levels. 4. Customization available.

MK220 (M0400 0415 100)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Pop-Out handle design. 2. Fits all NAMA vending cylinders. 3. Smooth T-handle surface.

LOCK CYLINDER

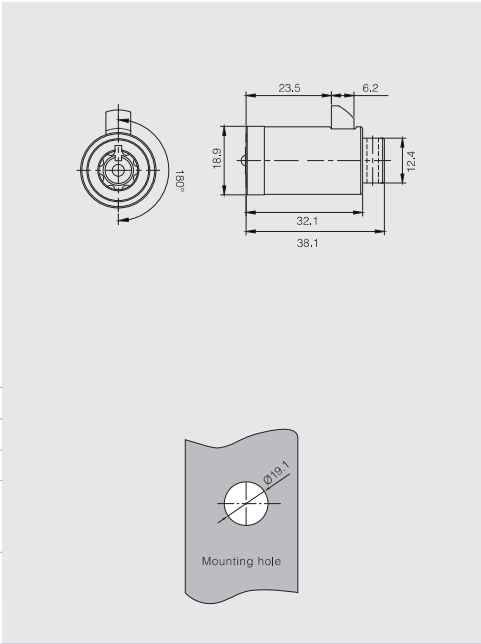

Application: Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.

MK203 (M1300 0235 129)

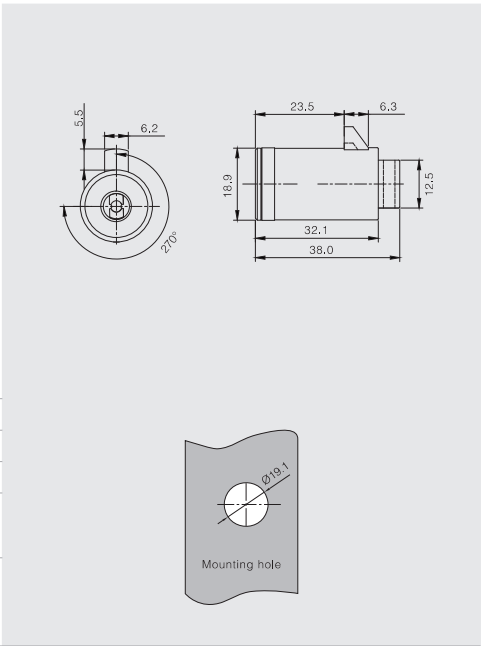

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Vending/game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. With anti drill ball. 2. Short length. 3. Designed to fit NAMA/Japanese standard T-handle/L-handle..

MK203-1E (M1320 0235 103)

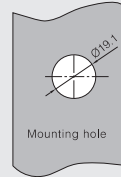

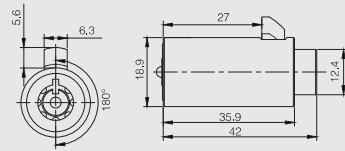

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Vending/ game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Stainless steel lock head. 2. Top security disc lock system. 3. Designed to fit NAMA/Japanese standard T-handle/L-handle.

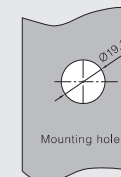

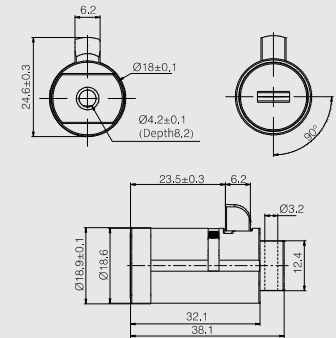

MK204 (M1300 0270 106)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Vending/ game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. With anti drill ball. 2. Longer length. 3. Designed to fit NAMA/Japanese standard T-handle/L-handle.

MK208 (M1395 0235 104)

Material	Zinc alloy
Finished	Bright chrome
Key combination	6,000,000,000
Applications	Vending/ game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. Over 6 billion key code and unique key shape. 2. Multi internal security mechanism. 3. Creative design with smart disc & tumbler. 4. Designed to fit NAMA/Japanese standard T-handle/L-handle.

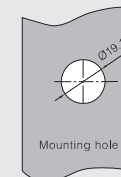

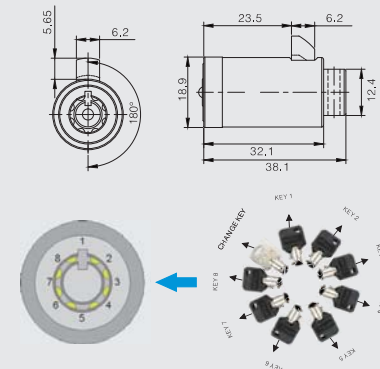

MK207 (M1340 0270 100)

Material	Zinc alloy
Finished	Bright chrome
Key combination	10,000
Applications	Vending/ game machine, ATM, intelligent terminal, electrical equipment, server, metal cabinet, safety box, etc.
Speciality	1. 11 pins tumbler types, more security. 2. Dimple key system, key insert/ pull out smoothly. 3. Designed to fit NAMA/Japanese standard T-handle/L-handle.

MK209 (M1300 0235 111)

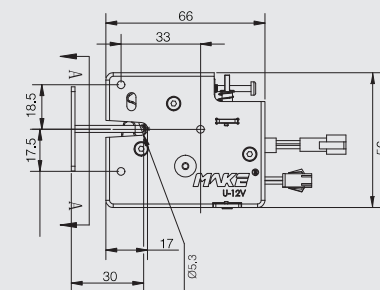

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Code changeable
Applications	Intelligent terminal equipment, metal/wooden cabinet, pay phone, underground gate, vending/game machine, safety box, locker, coffer, advertising box, vehicle, mail box, tools box, transport container, kiosk, trailer, parking meter, etc.
Speciality	1. Code changeable lock with one change key and 8 different combinations user keys. 2. Adjust key combination by change key. If adjust to code 1, it should be used with key 1 only. And then on... 3. The manager can change the key code while lock is installed without revealing what the current key code is. It is applicable to vending machine and any security equipment. 4. One lock equals to eight locks, save cost and environment friendly. 5. Designed to fit NAMA/Japanese standard T-handle/L-handle.

Application: Vending machine, refrigerator vending machine, supermarket & express locker, control cabinet, shared rental cabinet, etc.

A black rectangular electronic module, likely a sensor or actuator, with a metal bracket attached to its side. A cable with a connector is plugged into the top of the module.

Material	Steel
Finished	blue-white zinc
Applications	Vending machine, refrigerator vending machine, supermarket & express locker, control cabinet, shared rental cabinet, etc.
Speciality	1. Working voltage: 12V 2. Working current: 0.6-3A 3. Life time: 50,000 times 4. Optional feedback function for switch.

COMBINATION LOCK / LOCKER LOCK

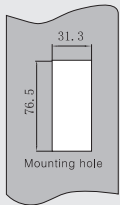

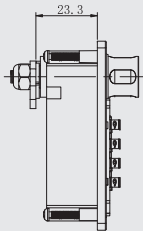

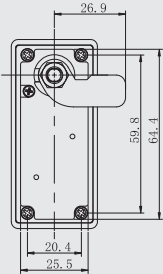

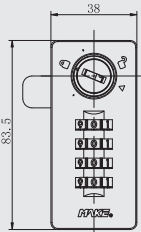

Applications: All the high quality office facility and furniture, lockers, cabinet etc.

MK716(M0660 0275 100)

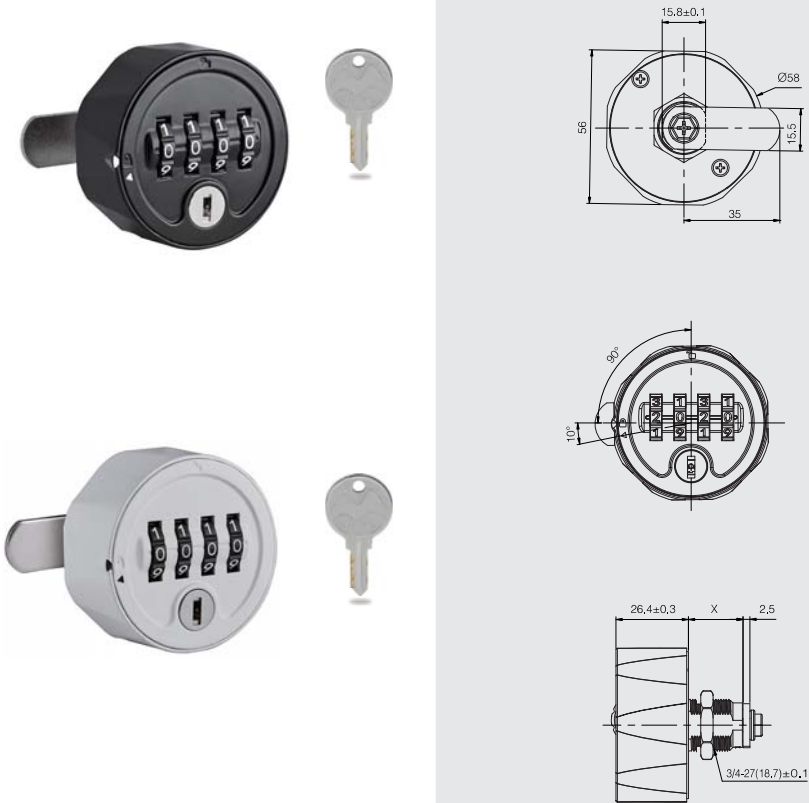

Master key

Material	Zinc alloy, ABS
Finished	Satin chrome or black power coated
Key combination	10,000
Applications	Locker, ABS cabinet, storage etc.
Speciality	1. Resettable function, 2. Master key for emergency unlocking. 3. Retrieve the combination by master key when forget password. 4. Suitable for various door thicknesses from 0,6mm to 20mm (metal ,wood,glass,plastic...),

MK718 (M0660 0195 101)

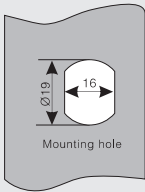

Material	Zinc alloy, Brass, steel
Finished	Powder coating, different color available
Function length (x)	20,5mm / 30,5mm
Applications	Ideal application for School, Hospital, Office, Airport, Railway station, Gym, Spa, Health and Fitness clubs, Golf, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers/ doors-plastic/ metal/ laminate etc.,
Speciality	1. Easy operate: Easy to install on standard 16*19mm mounting hole and operate by code 2. All metal: Durable with all metal lock housing 3. Scrambled automatically: Resettable function, code go back to 0-0-0-0 when lock and unlock. 4. Retrieve code: Retrieve code by master key 5. Wide application: Suitable for various door thicknesses from 0,6mm to 20mm (metal ,wood,glass,plastic...)

MK708 (M0060 0215 101)

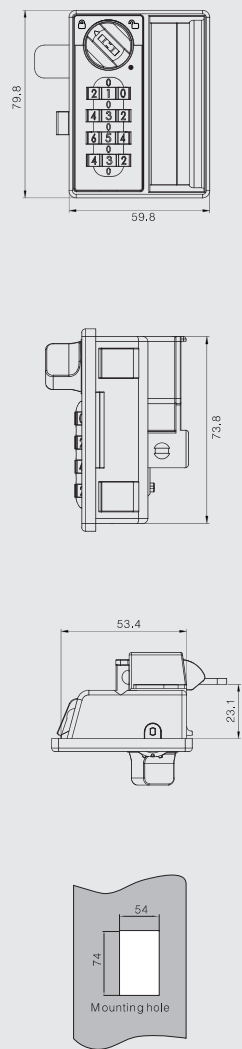

Material	Zinc alloy, Brass, steel
Finished	Powder coating, different color available
Function length (x)	20,5mm / 30,5mm
Applications	Ideal application for School, Hospital, Office, Airport, Railway station, Gym, Spa, Health and Fitness clubs, Golf, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers/ doors-plastic/ metal/ laminate etc.,
Speciality	1. Easy operate: Easy to install on standard 16*19mm mounting hole and operate by code 2. All metal: Durable with all metal lock housing 3. Master key: Emergency unlocking by master key. 4. Retrieve code: Retrieve code by master key 5. Wide application: Suitable for various door thicknesses from 0,6mm to 20mm (metal , wood, glass, plastic...)

MK706 (M0660 0146 400)

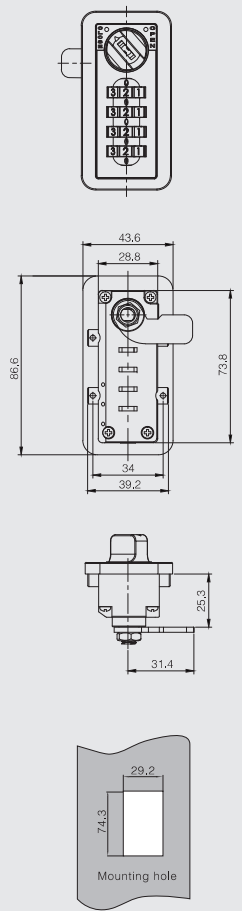

Material	Zinc alloy,plastic
Finished	Powder coating
Key combination	Digit code combination lock with manage key
Applications	Office facility and furniture, locker, metal/ wooden/ plastic cabinet, boxes, storage etc.
Instruction	Unlocking • Enter yout 4 digit code. • Turn the knob to the OPEN position. Code Set • Make sure the knob is in the open position. • Set any 4 digit code. • Turn the knob to the CLOSE position. • Scramble the code. Code search • Insert the master key to open, turn the knob clockwise to the DOT position. • Turn the dials in turn from left to right until they can't be turned to retrieve the code. • Turn the key counterclockwise back to the CLOSE position, then pull out the key.
Speciality	1. Easy operation: Easy install and operate by code. 2. Master key: Emergency unlocking by master key. 3. Retrieve code: Retrieve code by master key 4. Application for metal, wooden and plastic doors with 0,6–20mm door thickness.

MK707 (M0660 0094 400)

Material	Zinc alloy,plastic
Finished	Powder coating
Key combination	Digit code combination lock with manage key
Applications	Office facility and furniture, locker, metal/ wooden/ plastic cabinet, boxes, storage etc.
Instruction	Unlocking • Enter yout 4 digit code. • Turn the knob to the OPEN position. Code Set • Make sure the knob is in the open position. • Set any 4 digit code. • Turn the knob to the CLOSE position. • Scramble the code. Code search • Insert the master key to open. • Turn the knob to the CLOSE position. • Remove the master key. • Insert the search tool to the pin hole. • Push in the search tool and simultaneously turn all dials until it stops. • The final code displayed is the current code.
Speciality	1. Key operated and combination available. 2. Master key for emergency opening. 3. Retrievable the combination by tool when forget password.

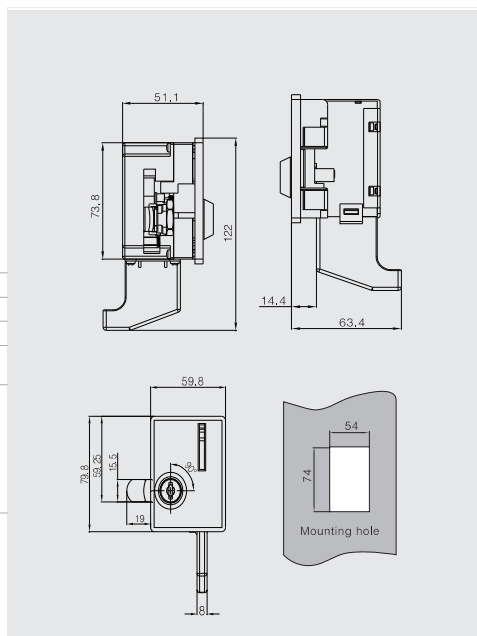

Door thickness	Screw	Bend mounting plate	Flat mounting hole
0.6-1.2mm	ST2,9*10	√

16mm	ST2,9*16		√
18mm	ST2,9*19		√
20mm	ST2,9*21		√

MK303 (M0571 0190 100)

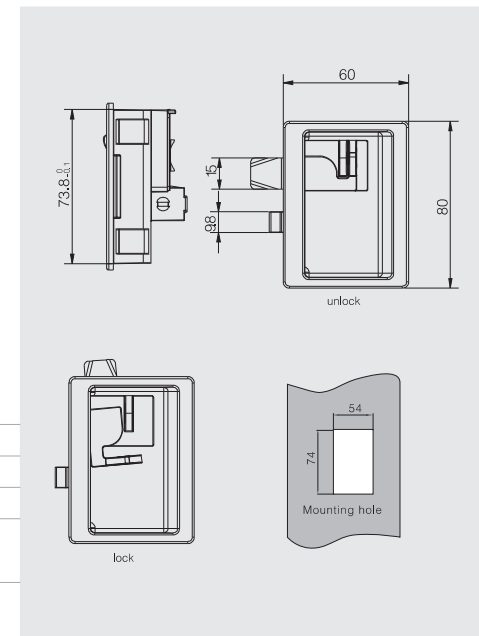

Material	ABS & Zinc alloy
Finished	Bright chrome, nickel
Key combination	Master key system
Applications	Locker, ABS cabinet, metal/ wooden cabinet, boxes, storage etc.
Instruction	Locked: - Put 1 coin into the coin slot, - Turn 90 degree anticlockwise, - Pull out the key, and locked. Unlock: - Insert key and rotate 90 degree clockwise, It is unlock. - Pick up the coin,
Speciality	- Coin lock made of ABS cover, anti rust & waterproof. - Workable for coins of different countries. - Lock cylinder is replaceable by removable core key. - Coin lock with laser key system that keys can not be duplicated outside factory, high security. - Customer-oriented development available.

MK308 (M1671 0255 000)

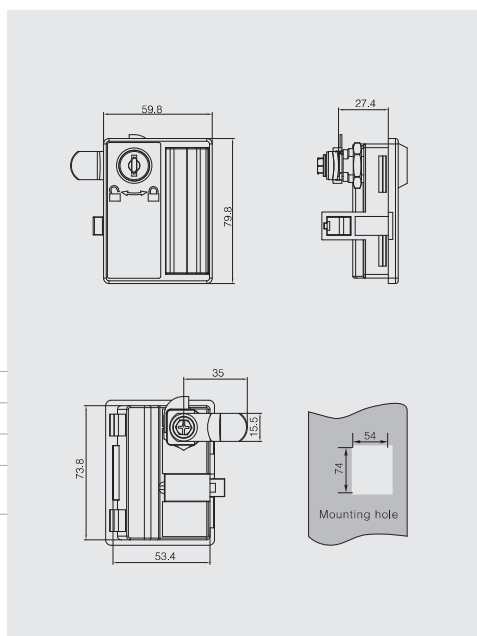

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	
Applications	Office facility and furniture, ABS cabinet, metal/ wooden/ plastic cabinet, boxes, storage etc.
Speciality	- Handle convenient. - With padlock of up to 8mm in diameter. - Customer-oriented development available.

MK306

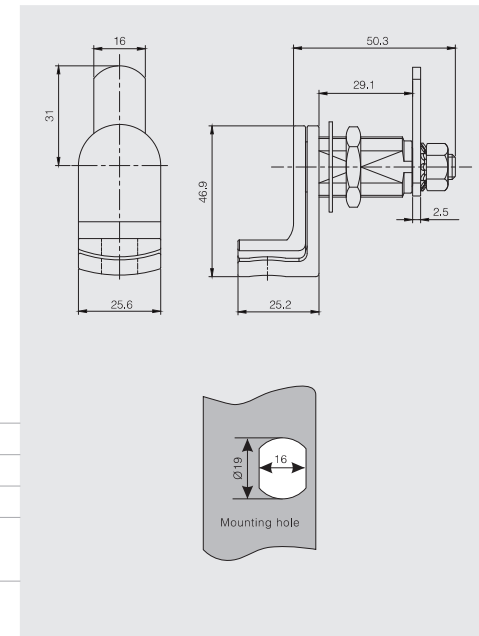

Material	Zinc alloy, ABS
Finished	Bright chrome, nickel
Key combination	10, 000
Applications	Locker, ABS cabinet, metal/ wooden cabinet, boxes, storage etc.
Speciality	10 tumblers lock mechanism with laser key. - Products can be keyed alike and master keyed. - Available in custom finish (standard finish is chrome). - Clockwise or counter clockwise operation key retaining only.

MK402-1 (M1666 0305 400)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	
Applications	Office facility and furniture, locker, metal/ wooden/ plastic cabinet, boxes, storage etc.
Speciality	- Handle convenient. - With padlock of up to 8mm in diameter. - Customer-oriented development available.

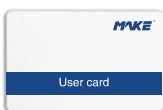

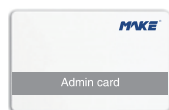

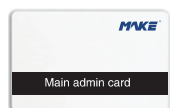

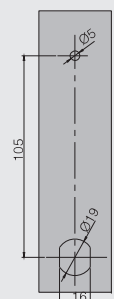

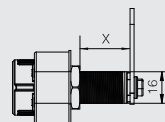

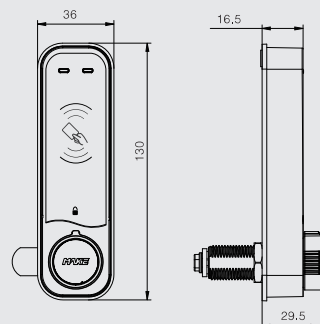

MK729 (M2292 0305 102)

Anti-microbial

Material	Zinc alloy
Finished	Satin chrome or black powder coated
Function length (x)	20,5mm / 30,5mm
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, delivery boxes and general enclosures.
Speciality	1. RFID operation: Easier operation. 2. All metal housing: Elegant, more attractive appearance. 3. Three-level management: Main admin, Admin, User. 4. Public and Private mode: One lock can switch between public mode and private mode freely. 5. Master key: Emergency unlocking. 6. IP65 rating: High level resistance to water, humidity and dust. 7. Low battery warning: Low battery indicator. 8. Anti-microbial: Optional with anti-microbial (Esche richia coil and Staphylococcus aureus) up to 97%. 9. Door thickness available: Various door thicknesses from 0,6mm to 20mm (metal, wood, glass, plastic,...).

Mounting hole

MK730-V (M2262 0305 107)

Anti-microbial

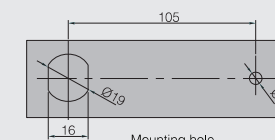

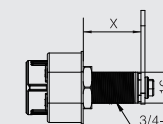

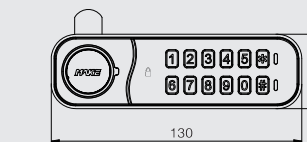

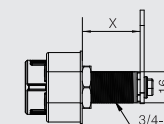

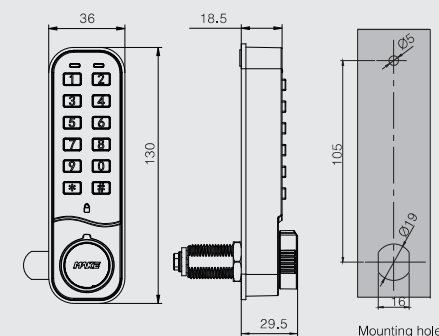

MK730-H (M2262 0305 115)

Anti-microbial

Material	Zinc alloy
Finished	Satin chrome or black powder coated
Function length (x)	20,5mm / 30,5mm
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, drawer, tool boxes and general enclosures.
Speciality	1. Keypad operation: More durable and easier operation. 2. All metal housing: Elegant, more attractive appearance. 3. Suitable for left and right doors using. 4. Three-level management: Master, Sub-master, User. 5. Public and Private mode: Same lock can switch between public mode and private mode freely. 6. Master key: Emergency unlocking. 7. IP65 rating: High level resistance to water, humidity and dust. 8. Low battery warning: Low battery indicator. 9. Anti-microbial: Optional with anti-microbial (Esche richia coil and Staphylococcus aureus) up to 97%. 10. Door thickness available: Various door thicknesses from 0,6mm to 20mm (metal, wood, glass, plastic,...).

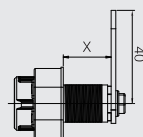

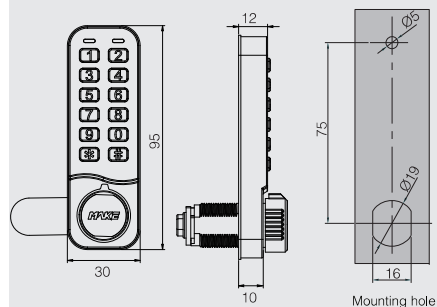

Mounting hole

MK731-V (M2262 0205 101)

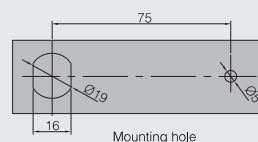

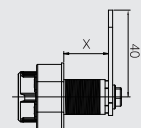

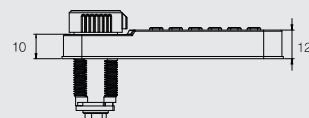

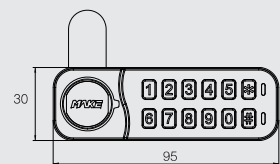

Anti-microbial

MK731-H (M2262 0205 126)

Anti-microbial

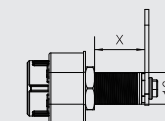

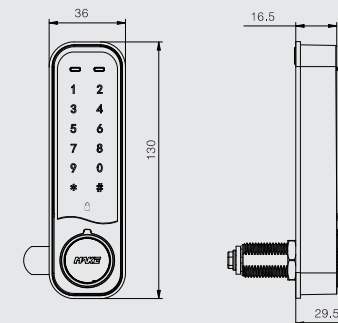

Material	Zinc alloy
Finished	Satin chrome or black powder coated
Function length (x)	20,5mm / 30,5mm
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, drawer, tool boxes and general enclosures.
Speciality	1. Keypad operation: More durable and easier operation. 2. All metal housing: Elegant, more attractive appearance. 3. Suitable for left and right doors using. 4. Three-level management: Master, Sub-master, User. 5. Public and Private mode: Same lock can switch between public mode and private mode freely. 6. Master key: Emergency unlocking. 7. IP65 rating: High level resistance to water, humidity and dust. 8. Low battery warning: Low battery indicator. 9. Anti-microbial: Optional with anti-microbial (Escherichia coli and Staphylococcus aureus) up to 97%. 10. Door thickness available: Various door thicknesses from 0,6mm to 20mm (metal, wood, glass, plastic...).

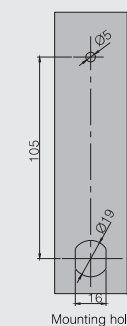

MK735 (M2262 0305 129)

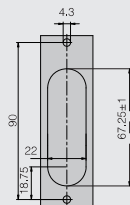

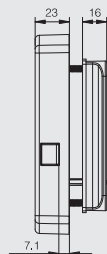

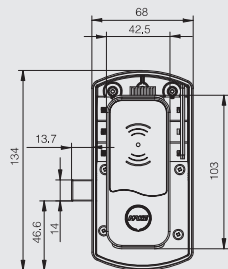

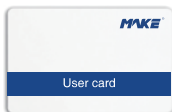

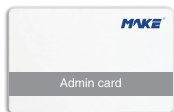

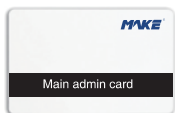

Anti-microbial

Material	Zinc alloy
Finished	Satin chrome or black powder coated
Function length (x)	20,5mm / 30,5mm
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, drawer, tool boxes and general enclosures.
Speciality	1. Touch Keypad operation: More durable and easier operation. 2. All metal housing: Elegant, more attractive appearance. 3. Three-level management: Master, Sub-master, User. 4. Public and Private mode: One lock can switch between public mode and private mode freely. 5. Master key: Emergency unlocking. 6. IP65 rating: High level resistance to water, humidity and dust. 7. Anti-microbial: Optional with anti-microbial (Escherichia coli and Staphylococcus aureus) up to 97%. 8. Door thickness available: Various door thicknesses from 0,6mm to 20mm (metal, wood, glass, plastic...).

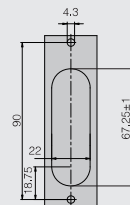

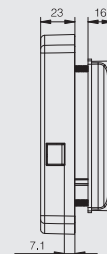

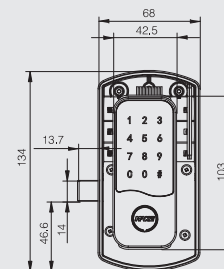

MK732 (M2292 0075 100)

Mounting hole

Material	Zinc alloy
Finished	Satin chrome
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, delivery boxes and general enclosures.
Speciality	1, RFID operation, all metal housing. 2, Mifare standards operating at 13.56 MHz frequency. 3, Three levels of management: Main-admin, Admin, User card. 4, Switch public use and private use freely. 5, Master key for emergency unlocking. 6, 3 standard AA alkaline batteries. 7, Auto unlock/lock, flexible installation.

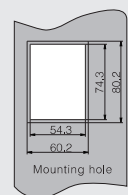

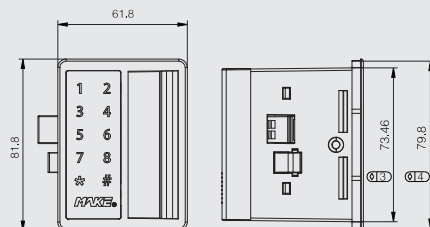

MK733 (M2262 0075 100)

Mounting hole

Material	Zinc alloy
Finished	Satin chrome
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, delivery boxes and general enclosures.
Speciality	1, Touch keypad operation, all metal housing. 2, Three levels of management: Master, Sub-master, User code. 3, Switch public use and private use freely. 4, Master key for emergency unlocking. 5, 3 standard AA alkaline batteries. 6, Auto unlock/lock, flexible installation. 7, Suitable for doors in wooden/ plastic/ metal/ laminate etc.

MK722 (M2262 0305 400)

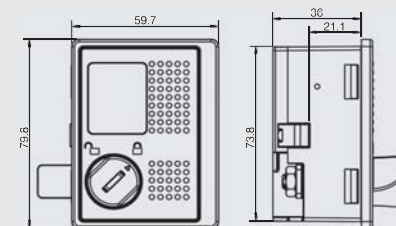

Material	ABS
Finished	White color as standard, different color available
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture and general enclosures.
Speciality	1. Touch keypad operation, quick and easy to install, non-screw. 2. Three levels of management: Master, Sub-master, User code. 3. Public use and private use are available. 4. 3 standard AA alkaline batteries. 5. Auto unlock/ lock. 6. Suitable for doors in wooden/ plastic/ metal/ laminate etc.

MK721 (M2292 0255 100)

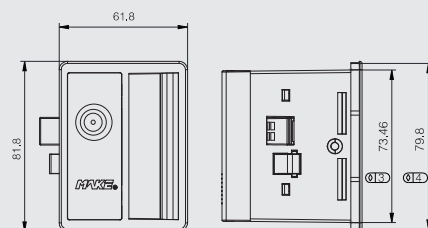

Master key

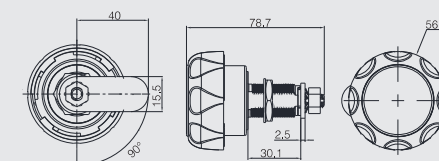

Material	ABS
Finished	White color as standard, different color available
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture and general enclosures.
Speciality	1. RFID operation, with knob unlock 2. Mifare standards operating at 13.56 MHz frequency 3. Three levels of management: Main-admin, Admin, User card 4. Public use and private use are available 5. 3 standard AA alkaline batteries 6. Master key for emergency unlocking

MK723 (M2292 0255 422)

Material	ABS
Finished	White color as standard, different color available
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture and general enclosures.
Speciality	1. RFID operation: Easier operation. 2. Easy installation: quick and easy to install, non-screw. 3. Three-level management: Main admin, Admin, User. 4. Mode: Public mode and private mode are available. 5. Auto unlock/lock: The deadbolt lock and unlock automatically. 6. Low battery warning: Low battery indicator. 7. Wide application: Suitable for doors in wooden/ plastic/metal/laminate etc.

MK726 (M0092 0305 403)

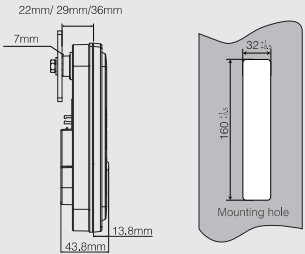

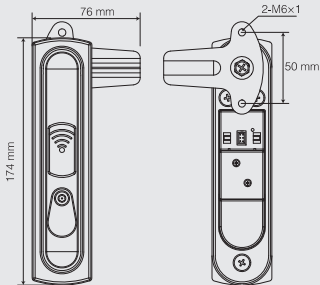

Material	Zinc alloy, nylon
Finished	Black color as standard, different color available
Applications	Application for School, Office, Hospital, Gym, Clubs, Swimming Pool, Sauna, Athletic locker rooms, suitable for all types of lockers, cabinets, furniture, delivery boxes and general enclosures.
Speciality	1. RFID operation 2. Mifare standards operating at 13.56 MHz frequency 3. Three levels of management: Main-admin, Admin, User card 4. Switch public use and private use freely 5. Master key for emergency unlocking 6. Standard CR2477 button cell 7. D19 standard mounting hole, left and right door using

CABINET / HANDLE LOCK

Application: metal cabinet, intelligent terminal, distribution box/communication/ cabinet, server, etc.

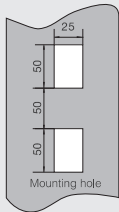

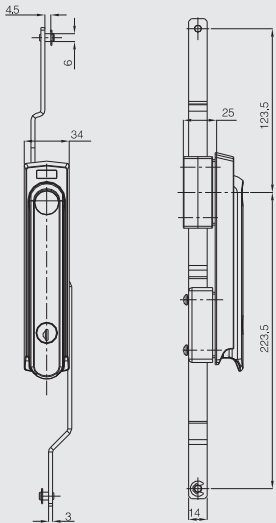

MK436(M0270 0245 100)

Material	Zinc alloy
Finished	Bright chrome, powder coating
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	Unlock methods: 1. Mechanical key 2. Remote control (RS485 protocol) 3. RFID

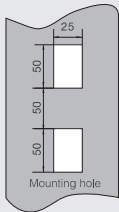

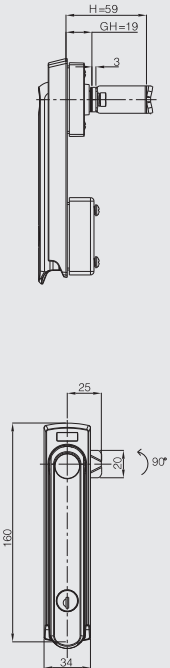

Rated voltage: 12V
Rated current: 250-300mA
Power type: Direct current
Light: 1×Double color light (red & green)
Function length: 22.5mm(adjustable)
IP rate: IP6
Tensile tolerance (locked) : 2000N, 3Mins
Working temperature: -40°C~70°C
Working humidity: 5%~95%

MK401 (M0240 3470 200)

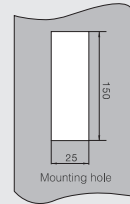

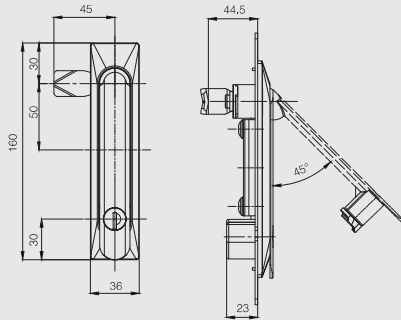

Material	Zinc alloy
Finished	Bright chrome
Key combination	500
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1, Stronger handle 2, Durable finish 3, Dimple key system, high security and smooth hand feeling. 4, Customization available.

MK400 (M0240 0450 200)

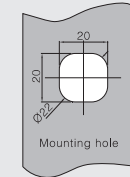

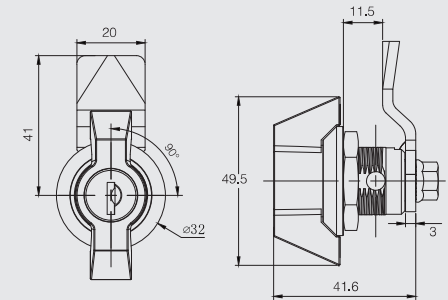

Material	Zinc alloy
Finished	Bright chrome
Key combination	500
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1, Stronger handle 2, Durable finish 3, Dimple key system, high security and smooth hand feeling. 4, Customization available.

MK404 (M0210 0445 200)

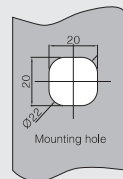

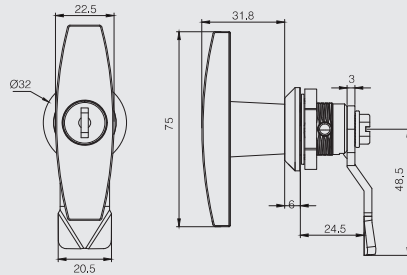

Material	Zinc alloy
Finished	Powder coating
Key combination	50
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Thinner surface, attractive appearance. 2. Customization available.

MK405-5 (M0214 0115 201)

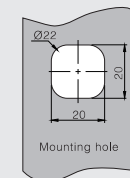

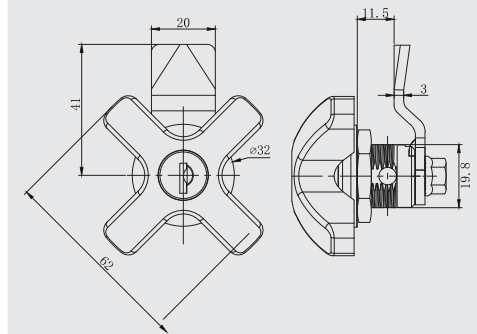

Material	Zinc alloy
Finished	Bright chrome, powder coating
Key combination	500
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. W-handle 2. Customization available.

MK405-1 (M0281 0248 200)

Material	Zinc alloy
Finished	Powder coating
Key combination	Over 10,000
Applications	Terminal equipment, metal/ wooden cabinet, pay phone, underground strobe, vending/ game machine, locker, AD showcase, ATM, coin-op, mail box & tools box, street kiosk, furniture, POS, parking meter etc.
Speciality	1. T-handle 2. Laser key system, high security. 3. Customer-oriented development available.

MK405-06 (M0214 0115 202)

Material	Zinc alloy
Finished	Bright chrome, powder coating
Key combination	500
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Lock handle in "X" shape. 2. With stainless steel dust cover. 3. Customization available.

MK407-1
(M0067 0181 403)

MK407-2
(M0067 0181 405)

MK407-3
(M0067 0181 404)

MK407-4
(M0067 0181 408)

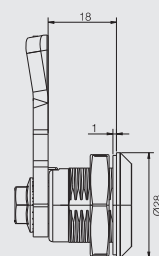

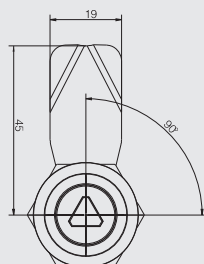

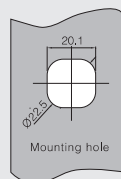

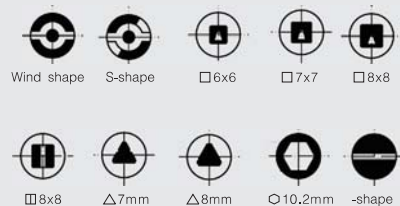

MK407-5
(M0067 0181 400)

MK407-6
(M0067 0181 407)

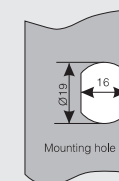

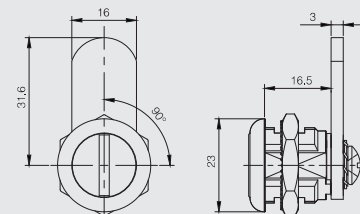

Material	Zinc alloy
Finished	Bright chrome, powder coating
Key combination	
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Different types of key available. 2. Customization available.

MK407-7 (M0066 0165 400)

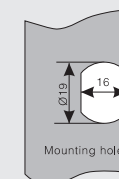

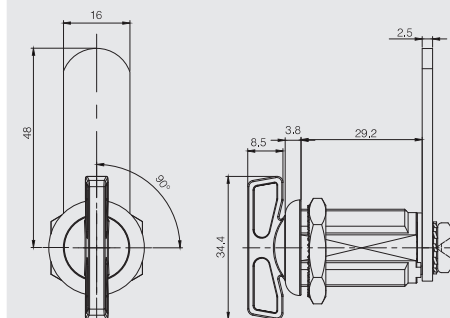

Material	Zinc alloy
Finished	Blue-white zinc
Key combination	Industrial line-styled key
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Line-styled key, early handle. 2. Customization available.

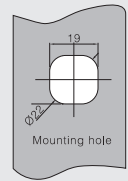

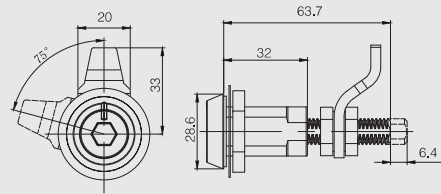

MK407-8 (M0066 0292 400)

Material	Zinc alloy
Finished	Nickel
Key combination	
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. With a W shaped knob, open/ close door conveniently. 2. Customization available.

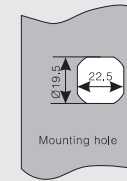

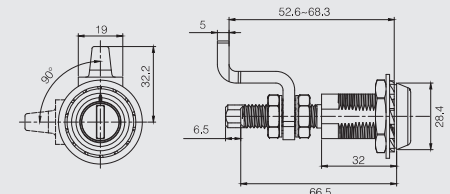

MK411-1 (M0067 0320 400)

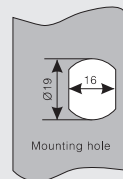

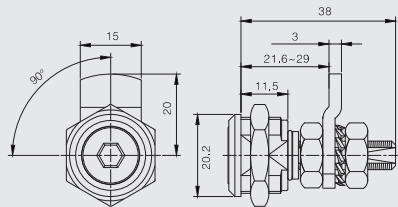

Material	Zinc alloy
Finished	Bright chrome
Key combination	Hexagonal key
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Hexagonal key 2. Customization available.

MK413 (M0067 0320 401)

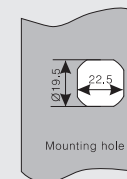

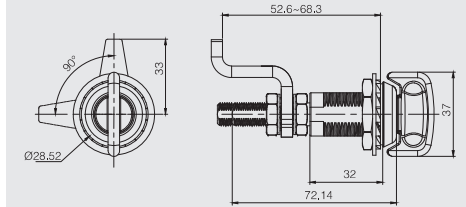

Material	Zinc alloy
Finished	Bright chrome, powder coating
Key combination	
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Line-styled key. 2. Customization available.

MK412-1 (M0066 0290 400)

Material	Zinc alloy
Finished	Bright chrome
Key combination	Hexagonal key
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. Hexagonal key 2. Customization available.

MK414 (M0067 0320 402)

Material	Zinc alloy
Finished	Bright chrome, powder coating
Key combination	
Applications	Metal cabinet, intelligent terminal, distribution box, switch box, server, telecom cabinet, locker, train, vending/game machine, ATM, kiosk, subway equipment, etc.
Speciality	1. W-handle. 2. Customization available.

PUSH LOCK / LOCK CYLINDER / VEHICLE LOCK

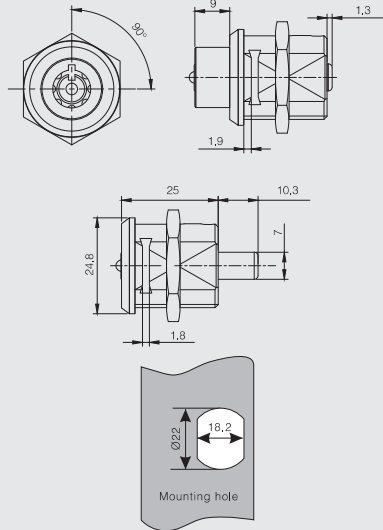

Application: advertising box, display cabinet, parking meter, access control, glass doors and windows, petrol filling equipment, underground gate, locker, safety box, kiosk, tablet, self-service, etc.

MK500 (M0103 0318 100)

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Spindle length adjustable. 2. Anti-drill ball available. 3. 7 pins or 10 pins available. 4. Master key system available. 5. Customization available.

MK502 (M0102 0175 100)

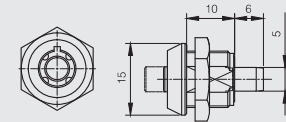

MK502-11 (M0102 0177 100)

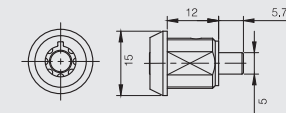

Material	Zinc alloy, brass
Finished	Bright chrome, nickel
Key combination	1000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Mini size. 2. Spindle length size adjustable. 3. 4 pins or 7 pins available. 4. Two types of inner structure. 5. Customization available.

MK502

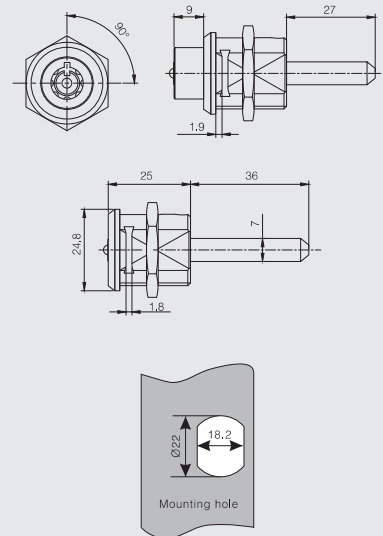

MK502-11

MK500-4 (M0103 0575 100)

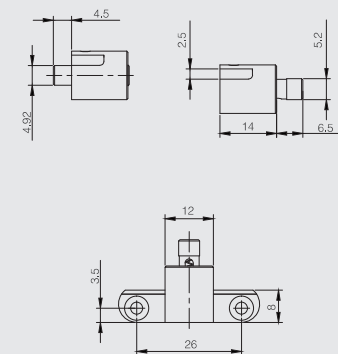

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Spindle length adjustable. 2. Anti-drill ball available. 3. 7 pins or 10 pins available. 4. Master key system available. 5. Customization available.

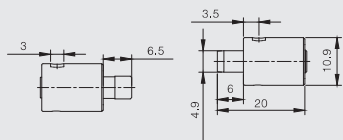

MK506-5 (M0100 0187 100)

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	1000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Mini size. 2. 4 pins or 7 pins available. 3. Screw mounting. 4. Customization available.

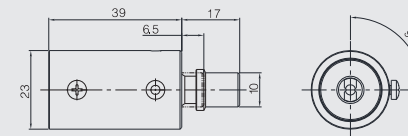

MK506 (M0100 0200 100)

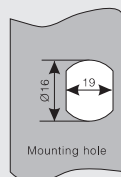

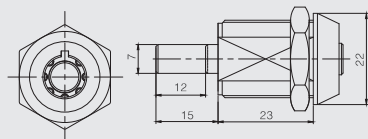

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	1000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Mini size. 2. Spindle size adjustable. 3. 4 pins or 7 pins available. 4. Two types of inner structure. 5. Customization available.

MK510-2 (M0120 0560 101)

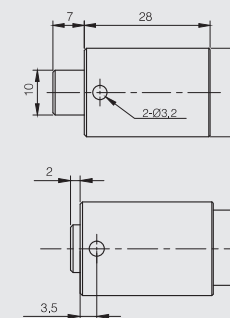

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. High security key system. 2. Customization available.

MK513 (M0101 0385 100)

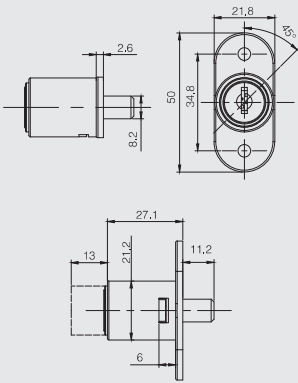

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Spindle length adjustable. 2. Customization available.

MK511-02 (M0120 0075 100)

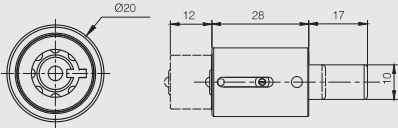

Material	Zinc alloy,brass
Finished	Bright chrome, nickel
Key combination	Over 1000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. High security key system. 2. Customization available.

MK504-2 (M0110 0383 100)

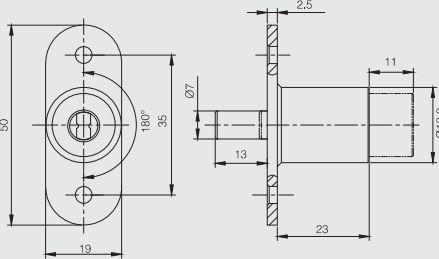

Material	Zinc alloy
Finished	Bright chrome
Key combination	10
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Spindle length adjustable. 2. Screw mounting. 3. Customization available.

MK511-01 (M0100 0450 102)

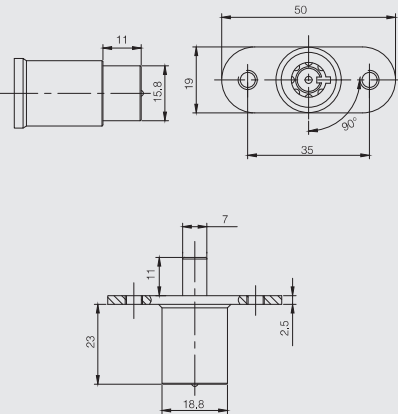

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Spindle length adjustable. 2. Anti-drill ball available. 3. 7 pins or 10 pins available. 4. Master key system available. 5. Customization available.

MK511-05 (M0120 0130 101)

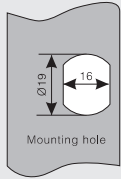

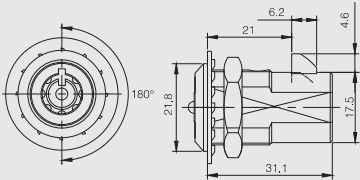

Material	Zinc alloy, brass
Finished	Bright chrome
Key combination	Over 1000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. High security key system. 2. Customization available.

MK511-04 (M0100 0365 100)

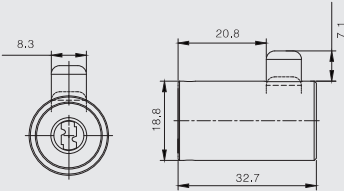

Material	Zinc alloy
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	1. Anti-drill ball available. 2. 7 pins or 10 pins available. 3. Screw mounting. 4. Customization available.

MK203-7 (M1301 0207 100)

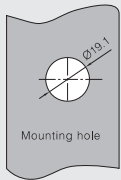

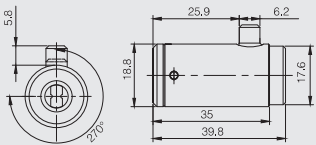

Material	Zinc alloy
Finished	Bright chrome
Key combination	10,000
Applications	Intelligent terminal, metal cabinet, underground gate, locker, safety box, advertising box, motorcycle, tools box, trailer, train, vehicle, yacht, parking meter, access control, glass door and window, petrol filling equipment, display box, etc.
Speciality	Customization available.

MK206-2 (M1320 0207 100)

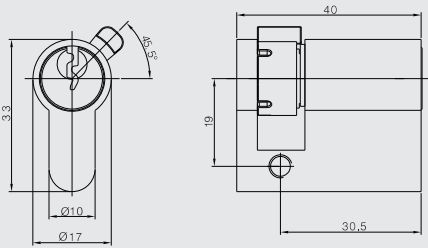

Material	Harden steel
Finished	Bright chrome
Key combination	Over 10,000
Applications	Intelligent terminal, safety box, motorcycle, trailer, train, vehicle, yacht, etc.
Speciality	1. Durable material, anti rust and waterproof. 2. High security key system. 3. Customization available.

MK205 (M1301 0260 100)

Material	Harden steel, brass
Finished	Bright chrome, nickel
Key combination	Over 10,000
Applications	Intelligent terminal, safety box, motorcycle, trailer, train, vehicle, yacht, etc.
Speciality	1. Durable material, anti rust and waterproof. 2. High security key system. 3. Customization available.

MK114-32 (M0050 0400 100)

Material	Brass
Finished	Bright chrome
Key combination	3,000
Applications	Door, drawer, cabinet, equipment etc.
Speciality	1. Durable material, anti rust & waterproof. 2. High security key system, smooth hand feeling. 3. Customization available.

VEHICLE LOCK

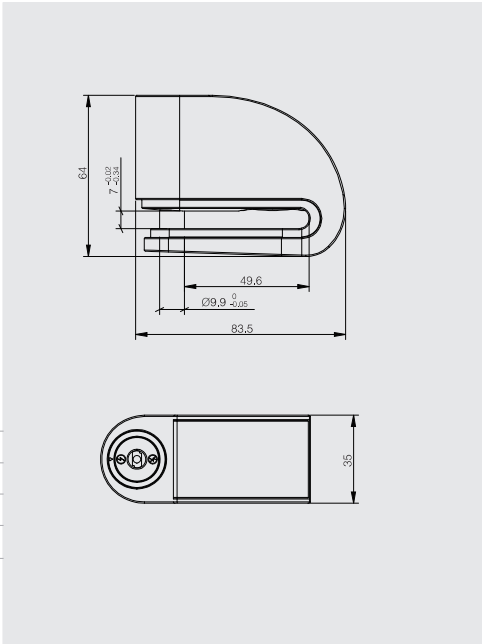

Application: motorcycle, bicycle, yacht, truck, RV, roof rack, bike rack, container, etc.

MK619 (M0920 0070 102)

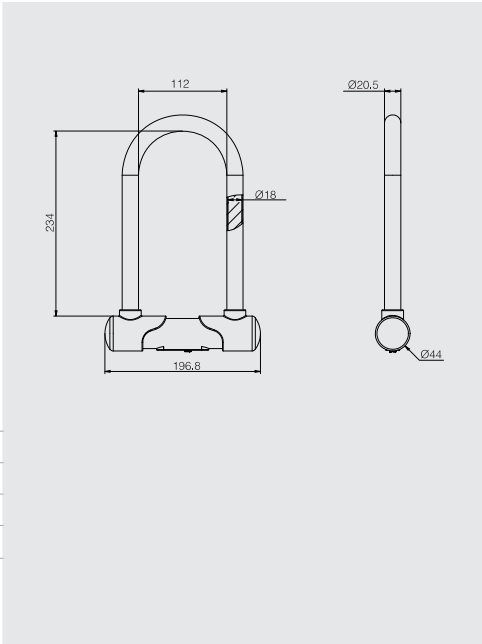

Material	Zinc alloy, stainless steel, copper
Finished	Powder coating
Key combination	Over 10,000
Applications	Motorcycle, bicycle, yacht, truck, containers etc.
Speciality	1. IP 55, 2. Alarm/None Alarm mode available. 3. Alarm volume: 110-120 dB

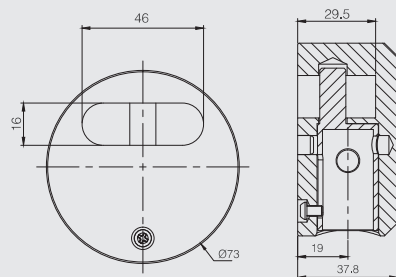

MK620

Material	Zinc Alloy, Hardened Steel
Finished	Black Powder Coating
Key combination	10,000
Applications	Motorcycle, e-bike, scooter, bike etc.
Speciality	1. Durable material, sawing resistant 2. High key system, anti-pick 3. Suitable for using outside

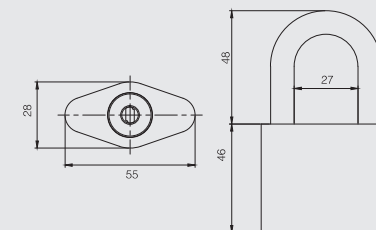

MK618 (M0370 0160 000)

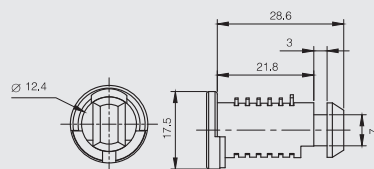

Material	Harden steel
Finished	Satin chrome
Key combination	Over 10,000
Applications	Warehouse, gun cabinet, metal cabinet, container, truck, trailer, kiosk, motorcycle, yacht, train, locker, switch box, etc.
Speciality	1. Heavy duty padlock. 2. Durable material, anti rust, waterproof. 3. High security disc key system.

MK611 (M0320 0480 101)

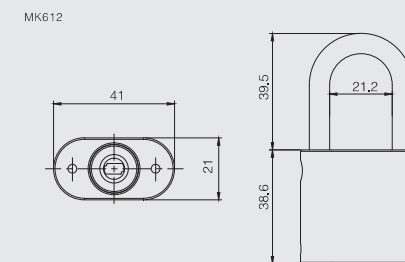

Material	Brass, harden steel
Finished	Bright chrome, spray paint
Key combination	Over 10,000
Applications	Warehouse, armory, metal cabinet, container, truck, kiosk, motorcycle, yacht, train, locker, distribution box, etc.
Speciality	1. Heavy duty padlock. 2. Durable material, anti rust, waterproof. 3. Top security disc key system.

MK104-45 (M1810 0155 000)

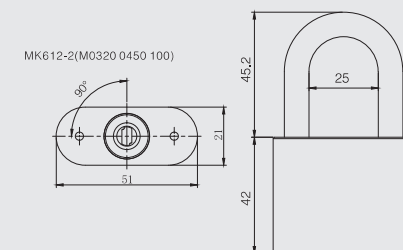

Material	Zinc alloy
Finished	Phosphating
Key combination	500
Applications	Metal/wooden cabinet, terminal, server, train, trailer, motorcycle, etc.
Speciality	1. With stainless steel dust cover. 2. Special lock structure. 3. Customization available.

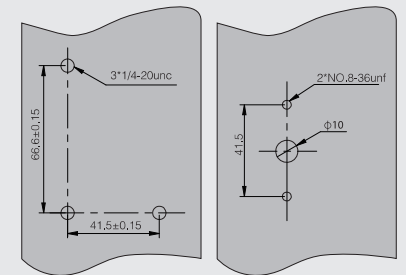

MK612 (M0320 0395 101)

Material	Brass, harden steel
Finished	Bright chrome, spray paint
Key combination	Over 10,000
Applications	Warehouse, armory, metal cabinet, container, truck, kiosk, motorcycle, yacht, train, locker, distribution box, etc.
Speciality	1. Heavy duty padlock. 2. Durable material, anti rust, waterproof. 3. Top security disc key system.

SAFE LOCK

A modern, dark grey safe with its door open, revealing yellow and red storage boxes inside. The safe is positioned in a minimalist room with a grey wall, a floor lamp, and a potted plant. The safe has a silver handle and a circular combination lock. The room has a light grey floor and a grey wall. A floor lamp with a black frame and a beige shade is to the right of the safe. A potted plant with green leaves is in the bottom left corner.

Lock head

A

- * The whole piece of lock cylinder could be taken out
- * 360° rotation for the lock head
- * Master key system available

B

- * Satin chrome surface finished
- * Master key system available

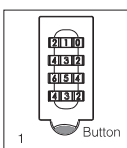

C

- * Master key system available

D

Combination reset

Lock open

- * Default code at "0-0-0-0"
- * Turn dials to the correct code

Button push

- * Press and hold the code setting button

Code set

- * Set the dials to the new code and release the button

New code

- * Scramble the code to lock

COMPUTER / LAPTOP LOCK

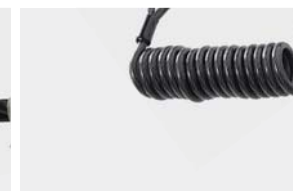

Applicable for projector, computer, mobile phone, camera, suitcase etc.
