Smart glasses

Shenzhen IU Technology Co.,Ltd
A high-tech enterprise specializing in R&D, design, and manufacturing of smart wearable products. Headquartered in Shenzhen, China's innovation hub, we integrate industrial design, hardware development, manufacturing, and brand sales to deliver premium smart wearables and customized solutions globally.
Core Products
Smart Watches: Comprehensive series featuring sports/health monitoring, multi-functional interaction, and long battery life.
Smart Rings: Focus on fashion-forward health tracking, comfortable fit, and private interaction.
Smart Glasses: Equipped with AR displays, Bluetooth calling, and AI voice assistants.
Service Advantages
OEM/ODM Support: End-to-end services from concept design to mass production.
Full Supply Chain Control: In-house production + strict QC ensure cost efficiency and rapid iteration.
Innovative R&D: Continuous investment in sensor algorithms, ultra-low power design, and human-machine interaction.
Collaboration Fields
Products serve health management, sports tech, and consumer electronics sectors. Partners include global brands, distributors, and tech innovators.

Mission: Redefine wearable experiences through smart technology.

Vision: Become a global leader in smart wearable solutions.
