iWALK Link Me 4 (USB C & Lightning) 4500 mAh Power Bank Review

TechGuru | December 6, 2019 | Electronics, Power Banks | No Comments

These days, our smartphones provide a vital link to the outside world. And it's not just about being able to make a phone call when you need to. More and more of our tasks are becoming impossible without our electronic devices. Want to keep track of your grocery list? There's an app for that. Need to get directions? Barring a

iWALK continues airline expansion with Cathay Pacific and Cathay Dragon

By ANDREW PENTOL | Tuesday, 18 February 2020 9:55

Premium global accessories brand iWALK has launched its True Wireless Earbuds and Portable Charger with Cathay Pacific and Cathay Dragon this month.

As reported, the company is already supplying DF&TR exclusive products to over 20 airlines including Singapore Airlines, Royal Air Maroc, Aeroftot, Air Caraibes and JetStar Asia Airlines.

Scorpion Air Pro Power Bank is a travel retail/duty free exclusive item. It has three built-in cables (Type-C, Lightning and USB-A self-recharge cables) and supports 18W-PD and 10W Qi wireless charging. This enables power to be shared.

In order to reduce fatigue during trips, iWALK has launched Amour Air Shell 2-in-1 TWS Earbuds for travellers. The earbuds have 14 hours of battery life and can be switched between BT speaker and TWS earbuds with 3D natural sound.

Harvey Shang, Sales Director, iWALK said: "iWALK has been committed to the development and production of high-quality accessories. Through cooperation with large airlines such as Singapore Airlines in recent years, iWALK has a good understanding of consumer needs in aviation and travel retail and duty free channels and seeks more cooperation to enhance the consumer experience during travel."

The company is already supplying DF&TR exclusive products to over 20 airlines.
