Company Profile

Dongguan Tangxi Electronics Technology Co. Ltd was established in 2001. We are specialized in the R&D, production and marketing of electronic products such as Radios, Bluetooth speakers with Solar system. Tangxi is dedicated to technology import and export. Furthermore, our goal is to provide good qualified products based on customers' requirements. Customers can both design your preferred goods and take our original design. Currently we have already designed more than 500 kinds of Bluetooth speakers and radios. The quality and reputation can be guaranteed. We mainly export our goods to Africa, South America, the Middle East, the US and some Asian countries.

To offer customers with more efficient and convenient before-sales and after-sales services, Tangxi makes fully use of available resources and focuses on increasing the management system, especially on training employees. We aim to provide a win-win collaboration between the company and customers.

Our products are highly demanded by the market. Tangxi welcomes all the global customers to come and discuss for further cooperation.
