Part1

Company Profile

1-1 Company profile

Our factory was founded in 2004, for many years engaged in fine zinc and aluminium die-casting moulds and product design and manufacturing, with the world's most advanced Japanese original and domestic well-known brands of die-casting and advanced CNC machining production and testing equipment, post-process plating, oxidation, painting and other surface treatment for manufacturers and businesses to provide more reliable and high-quality cooperation. The company's team in the die-casting mould design and various types of surface treatment processes on the The company team in die-casting mould design and various types of surface treatment process on the experienced, can for the customer common design products and development process, and supply chain one supporting assembly, to provide customers with finished products supporting services.

After decades of rapid development, has become a well-known precision and high appearance requirements of aluminium alloy die casting, zinc alloy die casting, CNC precision machining, hand plate manufacturing, machining parts, die casting moulds, assembly of one of the production enterprises. The products are mainly used in communication cavity, monitor bracket, Mimi SAS (HDMI) ultra-thin all-in-one high-end wire shell, radiator, LED display frame, lamps, medical equipment, furniture supporting enterprises; precision parts are mainly used in digital cameras, optical communications, optical accessories, automotive parts, micro-motor and other industries, to Europe and the United States, Japan, Taiwan, Hong Kong and other customers mainly.

We set up a product division in 2022, Shenzhen Youli Technology Co., Ltd, focusing on ergonomic bracket products, laptop folding bracket, mobile phone rotating bracket, and peripheral wires and other high-quality products.

1-2 Development history

2004-09-24	Established Shenzhen Du Chuan Industry Co.
2005-03-21	Opened a factory in Longhua, Baoan District, Shenzhen to process Nokia mobile phone parts;Developed and produced metal cases for a number ofNokia models.
2007 年	Incorporated "Watanagawa (Hong Kong) Technology Limited". Development of zinc-aluminium alloy die-casting process and precision machining process for the production of precision parts for digital cameras, etc.
2008年	
2009年	Passed ISO9000 international quality system certification Entered the fibre optic communications industry, producing complete structural components with die casting as the core.
2011年	The factory was moved to Humen Town, Dongguan City, and registered as "Dongguan Du Chuan Hardware Products Co. Later renamed as "Dongguan Jinshida Precision Technology Co.
2014年	Dongguan factory passed ISO9001 quality system certification. Took over a Japanese die-casting plant and introduced a series of advanced Japanese original die-casting, post-processing and testing equipment.
2015年	Passed ISO14000 environmental quality system certification
2023年	Undergoing 16949 certification for the automotive industry.

1-3 Corporate structure

Management policy: pragmatic, innovative, precise, and healthy

1-4 Main Process Technology

1、Metal hand plate and 3D plastic hand plate production

2, aluminium alloy die-casting

3、Zinc alloy die-casting

4、Precision CNC processing

5, mould design and production

6, die-casting, deburring, grinding

7、Electroplating, painting, PVD, welding, etc.

(Surface treatment is outsourcing)

8, zinc aluminium alloy \ stainless steel and other hardware product design and production

9、Metal surface treatment

(1) Hand polishing and mechanical polishing mirror, brushed, sandblasted

(2) sand between light

Assembling: One-stop supply chain service (OEM and ODM are available).

1-5 Company Honours & Activities

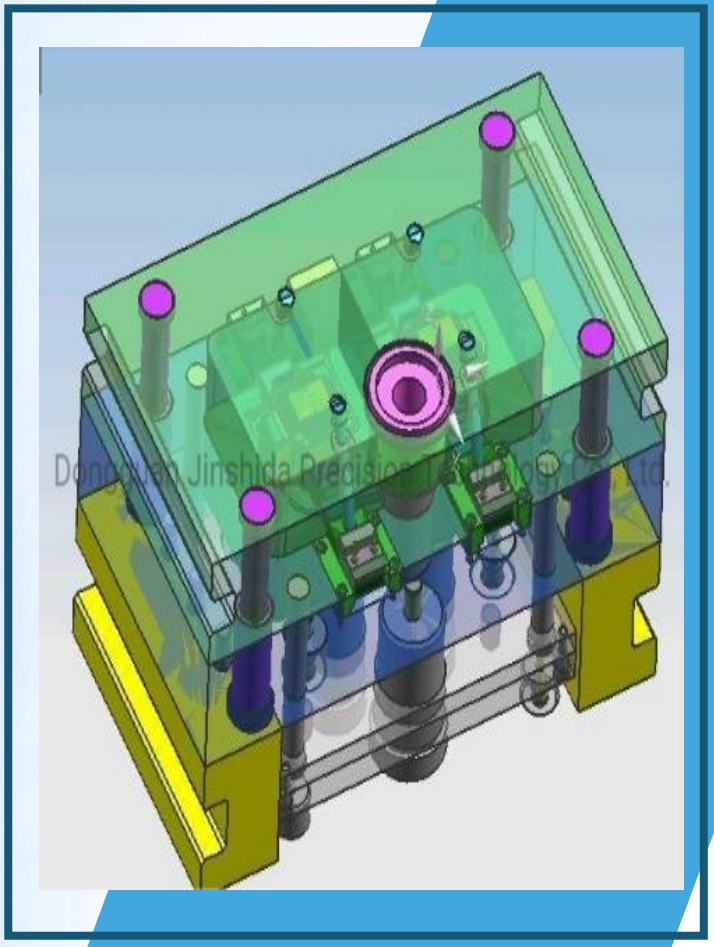

Outstanding Supplier 2018

Partner of the Year 2022

Made-in-China Certified Supplier

Part 2

Product Catalog

2-1 Housings for USB flash drives, USB, cables, connectors, HDMI, etc.

HDMI, Displayport housings and Type-C connector housings are our main products.

Die-casting one-piece ultra-thin HDMI housings, which can get better anti-electromagnetic interference effect, are widely used in high-end 4K and 8K cables.

2-2 Automobile accessories

Car Remote Key Metal Parts

Auto Parts: automatic key die casting (zinc alloy)

Client: Specialist auto parts companies (Audi, etc.)

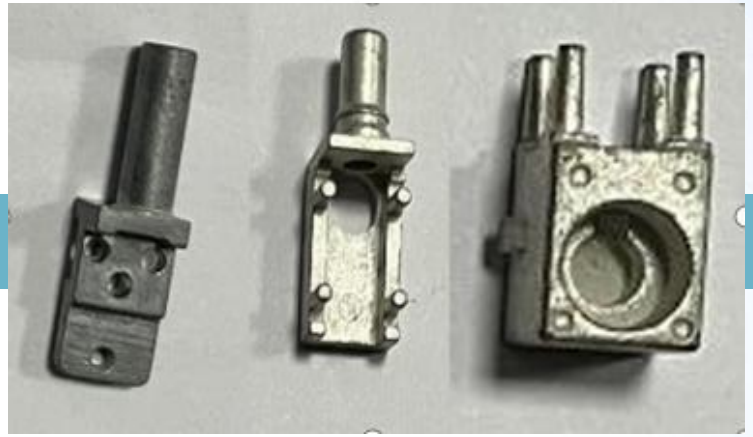

Process: die-casting - polishing - plating (trivalent bright chrome or matt chrome)

Automotive connector parts

Various types of connector size precision, surface treatment is different, strict testing, large quantity and quality assurance, continued stability, quality cooperation; Japan's original full set of production lines (high-speed machine, heat shrinkage de-burring machine, precision sandblasting machine, etc.) is a reliable guarantee of technology!

2-3 Optical module housing (complete set provided)

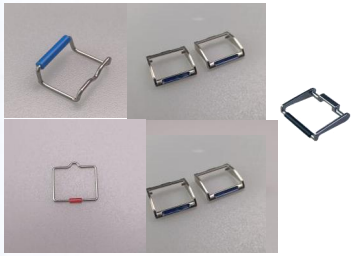

Base

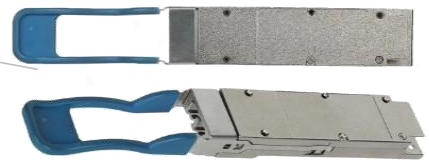

Cover

Multiple types of pull-tabs

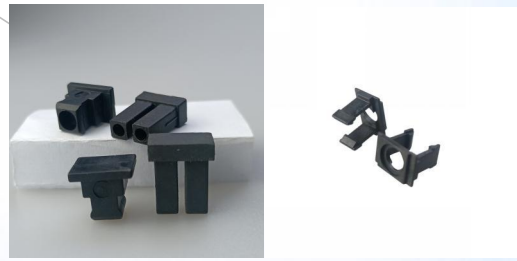

Dongguan Ji... Precision T... logy Co., Ltd.

stamping

Dust plugs, snaps and other plastic parts

Die-casting sliders and blocks

2-4 Digital Accessories:

Digital Camera/Mobile Phone, Bluetooth Speaker, Headphone Accessories

Dongguan Jinshida Precision Technology Co., Ltd.

2-5 Other die-casting accessories

Copier/Printer Accessories

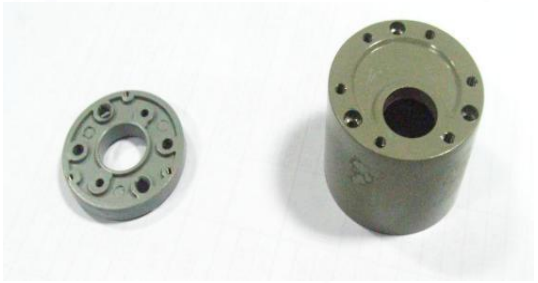

Dongguan Jinshida Precision Technology Co., Ltd.

Dongguan Jinshida Precision Technology Co., Ltd.

Ultra-precision gearboxes

Process: die casting - polishing or punching - tapping - grinding

Precision within 0.02 can be achieved to ensure the stable operation of your gears.

Aluminium alloy die-casting accessories

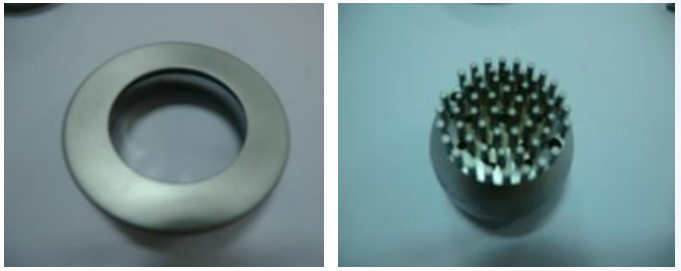

Die casting appearance

BOSCH (Germany)

French Lamps

Luxury Dutch Bellperre

2-6 Machined parts

Precision Machining Quality Assurance

Machining proposal, tool and jig design, machining programme writing, material purchase and processing

→ Primary inspection, surface treatment

→ Secondary inspection, shipment, etc.

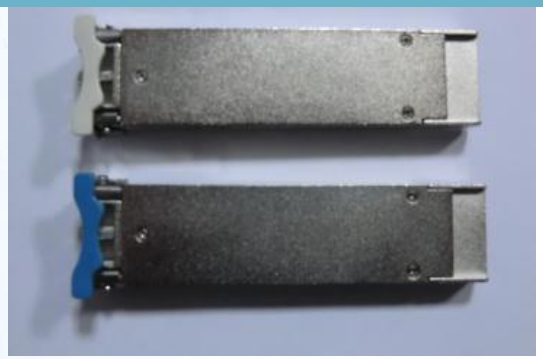

Complete process to ensure quality and delivery.

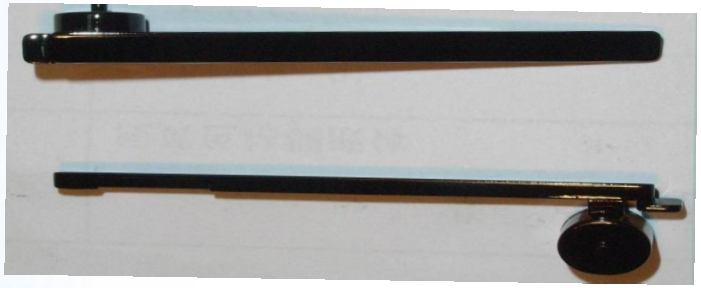

▶2-7 High Polishing、Assembly processing

2-8 LOGO & HOLDER

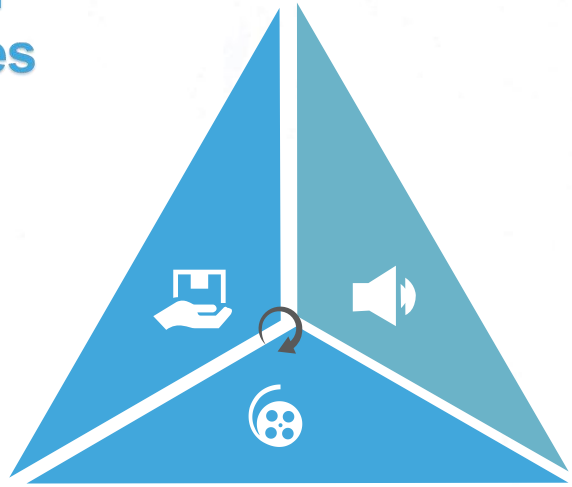

2-9 Manufacture and assembly of complete sets of accessories for finished products

Finished assembly of monitor bracket series

Die-casting parts, plastic parts, sheet metal parts, screws, packaging and printing, etc.

Optical module housing assembly

Zinc alloy base, cover, screws, rivets, in-mould injection pull ring, stainless steel side keys, silicone end plugs

(Japan) Gift set assembly

Aluminium oxidised charm, leather cord, steel clasp, adhesive bag, silk-screened adhesive card, sponge lining, paper box

2-10 Self-designed laptop products

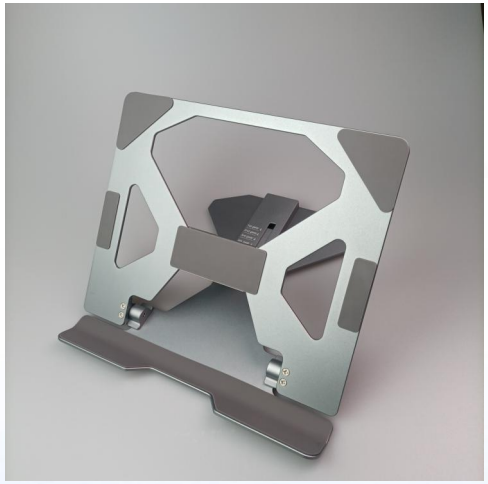

Ergonomic Stands - Laptop Stands

Folding Portable Laptop Stand
(Aluminium)

Mechanical Laptop stand
(aluminium alloy)

Ergonomic Stands - Phone & Tablet Stands

360 degree rotating stand
(aluminium alloy)

Folding bracket
(aluminium alloy)

Part3

Company Equipment

3-1 Full set of Japanese die-casting line

Thermal Shrinkage Deburring Machine(Developed in USA, made in Japan)

Sand blasting machine for precision parts (made in Japan)

U2 PLUS HISHINUMA high-speed die-casting machine

Various types of connector size precision, surface treatment is different, strict testing, large quantity and quality assurance, continued stability, quality cooperation; Japan's original full set of production lines (high-speed machine, heat shrinkage de-burring machine, precision sandblasting machine, etc.) is a reliable guarantee of technology!

3-2 Detection equipment

2023 / 2004

2.5 Subgenre

Environmental Tester (Dual 85 acceleration tester)

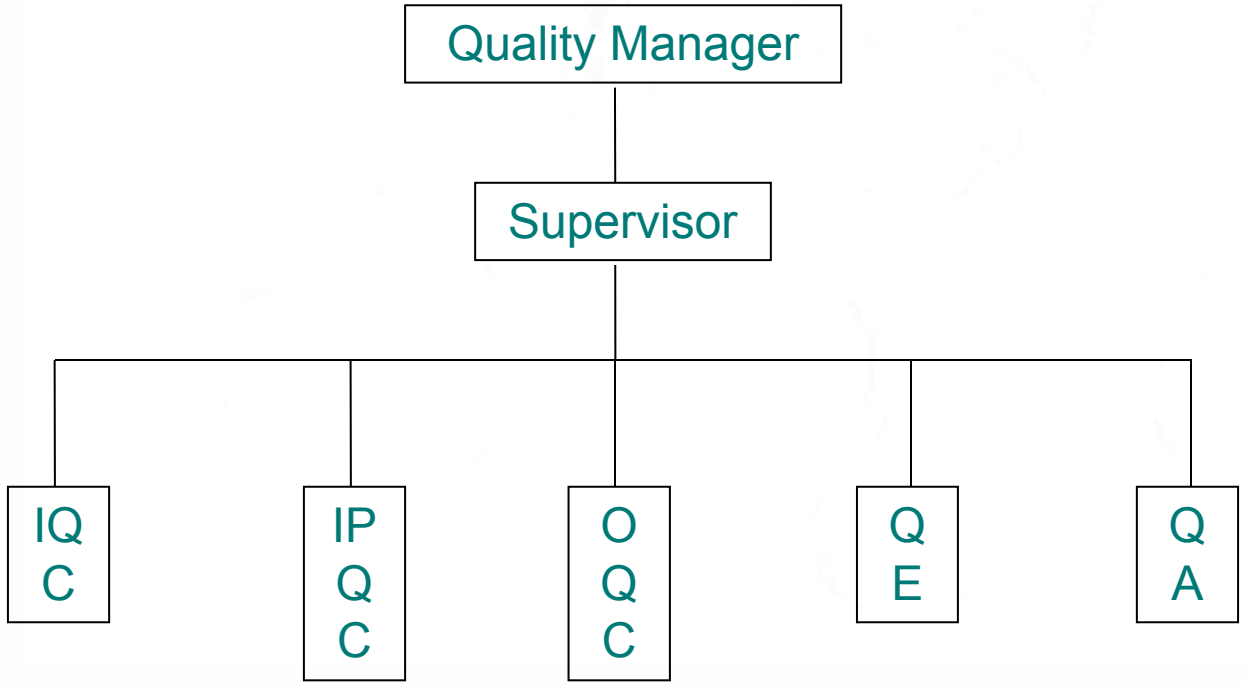

salt spray machine

Electronic Measuring Instruments

3-3 Quality Management Structure

3-4 Quality System Certification

Quality Identification:
ISO 9001:2008

Quality Policy

Quality First
Customer First
Full participation
Continuous improvement

ISO Certificate

认证证书

兹证明

东莞市金仕达精密科技有限公司

广东省东莞市虎门镇北栅东坊路 15 号 3 号楼 101 室

广东省东莞市虎门镇北栅东坊路 15 号 3 号楼 101 室

完成质量管理体系审核并符合以下标准要求

ISO 9001:2015

认证范围

精密五金件的生产和销售

证书编号：19ACM4581Q

初次注册日期：2019 年 12 月 20 日

发 证 日 期：2019 年 12 月 20 日

证书有效期至：2022 年 12 月 19 日

ACM LIMITED 授权人签字

Quality Identification: IATF: 16949 certification in progress

东莞市金仕达精密科技有限公司

全面积极参与，全面导入IATF16949汽车质量管理体系！

辅导公司：方向认证管理咨询（深圳）有限公司

优克斯认证（杭州）有限公司
United Registrar of Systems (Hangzhou) Co.,Ltd

证 明

兹证明：

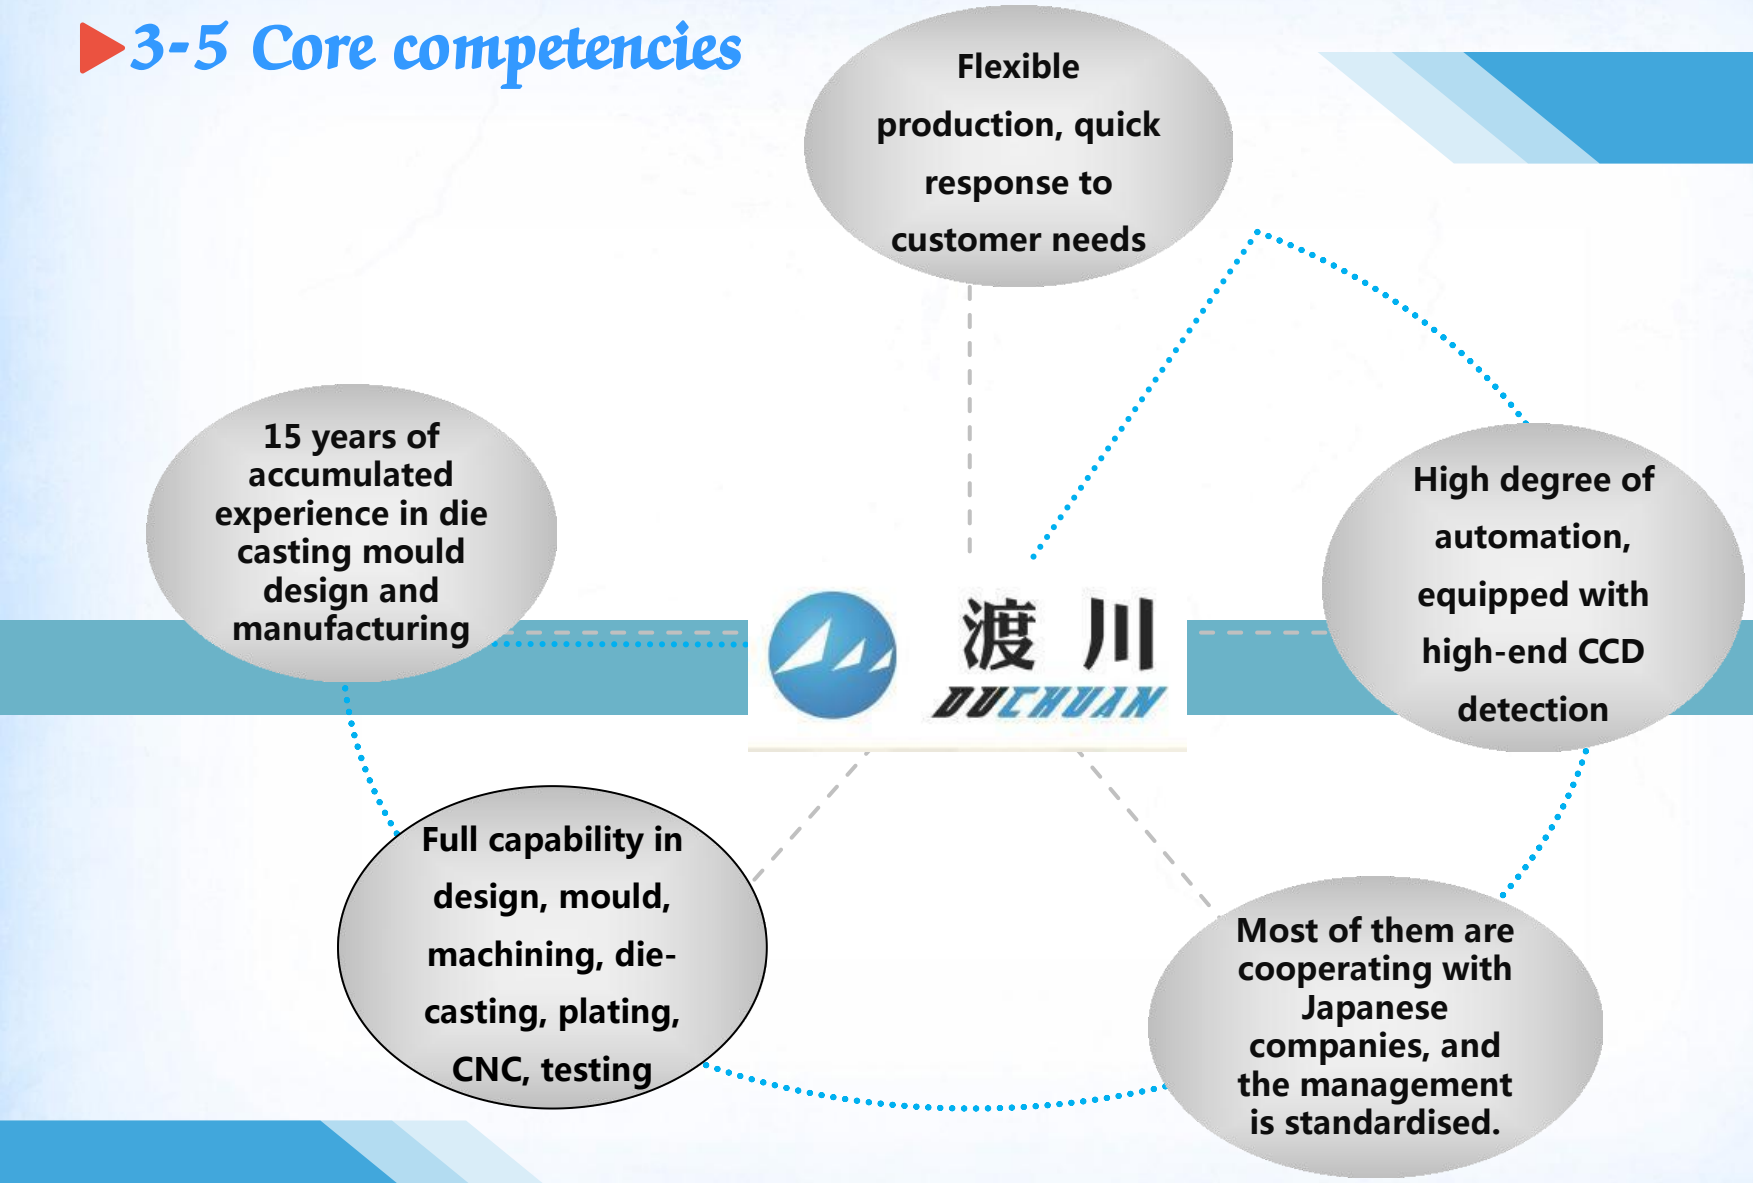

东莞市金仕达精密科技有限公司，向优克斯认证（杭州）有限公司申请 IATF16949 汽车质量体系认证，已于 2023 年 4 月提交申请合同资料，现初评完毕，目前正在进行最终评定中，一阶段审核计划预排在本月底至 7 月中旬期间进行现场审核（具体时间以正式批准的审核计划为准）。

特此证明！

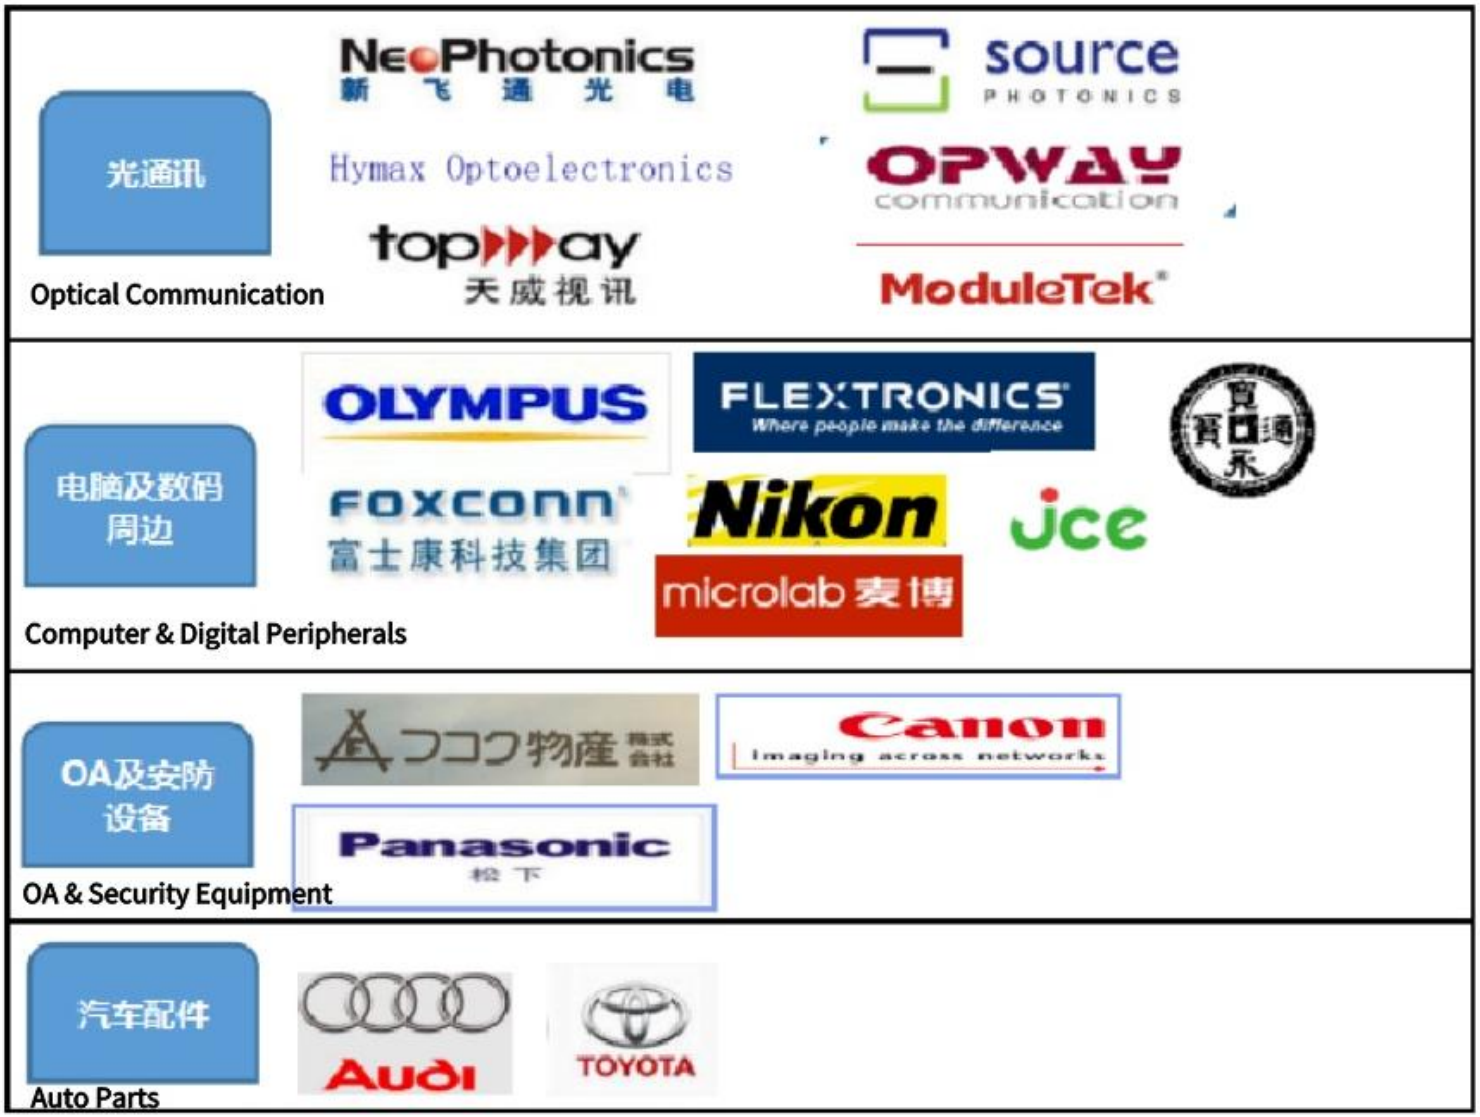

优克斯认证（杭州）有限公司
