Manufacturing Equipments:

details:

Material	Aluminum,aluminum alloy,zinc alloy,brass,bronze.copper,stainless steel,steel alloys,lron etc
Maximum Length	1000mm
Tolerance	0.01mm
Size	Customized
Type	Milling,turning,broaching,driling, highlighting,laser engraving etc
Surface Treament	Heat treatment, anodized, polishing, PVD coating, galbanized, electroplating, sandblasted,blacked etc
Certification	ISO9001
Service	OEM/ODM service

Industrial application:
