Company profile

Wufan Optoelectronic Technology Co., Ltd. was founded in April 2016, the factory area of about 2000 square meters +, is a professional R & D, manufacturing and sales of creative, high quality, close to life, change the traditional magnifying glass and beauty mirror factory. The number of employees is more than 50, including professional research and development team, marketing team and manufacturing team.

Main products include optoelectronic products, electronic products, electronic components, instruments, hardware products and smart home products. With the professional and focused spirit to create value for customers and grow together with customers as the concept, lean production, quality first, customer first, continuous improvement and improvement, committed to creating high-end intelligent magnifying glass, beauty mirror and other innovative products.

The factory adheres to independent research and development, and has a number of intellectual property rights so far, the cumulative number of product patents has reached more than 40.

All the products have passed the EU CE/ROHS test certification, but also passed the United States FCC test certification.

Over the past 10 years, we have served more than 500 customers in Europe, America, Asia and Australia.

The company has passed the BSCI system certification in 2018.

Company professionalism

Sincerity	Quality	Technology
-----------	---------	------------

Corporate culture

With "lean production, quality first, customer first, continuous improvement and improvement" as the enterprise purpose, to provide customers with quality products and services.

With "either the first or the only" as the corporate vision, continue to research and develop new technologies, launch unique new products, to meet the needs of the market and customers, while opening up a broader market space.

Committed to becoming a leader in the photoelectric industry, to provide customers with more intelligent, convenient and efficient photoelectric product solutions.

Core business I

Excellent R&D: The director of R&D and design has been engaged in product research and development for more than 20 years and magnifying glass research and development for 10 years. He has a wealth of product research and development experience and resources.

Core business II

The high-quality supply chain system changes the industry thinking and integrates the processing of core parts: glass lens self-processing control, metal aluminum alloy self-processing control, and senior electronic engineer R&D and production team.

Core business III

Excellent production and quality team: The production director has been engaged in production process control and quality control for more than 10 years, and has rich experience in manufacturing management and process control ability.

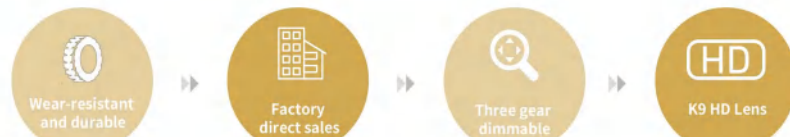

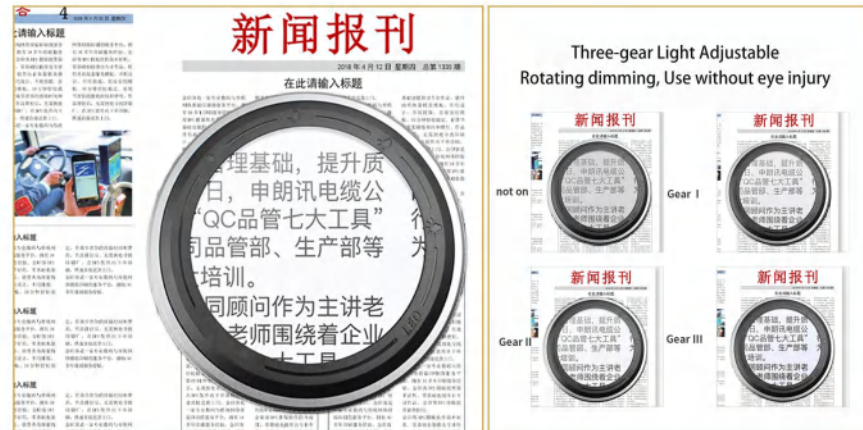

Core business IV

Rapid response mechanism one-stop production, flat management greatly improve the rapid response ability of R & D production.

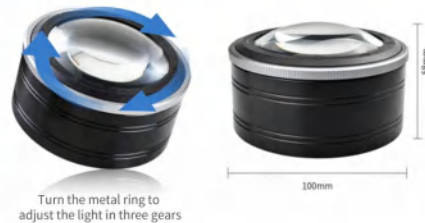

8001 Metal Round Tabletop LED Magnifier

- ✓ 76mm large lens, wider reading range and can be used without focusing on the desktop/reading is easier
- ✓ Three levels of light brightness can be adjusted, rotating dimming, use without eye damage

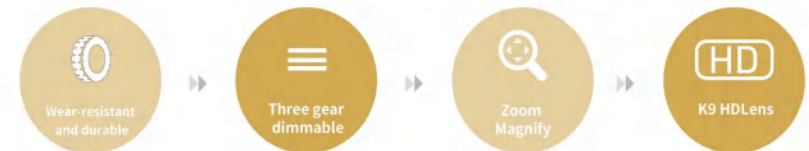

Product Weight about 210g	Magnification 4X
Product Size Diameter 110mm, height 58mm	Light source 3pcs*LED white light
Product Material Lens:K9/Base:Al-alloy	Color box size 126*134*72mm

○ **Magnifier source factory**
(Independent design, support customization)

8003 Metal Zoomable Magnifier

- ✓ Turn on the switch key to TOU mode and touch any position of the metal ring to light up the light
- ✓ Switch to the OFF mode in the middle to turn off the light; Switch to ON mode to steady state; Automatically turn off the light after ten minutes of idle; Rotate zoom, zoom free

Product Weight about 186g	Magnification 5X to 7X
Product Size Diameter 90mm, height 50~71mm	Light source White led*3pcs
Product Material Lens:K9/Base:Al-alloy	Color box size 110*105*70mm

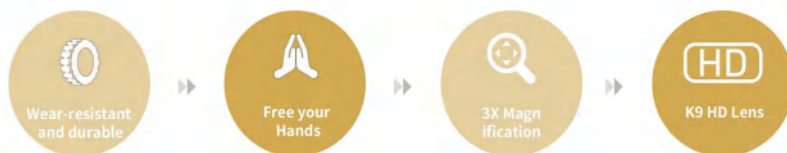

Rotate and raise to realize zoom magnify

○ **Magnifier source factory**
(Independent design, support customization)

8004 Metal Round Desktop Magnifier Rechargeable Type

- ✓ Ergonomic design small barbarian waist cylinder magnifier
- ✓ Rechargeable desktop large lens magnifier with light, press the metal ring at any position to light up the light

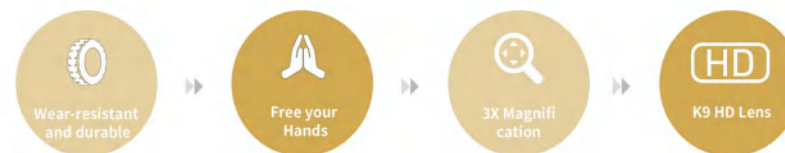

Product Weight About 160g	Magnification 3X magnification
Product Size Diameter 92mm, height 52mm	Light source White led*3pcs
Product Material Lens:K9/Base:Al-alloy	Color box size 110*105*70mm

○ **Magnifier source factory**
(Independent design, support customization)

8007 Metal Round Desktop Magnifier Battery Version

- ✓ High-end metal round 3x magnifying glass
- ✓ Desktop led magnifier optical glass reading magnifier

Product Weight about 180g	Magnification 3X Magnification
Product Size Diameter 92mm, height 52mm	Light source 3pcs*LED white light
Product Material Lens:K9/Base:Al-alloy	Color box size 110*105*70mm

CR2016 button battery power supply

○ **Magnifier source factory**
(Independent design, support customization)

8009 Tabletop Tilt magnifier - Battery version

- ✓ Desktop elderly reading aid magnifying glass with LED lighted magnifier
- ✓ Acrylic HD lens

Product Weight about 106g	Magnification 2.5X Magnification
Product Size 115*60*75mm	source 4pcs*LED white light
Product Material Lens:PMMA/Base:ABS	Lens Size 87*47mm

○ **Magnifier source factory**
(Independent design, support customization)

8011 Tabletop Tilt magnifier - Rechargeable version

- ✓ Tilting ergonomic rectangular light magnifier
- ✓ Rechargeable HD 2.5X desktop magnifier

Product Weight about 120g	Magnification 2.5X Magnification
Product Size 115*60*75mm	Light source 4pcs*LED white light
Product Material Lens:PMMA/Base:ABS	Lens Size 87*47mm

USB rechargeable design

Built-in 4pcs white led light

○ **Magnifier source factory**
(Independent design, support customization)

8015 Night light magnifier

- ✓ Large capacity rechargeable battery recycling, more energy saving and environmental protection
- ✓ Hidden bead design

Product Weight about 216g	Magnification 3.5X Magnification
Product Size Diameter 100mm, height 66mm	Light source 6pcs*LED white light
Product Material K9 lens/Base:Al-alloy+PC	Lens Size Diameter 76mm

○ **Magnifier source factory**
(Independent design, support customization)

8017 Jewelry Magnifier

- ✓ Quadrilateral hollowed out rechargeable magnifying glass with light
- ✓ Rechargeable HD 3X desktop magnifier

Product Weight about 128g	Magnification 3X Magnification
Product Size 85*85*60mm	Light source 4pcs*LED white light
Product Material K9 lens+ABS base	Lens Size Diameter 72mm

○ **Magnifier source factory**
(Independent design, support customization)

8018-1/10x detection magnifying glass-LED

- ✓ 10X straight cylinder optical magnifier
- ✓ Special cylinder magnifying glass with scale for identification 10x detection magnifying glass

Product Weight about 65g	Magnification 10X Magnification
Product Size Diameter 45mm, height 42.5mm	Light source 5pcs*LED +5pcs*UV
Product Material Lens:K9/Base:Al-alloy	Lens Size Diameter 30mm *3

○ **Magnifier source factory**
(Independent design, support customization)

8018-2/10x detection magnifying glass-LED

- ✓ 10x HD magnifier with scale identification
- ✓ Handheld eyepiece microscope with LED UV anti-counterfeit magnifying glass

Multiple specifications
Navigate different usage scenarios

Upgraded version of SMT lamp beads
5pcs anti-counterfeit UV lights & 5pcs white lighting lights

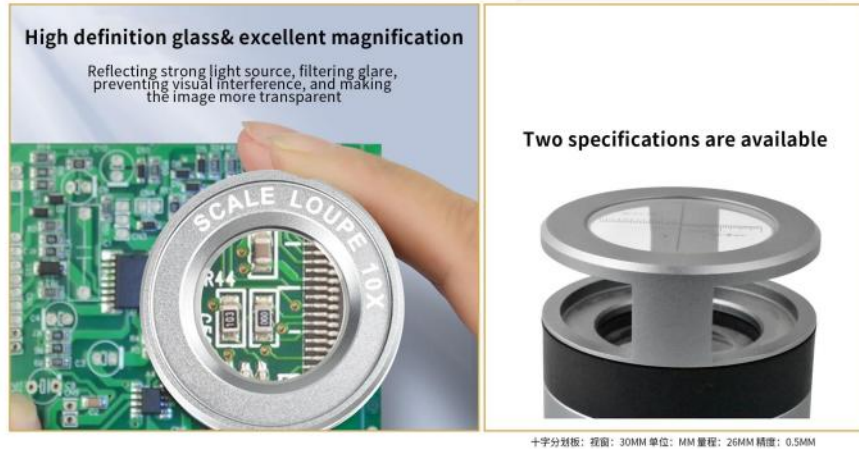

Product Weight about 75g	Magnification 10X Magnification
Product Size Diameter 45mm, height 42.5mm	Light source 5pcs*LED +5pcs UV
Product Material Lens:K9/Base:Al-alloy	Lens Size Diameter 30mm *3

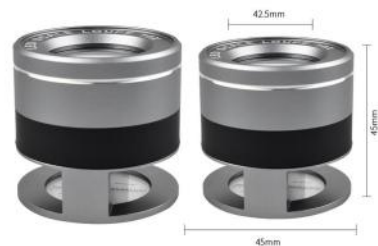

○ **Magnifier source factory**
(Independent design, support customization)

8018-3/10x detection magnifying glass

- ✓ 10X small portable porcelain, jade, coin and bronze special identification magnifying glass
- ✓ Jewelry watches luxury bags identification magnifier

Product Weight about 65g	Magnification 10X Magnification
Product Size Diameter 45mm, height 42.5mm	Lens Diameter Diameter 30mm*3
Product Material Lens:K9/Base:Al-alloy	Color box size 75*65*70mm

○ **Magnifier source factory**
(Independent design, support customization)

8021-1 Handheld square magnifying glass

- ✓ Low vision reader with rechargeable light
- ✓ Vision aid for the elderly and children portable handheld magnifying glass

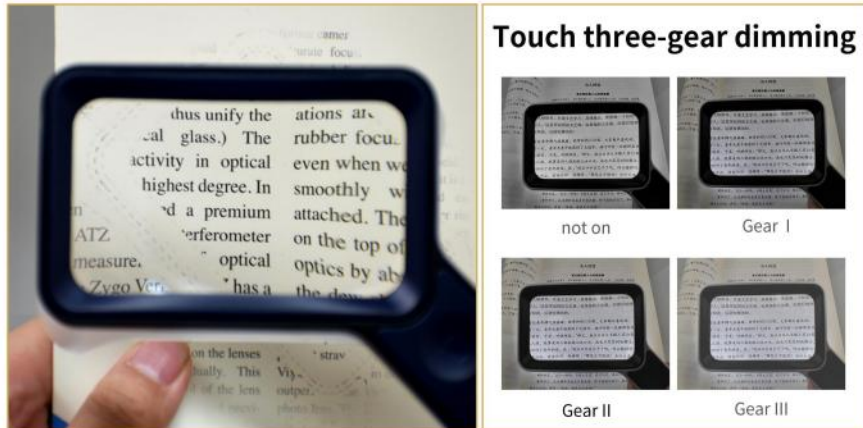

Product Weight about 88g	Magnification 2.5X Magnification
Product Size 160*130*30mm	Light source White LED*6pcs
Product Material PMMA lens+ABS base	Lens Size 79*46mm

○ **Magnifier source factory**
(Independent design, support customization)

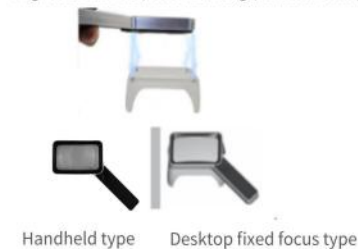

8021-2 Hand-held square magnifying glass

- ✓ Elderly handheld reading with light 2.5x magnifying glass
- ✓ 2.5X high-definition children's low-vision visual aid amplifier

Product Weight about 93g	Magnification 2.5X Magnification
Product Size 160*130*47mm	Light source 6pcs*LED white light
Product Material PMMA lens+ABS base	Lens Size 79*46*mm

Magnetic suction base, detachable design, handheld desktop dual-use

○ **Magnifier source factory**
(Independent design, support customization)

8022 Card wallet magnifying glass

- ✓ Portable card type LED magnifier
- ✓ Vision aid for the elderly and children portable handheld magnifying glass

Product Weight about 22g	Magnification 2.5X Magnification
Product Size 86*55*5mm	Light source 1pc*LED white light
Product Material PMMA	Lens Size Diameter 48mm

○ **Magnifier source factory**
(Independent design, support customization)

8027 Round Desktop Magnifier-Battery Version

- ✓ K9 optical glass lens magnifier
- ✓ Round metal 3X Desktop type prime focus reading newspaper magnifier with light

Product Weight about 198g	Magnification 3X Magnification
Product Size Diameter 92mm, height 53mm	Light source 3pcs*LED white light
Product Material Lens:K9/Base:Al-alloy	Lens Size Diameter 72mm

○ **Magnifier source factory**
(Independent design, support customization)

8028 Anti-splash & anti-shaking led nail clipper magnifier

- ✓ Magnetic suction separate design finger positioning function LED light nail clippers
- ✓ Stainless steel nail clippers with light and magnifier

Product Weight about 93g	Magnification 3.5X Magnification
Product Size 108*53*60mm	Light source 3pcs*LED white light
Product Material K9 lens+ABS base+Metal	Color box size 110*62*83mm

○ **Magnifier source factory**
(Independent design, support customization)

8036 Handheld 110mm large lens round magnifier

- ✓ HD 3X+6X elderly reading magnifying glass
- ✓ Children students reading handheld with led light magnifier

Product Weight about 180g	Magnification 3X+6X Magnification
Product Size 245*125*33mm	Light source 20pcs*LED white light
Product Material PMMA lens+ABS base	Lens Size Diameter 110mm

○ **Magnifier source factory**
(Independent design, support customization)

8038 Portable Zoomable Magnifier

- ✓ Zoomable HD K9 72mm Lens
- ✓ Large lens zoom foldable portable led magnifier

Product Weight about 140g	Magnification 2X/3X/4X magnification
Product Size 123*103*74mm	Light source 14pcs*LED white light
Product Material K9 lens+silica gel	Color box size 128*128*30mm

Dual power supply design can be battery powered or direct-plug USB power supply

Hanging hole design

○ **Magnifier source factory**
(Independent design, support customization)

8039-2 Free 3-in-1 Hanging neck desktop/Handheld magnifying glass

- ✓ A variety of ways to use, hanging neck, handheld, desktop at will switch
- ✓ Adjustable hose, bend as you like

Product Weight about 190g	Magnification 3X+6X Magnification
Product Size 360*230*240mm	Lens Size Diameter 110mm
Product Material PMMA+silica gel+metal	Color box size 193*193*43mm

○ **Magnifier source factory**
(Independent design, support customization)

8066 Handheld 10X Magnifier Rechargeable Version

- ✓ Hand-held jewelry antique calligraphy and painting professional identification magnifier
- ✓ USB rechargeable design, UV anti-counterfeit banknote detection function

Product Weight about 60g	Magnification 10X Magnification
Product Size 140*55*27mm	Light source 3pc LED+3pcs UV
Product Material Lens:K9/Base:ABS	Lens Size Diameter 30mm

○ **Magnifier source factory**
(Independent design, support customization)

8039-3 Free 3-in-1 Hanging neck desktop/Handheld magnifying glass

- Free your hands,just pull and release
- Simple, atmospheric, changeable and flexible

Product Weight about 235g	Magnification 2X Magnification
Product Size 752*124*16mm	Lens Size 180*120mm
Product Material PMMA+silica gel+metal	Color box size 155*45*305mm

Magnifier source factory
 (Independent design, support customization)

8076 Portable handheld foldable magnifying glass

- Handheld portable reading magnifier with LED light
- Rechargeable folding HD 3x 6x 90mm magnifying glass

Product Weight about 116g	Magnification 3X +6XMagnification
Product Size 192*110*17mm	Light source 17pcs white led
Product Material Lens:PMMA/Base:ABS	Lens Size Diameter 90mm

Magnifier source factory
 (Independent design, support customization)

8078 Portable Handheld Foldable Magnifier

- ✓ ABS lightweight folding easy storage portable handheld
- ✓ 3x 6x HD reading Observation magnifier with hole

Product Weight about 77g	Magnification 3X+6X Magnification
Product Size 224*100*17mm	Lens Size Diameter 90mm
Product Material Lens:PMMA/Base:ABS	Color box size 120*107*26mm

○ **Magnifier source factory**
(Independent design, support customization)

8039-5 Free 3-in-1 Magnifying Glass-LED Lighted & High Transparency Square Lens

- ✓ A Variety of ways to use hanging neck, handheld desktop free switch
- ✓ Simple, atmospheric, changeable and flexible

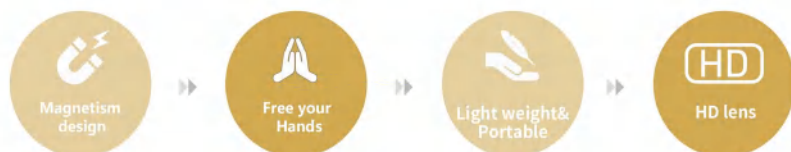

Product Weight About 361g	Magnification 2X Magnification
Product Size 396*187*413mm	Lens Size 240*170mm
Product Material Lens:PMMA / Tube:Silica gel	Color box size 355*222*38mm

○ **Magnifier source factory**
(Independent design, support customization)

8039-6 Free 3-in-1 magnifying glass-LED Lighted & High Transparency Round Lenses

- ✓ A variety of ways to use, hanging neck, handheld, desktop free switch
- ✓ Simple, atmospheric, changeable and flexible

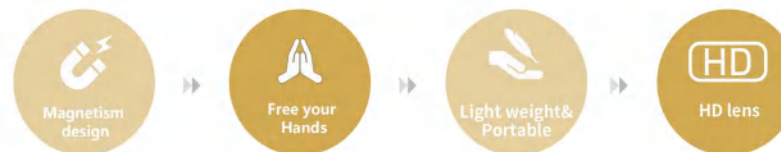

Product Weight About 386g	Magnification 2X Magnification
Product Size 396*187*298mm	Lens Size Diameter 130mm
Product Material Lens:PMMA / Tube:Silica gel	Color box size 205*195*42mm

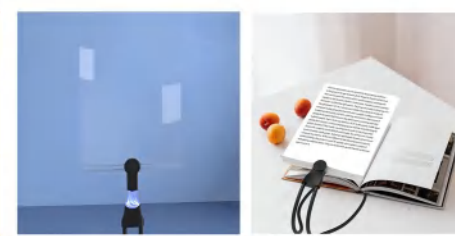

○ **Magnifier source factory**
(Independent design, support customization)

8039-7 Free 3-in-1 magnifying glass & Square vertical high penetration

- ✓ A variety of ways to use, hanging neck, handheld, desktop free switch
- ✓ Simple, atmospheric, changeable and flexible

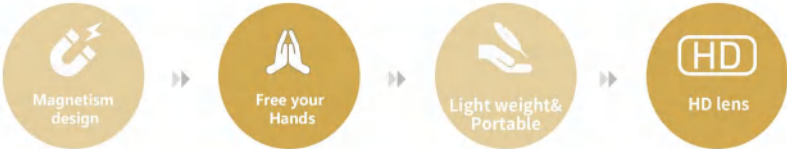

Product Weight About 294g	Magnification 2X Magnification
Product Size 800*174*16mm	Lens Size 240*170mm
Product Material Lens:PMMA / Tube:Silica gel	Color box size 324*199*38mm

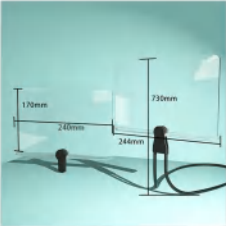

○ **Magnifier source factory**
(Independent design, support customization)

8039-8 Free 3-in-1 magnifying glass & Square horizontal high lens

- ✔ A variety of ways to use, hangingneck, handheld, desktop freeswitch
- ✔ Simple, atmospheric, changeable and flexible

Product Weight About 300g	Magnification 2X Magnification
Product Size 730*244*16mm	Lens Size 240*170mm
Product Material Lens:PMMA / Tube:Silica gel	Color box size 277*244*38mm

8071/5X-Suction Cup Bathroom Makeup Mirror -Rechargeable Version

- ✓ 360° rotation LED cosmetic mirror 5X magnifying cosmetic mirror
- ✓ USB rechargeable, mirror and base detachable

Seven advantages

- Adjustable color temperature:**
three levels of color temperature can be adjusted, and cold light/warm light natural light can be switched freely to meet the needs of different scenes
- Stepless dimming:**
press and hold the touch stepless to adjust the light brightness
- Rechargeable design:**
USB rechargeable, long endurance, easy to use
- 360° rotation:**
360° adjustable mirror without dead angle, flexible hose can be bent at will to meet the needs of different angles of illumination
- Perforation-free installation:**
the powerful suction cup can be adsorbed on various smooth surfaces, without screws, without drilling
- Magnification function:**
5x magnify the mirror to easily observe the details of the face
- Touch switch:**
touch switch, more comfortable and convenient to use

Product Name: 5X LED Bathroom Mirror with Suction Cup	
Color: White	
Tricolor: Cold light/Warm Light/Natural Light	
Light Source: White LED*15pcs/Warm White LED*15pcs	
Product Size: 180*230*70MM	Mirror Diameter: 156MM
Product Weight: about 320g	Switch Type: touch switch
Product Material: glass+ABS	Magnification: 5X
Product model: 8071	Battery Capacity: 2000mAh

8050-1/10X-Suction Cup Bathroom Makeup Mirror

- ✓ LED cosmetic mirror suction cup bathroom mirror 10x mirror
- ✓ Different magnification lenses can be customized according to different needs

Seven advantages

- Adjustable color temperature:**
three levels of color temperature can be adjusted, and cold light/warm light natural light can be switched freely to meet the needs of different scenes
