

PixTree

Smart Color E Ink Canvas

Where Memories and Art Grow

● E Ink Spectra 6

A breakthrough in e-paper technology, Ink transforms millions of tiny ink capsules into your favorite arts and photos, rendering them in rich, natural tones.

● Paper-like

Enjoy a premium visual experience with a glare-free E Ink color screen that brings thousands of captivating artworks and iconic masterpieces to life. Each display perfectly replicates the texture of real paper, giving the impression of a true painting.

● Cordless & energy-efficient

A long-lasting, battery-powered digital art frame that runs for 1-3 years on a single charge, offering effortless placement not only in homes but also in restaurants, hotels, and galleries. Its premium design ensures seamless integration into any upscale setting while delivering superior energy efficiency.

● AI creation

Unleash your creativity and turn imagination into stunning artwork on your PixTree canvas. Features include text-to-art, voice-to-art, sketch-to-art, style customization and curated playlists.
