1 CERVICAL COLLARS

NK-001
Soft Cervical Collar

- Medium density foam covered with stockinette
- Hook and loop closure for adjustment
- Immobilizes the injured neck

Size: S, M, L, XL

NK-012
Cervical Collar

- High density foam covered with stockinette
- Hook and loop closure for adjustment
- Extra stockinette piece for easy washing
- Immobilizes the injured neck

Size: S, M, L, XL

NK 004
Cervical Collar With Plastic Pad

- High density foam covered with stockinette
- The lower contour design maintains the head in a neutral position
- Extra Plastic piece provides firm support

Size: S, M, L, XL

NK-006
Rigid Cervical Collar

- Constructed with two plastic pieces
- Adjust the height
- Padded foam and ventilation holes for comfort
- Maintain correct position of cervical spine

Size: S, M, L, XL

NK-008
Deluxe Rigid Cervical Collar

- Constructed with two plastic pieces
- Adjust the height
- Padded foam and ventilation holes for comfor
- Special design support the chin
- Maintain correct position of cervical spine

Size: S, M, L, XL

NK-007
Philadelphia Collar

- Two-piece design for easy to wear
- Made of lightweight molded closed cell foam
- Front tracheal opening for emergency tracheotomies

Size: S, M, L

NK-015
Air Traction Collar

- Triple line inflation system
- Assembly bulb pump, shut-off and deflatable manual nozzle
- Velcro closure for adjustment
- Adjust the height by air

Size: Universal

2 SHOULDER SUPPORTS

NK-017
Deluxe Adjustable Cervical Collar

- Universal design fits most wearers
- Lightweight and breathable for extended wear and comfort
- Ridged chin post design for maximum adjustment and fitting

Size: Universal

NK-019
Cervical thoracic Orthosis

- Provides external, multi-level cervical immobilization
- Encapsulated occipital cranial region for ultimate control
- Durable polyethylene composition for dependable and long-lasting performance
- Breathable, washable inner pads reduce heat build-up and absorb perspiration
- Anatomical design and 3 closed different sizes ensure comfortable, optimal fit

Size: Universal

NK-025
Adjustable Cervical Collar

- Universal design fits most wearers
- Replacement pads are available. The Special foam pads are perfect for long term use and Preventing Skin Irritation
- Chin height adjustment

Size: Universal

NK-020
Head Traction Set

- Provides affordable, easy-to-use cervical traction therapy
- System is portable – use at home, the office or while traveling
- Includes a vinyl weight bag
- One size foam padded head halter fits most

Size: Universal

SD-001
Elastic Shoulder Support

- Durable high quality elastic construction
- Universal design is available for left & right shoulder
- The shape design and soft materials can fit the shoulder snugly
- Prevent and support sports and work related shoulder or clavicle injury

Size: S, M, L, XL

SD-003
Neoprene Shoulder Support

- Closed cell neoprene with compressive and proprioceptive effect
- Therapeutic warmth for the shoulder and upper arm
- The opening on the sleeve can be easy to put on and off
- Prevents and supports sports and work related shoulder or clavicle

Size: S, M, L, XL

SD-004
Magnetic Shoulder Support

- Closed cell neoprene with compressive and proprioceptive effect
- Neoprene is warmth for the shoulder and upper arm
- 9PCS magnets
- Provide support and protection

Size: S, M, L, XL (Left or Right)

SD-013
Deluxe Shoulder Support

- Stabilizes the shoulder joints
- Designed to treat instability and hypermobility
- The shape design can fit the shoulder snugly which can avoid the bulge while doing the exercise
- Closed cell neoprene with compressive and proprioceptive effect
- The opening on the sleeve can be easy to put on and off

Size: S, M, L, XL

NEW

SD-019
Neoprene Double Shoulder Support

- Adjustable Velcro straps for free adjustment, compression support for shoulder joints.
- Front and rear multi-angle wrapped compression design, fixed support.
- The elastic and breathable material is used to reduce the pressure on the skin and make it more comfortable to wear.

Size:Universal

SD-014
Humeral Brace

- Plastic shell with high density foam.
- Humeral Fracture brace with shoulder cuff.
- Provides maximum stability for fractures with easy removal for bathing.

Size: S, M, L, XL, XXL

3 ARM SLINGS

AS-001
Arm Sling

- Durable high quality cotton fabric.
- Adjust the strap length by buckle.
- Fits right or left arm.

Size: S, M, L, XL

AS-016
Mesh Arm Sling

- Durable high quality mesh construction.
- Envelope style with thumb support.
- Shoulder strap with foam pad for great comfort.
- To rest the arm and immobilize it.

Size: S, M,L, XL

AS-003
Economy Arm Sling

- Envelop style with thumb support.
- Comfortable material shoulder strap.
- Hook and loop closure for ease of adjustment.
- Fits right or left arm.

Size: S, M, L, XL

AS-014
Deluxe Arm Sling

- Envelope style with thumb support.
- Breathable durable mesh cloth for arm rest.
- Padded shoulder strap with velour lining.
- To rest the arm and immobilize it.

Size: S, M, L, XL

AS-005
Foam Arm Sling

- Soft foam envelop style.
- Straps with D-ring buckles for easy adjustment.
- Fits right or left arm.

Size: Universal

AS-004
Deluxe Shoulder Immobilizer

- Soft foam plush wrap for comfort and easy to use
- Two foam straps crisscross the back around to forearm to reduce the pressure and relieve the pain
- Hook and loop closure for adjustment and easy fit
- Universal sizing

Size: Universal

AS-013
Shoulder Immobilizer

- Comfortable foam materials with elastic band construction for compressive support
- Durable wrist and humeral cuff with contact closure for ease of application
- Padded foam and ventilation holes for comfort
- Fits right or left arm

Size: Universal

AS-011
Abduction Sling

- Comfortable foam pillow provides more support
- Quick release buckle makes it easy on and off
- An exercise ball facilitates hand function and stimulates circulation
- Hook and loop closure for adjustment

Size: S, M, L, XL, or Universal

AS-015
Universal Abduction Sling

- Light comfortable metal construction for easy use
- Quick release buckle makes it easy on and off
- An exercise ball facilitates hand function and stimulates circulation
- Hook and loop closure for adjustment

Size: Universal

AS-017
Shoulder Abduction System

- Universal size to fit most patients
- Removable metal wedge: providing multiple shoulder positioning at 0°, 15°, 30°, 60°, and 90°
- Can be worn on either right or left arm
- Lightweight design provides comfort for extended wear
- Extendable arm bar for a comprehensive fit for most wearers

Size: Universal

AS-019
Shoulder Abduction Sling

- Comfortable foam pillow provides more support
- An exercise ball facilitates hand function and stimulates circulation
- Immobilization of shoulder joint at a degree of abduction from 30° to 70°
- Temporary pressure relief on the subacromial space

Size: Universal

4 ELBOW SUPPORTS

EB-003
Tennis Elbow Support

- Closed cell neoprene with compressive and proprioceptive effect
- Ideal for medial and lateral epicondylitis like golfer's and tennis elbow
- The pad provides relief at tendon insertions
- Designed for all size of elbow and easy to adjust the compression for a perfect fit

Size:Universal

EB-004
Air Elbow Support

- Pneumatic pad
- Hook and loop closure for pressure adjustment
- Ideal for medial and lateral epicondylitis like golfer's and tennis elbow

Size:Universal

EB-027
Tennis Elbow Support

- Rigid plastic piece gives excellent support
- Provides optimal tension instantly
- Hook and loop closure for pressure adjustment

Size: Universal

EB-017
Tennis Elbow Brace

- Rigid plastic shell gives excellent support
- Non woven fabric pad provides comfort and holds EB in place
- Hook and loop closure for pressure adjustment
- Ideal for medial and lateral epicondylitis like golfer's and tennis elbow

Size: XS/S, M, L XL

EB-021
Tennis Elbow Support

- Closed cell neoprene with compressive and proprioceptive effect
- Ideal for medial and lateral epicondylitis like golfer's and tennis elbow
- The neoprene pad provides relief at tendon insertions
- Designed for all size of elbow and easy to adjust the compression for a perfect fit

Size:Universal

EB-005
Elastic Elbow Support

- Made of seamless, four-way stretch elastic material for comfortable fit
- Flexible compression provides elbow support and improves proprioception
- Protect elbow and keep warm

Size: S, M, L, XL

EB-007
Elastic Elbow Support

- Made of seamless, four-way stretch elastic material for comfortable fit
- Gel pad support the tendon and soft tissue
- Additional loop and hook closure add more pressures

Size:S, M, L XL

EB-009
Neoprene Elbow Brace

- Provides comfortable compression and reduces pain
- Hook and loop closure design fits most elbow sizes
- Stretch airmesh for better breathable

Size: Universal

EB-029
Neoprene Elbow Support

- Provides compression and support to stiff, weak or injured elbows and sore muscles
- Soft, neoprene blend material
- Adjustable design for customizable support

Size: Universal

EB-030
Elbow Immobilizer

- Provides immobilization extension of elbow
- Hook and loop closure design fit more elbow sizes
- It's universal size and available in 20 cm, 25 cm and 30 cm lengths

Size: Universal

EB-020
Rom Elbow Brace

- Postoperative immobilization or ROM control for the elbow
- Limit ROM by adjustable, simple sailing ringe
- "One push bottom" for length adjustment

Size: Universal (Left/Right Hand)

EB-023
Post Op Elbow Brace

- Immobilization or ROM control after elbow surgeries
- Provide flexible adjustability between 0° and 120° extremely lightweight
- Easy to use telescoping feature allows brace to fit a wide range of patient anatomies
  Moldable aluminum cuffs can be contoured to fit varying arm sizes and shapes

Size: Universal (Left/Right Hand)

EB-025
Post Op Elbow Brace

- Allows for extension control from 0~105° and flexion control from 0~120° in 15° increments.
- Foam padded strap with separate neck pad for extra comfort.
- The telescoping design exhibits versatility and ease of use
- Designed specifically for right or left elbow.

Size: Universal (Left/Right Hand)

5 FINGER SUPPORTS

FG-001
Baseball Finger Splint

- Made of malleable aluminum with foam padding, which can be adjusted a proper shape for flexion or extension treatment
- Easy application and removal
- Immobilize splinted limbs
- Stabilize the phalangeal joints in position

Size: S, M, L, XL

FG-002
Cot Finger Splint with Strap

- Aceptic malleable aluminum with foam cushion
- Protect the tip of finger especially
- Additional straps can fix better
- Provide firm stabilization and treatment

Size: S, M, L, XL

FG-003
Cot Finger Splint

- Adopt malleable aluminum with foam cushion
- Protect the tip of finger especially
- Stabilize the phalangeal joints in position

Size: S, M, L

FG-004
Frog Finger Splint

- Immobilize the phalangeal joint in position without any tape
- Adoptmalleable aluminum with foam cushion
- Easy application
- Provides total finger protection

Size: S, M, L, XL

FG-006A
Mallet Finger Splint

- Made of high quality rigid plastic
- Ventilated design for great comfort
- Provide firm stabilization and treatment

Size: 1, 2, 3, 4, 5, 5.5, 6, 7

FG-006B
Mallet Finger Splint With Strap

- Made of high quality rigid plastic
- Ventilated design for great comfort
- Provide firm stabilization and treatment
- Additional straps can fix better

Size: 0.1, 2, 3, 4, 5, 6, 7

FG-032
Spring Finger Corrector

- Easy and comfortable to wear
- Different bending angle of practice can be achieved by adjusting the spiral spring
- Can be placed at home or office and used for long-term self-treatment

Size: S, M, L

FG-005
Finger Splint With Strap

- Plastic shell with foam cushion
- Protect the tip of finger especially
- Additional straps can fix better
- Provide firm stabilization and treatment

Size: S, M, L, XL

FG-007
Universal Neoprene Thumb Brace

- Provide the flexible support patients need without restricting full use of the hand and thumb
- Closed cell neoprene provides healing warmth and compression
- Convenient hook and loop tab secures firmly in place
- Simply slip support over thumb and wrap around wrist

Size Universal

FG-008
Neoprene Thumb Brace

- Made of neoprene to provide heat therapy to accelerate the blood circulation. The aluminum stay can be bent for proper fit to immobilize the thumb in position
- Additional loop straps wrap the wrist to give firmly fit and support

Size: Universal

FG-010
Thumb Brace

- Immobilize injured thumb or CMC garment sprains
- Shaped thumb stay provides strong control and better fit
- Breathable sandwich mesh material
- Soft foam padding for comfortable use
- Universal for right or left hand

Size: S, M, L

FG-016
Thumb Brace

- Made of breathable and soft material
- The aluminum stay can be bended for proper fit to immobilize the thumb in position
- 3 loop straps wrap the wrist to give firmly fit and support

Size: Universal

FG-019
Metacarpophalangeal Joint Brace

- Used for exercise of the fingers in cases of paralysis, after tendor and ligament operations, when hand finger movements are limited
- Provides hand wrist and fingers passively in extension
- Made of plastic material and aluminum silicone

Size: Universal

FG-021
Dynamic Hand-Finger Splint

- Active flexion and passive stretching exercises in wrist, metacarpophalangeal and interphalangeal joint, thumb
- Keeps the wrist and fingers passively in extension enables active finger flexion
- Made of plastic material and aluminum strap

Size: Universal

FG-018
Thumb/Wrist Brace

- Helps support and limit the motion of the thumb (Metacarpophalangeal or MCP joint)
- Three adjustable straps for perfect fit
- Two stays for maximum support
- Comfortable enough to wear day and night

Size: Universal

FG-023
Thumb Brace

- Wrist fracture splint fixed protection
- Strap adjustable breathable fabric
- Provides firm support and pain relief on thumb
- Fits either the right or the left hand

Size: Universal

6 WRIST SUPPORTS

WT-001
Elastic Wrist Support

- Made of seamless, four-way stroken elastic material for comfortable fit
- Stabilizes the wrist
- Easy pull on application

Size: S, M, L, XL

WT-006
Neoprene Wrist Strap

- The hook-loop closure can reach on the surface fabric to adjust the size easily
- Stabilizes the wrist
- Closed cell neoprene with compressive and proprioceptive effect
- Wrap-around design for precise fit

Size: Universal

WT-007
Neoprene Wrist Support

- Ideal for weak or injured wrist or injury prevention
- The hook closure can be adjusted for the more comfortable and easy fit
- Designed for all size of wrist
- Adjustable velcro strap with buckle is adjustable to secure a perfect fit

Size: Universal

WT-023
Airprene Wrist Brace

- Made of soft airprene
- Good immobilization for the posttraumatic wrist
- Aluminum stays stabilizes the wrist in position
- Universal design fits right or left hand

Size: Universal

WT-019
Elastic Wrist Splint

- Immobilization of the posttraumatic wrist
- Made of quality elastic material
- Strengthening strap can secure perfect fit
- Aluminum stay stabilizes the wrist in position

Size: S, M, L, XL
Left hand or Right hand

WT-013
Wrist Brace

- Immobilization of the wrist
- Breathable open cell foam material
- Anatomically contoured aluminum palmar splint

Size: S, M, L, XL (Left/Right Hand)

WT-024
Wrist With Thumb Splint

- Made of a mesh material
- Immobilization of the wrist and thumb
- Aluminum stay on the palm stabilizes the wrist in position
- Rigid thumb stay for custom fit

Size: S, M, L, XL (Left/Right Hand)

WT-025
Wrist With Thumb Brace

- Immobilization of the wrist and thumb
- Good Immobilization for the posttraumatic wrist and thumb
- Aluminum stay on the palm stabilizes the wrist in position
- Rigic thumb stay for custom fit
- The foam padding provides the soft cushioning

Size S, M, L, XL(Left/Right Hand)

WT-036
Lace-Up Wrist Brace

- Protect and support injured wrist
- Shaped palm metal stay for rigid support and or stay on the back of hand
- Lace under for easy use
- Hook and loop closures that adjust for the most comfortable and easy fit

Size: S, M, L, XL(Left/Right Hand)

WT-040
Lace-Up Wrist Brace With Thumb Splint

- Immobilization of the wrist and thumb
- Good immobilization for the posttraumatic wrist and thumb
- Aluminum stay on the palm stabilizes the wrist in position
- Rigid thumb stay for custom fit
- The foam padding provides the soft cushioning

Size: S, M, L, XL

WT-037

Lace-Up Wrist Brace

- Immobilization of the posttraumatic wrist
- Anatomically contoured aluminium palmar splint
- Extra-wide elastic circumferential strap for superior support
- Universal design fits right or left hand

Size: Universal

WT-038

Neutral Thumb Resting Hand Splint

- Ideal for weak, deformed, or flaccid hands and wrists
- Protects joints while positioning the hand to improve range of motion
- Soft, durable cover is comfortable and absorbent for skin comfort

Size: S/M, L/XL

WT-047

Universal Wrist Brace

- Immobilization and stabilization of the wrist
- Anatomically contoured aluminum palmar splint 2PCS each side hook&loop closure for superior support
- Universal design fits right and left hands

Size: Universal

WT-043

Wrist Brace

- Universally sizing fits either left or right hand
- Malleable frame, adjustable wrist hinge, and a built-in nylon glove to add in compression and palm support
- Adjustable range of motion hinge for flexion and extension

Size: S/M, L/XL

WT-027

Wrist Support

- Moderate, stabilizing relief and protection
- Couples light compression with support from cushioning beads and removable palmar stabilizer
- Adjustable straps provide custom feel and support
- Hook and loop closure for easy fit

Size: Universal

WT-045

Hand/Wrist Orthosis

- Ideal for recovery from wrist sprain & after surgery
- PP splint with soft inner for comfort use & stability
- Available for left or right hand

Size: Universal(Left/Right)

WT-048

Wrist Brace

- Immobilization of the wrist
- Breathable perforated foam material
- Removable malleable palmar stay for greater immobilization
- The aluminum stay on the back of hand better fixed the wrist and hand

Size: Universal

WT-048

Air Wrist Brace

- Air pressure to relieve pain
- The pneumatic compression design provides more snug fit
- Adjustable Strap for better fit

Size: S/M/L/XL

7 BACK SUPPORTS

WT-049

Quick Fit Wrist Brace

- Quick Fit closure system applying for excellent fit, convenience ,durability
- Anatomically contoured aluminum palmar splint
- Immobilization of the wrist

Size: S/M, L/XL

NEW

WT-050

Quick Fit Wrist Brace

- Quick Fit closure system applying for excellent fit, convenience ,durability
- Anatomically contoured aluminum palmar splint
- Immobilization of the wrist

Size: S/M, L/XL

NEW

WT-051

Quick fit Wrist/thumb brace

- Quick Fit closure system applying for excellent fit, convenience ,durability
- Anatomically contoured aluminum palmar splint
- Immobilization of the wrist and thumb

Size: S/M, L XL

BK-001

Neoprene Slimming Belt

- Neoprene material increase blood circulation through warm effect
- Accelerates fat loss from its sauna pouch
- Wrap around design for custom size compression adjustment

Back Height: 20cm
Size: Universal

BK-006

Neoprene Lumbar Support

- Neoprene can keep body warmth and accelerate blood circulation to provide the heat therapy and relieve the backache efficiently
- 4 plastic stays positioned in the back strategically for maximum protection of the spine from pressure and strains
- The surface fabric allows the velcro to grab and adjust a comfort fit
- Additional side pull can provide more compression

Size: Universal

BK-008

Neoprene Back Support

- Made of Neoprene for keep body warmth
- Back pad support the back to relieve the back pain
- 2 flexible plastic stays offer stabilizing
- Additional side pull can enhance the compression and provide a snug fit

Size: S, M, L, XL

BK-009
Magnetic Waist Belt

- Back neoprene with side mesh
- 25 pcs of magnets at the back provide far-infrared ray to accelerate the blood circulation and keep the body warmth
- Effective tensed side-pulls provide superior support

Size: S, M, L, XL

BK-011
Industrial Back Support

- Made of high quality elastic straps
- Effective tensed side-pulls provide superior support
- Prevent the injury and muscle strain at work
- 4 Flexible stays enhance support to the lower back

Back Height: 8"
Size: S, M, L, XL

BK-012
Industrial Back Support

- Prevent the injury and muscle strain at work
- Correct the posture effectively
- The removable suspender can help to put on and off easily
- 4 Plastic stays enhance support to the lower back

Back Height: 9"
Size: S, M, L, XL

BK-100
Neoprene Lumbar Support

- Used for lower back and abdominal support
- Double pull provides strong support and compression ability
- 4 flexible spiral stays prevent brace rollover
- Neoprene material increase blood circulation through warm effect
- Hand strap design for easy fitting

Size: Universal

BK-043
Elastic Lumbar Support

- 4 rigid aluminum stays support back muscles and prevent unexpected range of motion
- Double side pulls and compression to support the abdominal and lower back muscles
- Hook and loop closure for easy application and precise control of support and fit

Size: S, M, L, XL

BK-101
Elastic Lumbar Support

- Made of high quality vented elastic strapping materials
- Provide intra-abdominal pressure against spinal instability
- 4 semi-rigid stays support back muscles
- Hand strap design for easy fitting

Size: S, M, L, XL, XL

BK-019
Elastic Lumbar Support

- Made of high quality vented elastic strapping materials
- 4 PCS anatomically contoured arc stays fit lumbar curve and support lower back muscles
- Provide intra-abdominal pressure against spinal instability
- Effective vented tensed side-pulls provide superior support

Size: S, M, L, XL, XXL

BK-035
Elastic Lumbar Support

- 3 dimension knitting creates an anatomical fit
- 4 Plastic stays offers extra back stability
- Dual side pull straps add more pressures

Size: S, M, L, XL

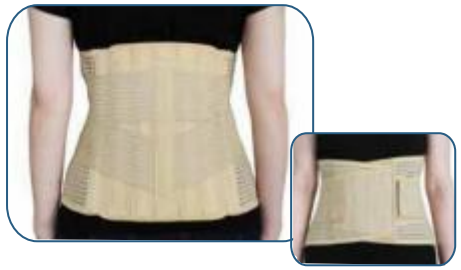

BK-103

Elastic Back Support

- Made of high quality vented elastic strapping material
- 4 rigid steel rods plus bilateral spiral steel stays support back muscles and prevent undesired range of motion
- Effective tensed side-pulls provide superior support
- Provides individually adjustable compression and stabilization of the lumbar region

Size: S, M, L, XL

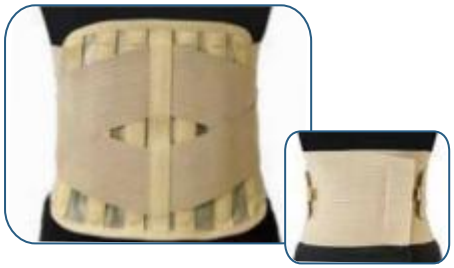

BK-104

Elastic Lumbar Support

- Made of high quality elastic material
- Provide initial abdominal pressure against spinal instability
- 4 rigid anatomically contoured steel stays and 2PCS plastic stays support back muscles
- The side-pulls provide superior support

Size: S, M, L, XL

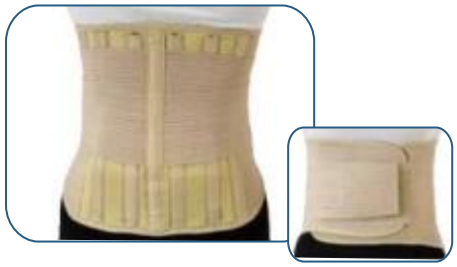

BK-044

Elastic Lumbar Support

- The high elastic straps and mesh at back enable to provide the air exchange
- 4 Metal stays at back can enhance support and correct the posture to relieve the backache
- Overlapping elastic side pulls provide additional compress on
- The open stays pouches design allow the stays can be removable according to patients' demand

Size: S, M, L, XL

BK-047

Sacro Lumbar Support

- Made of high quality elastic and back foam laminated with cotton fabric for comfortable
- Velcro fasteners ensure quick and easy application and removal
- Side panel elastic adjustment straps provide uniform compression
- Four metal stays provide firm support

Size: S, M, L, XL

BK-072

3-Panel Abdominal Binder

- Made of stretch elastic material
- Provide compression to stabilize abdominal area
- Firm and comfortable support for abdominal surgery or childbirth, slim-down or figure restoration, and lower back pain caused by muscle strain
- Designed for use by both men and women

Size: S, M, L, XL, XXL

BK 074

4-Panel Abdominal Binder

- Made of stretch elastic material
- Provide compression to stabilize abdominal area
- Firm and comfortable support for abdominal surgery or childbirth, slim-down or figure restoration and lower back pain caused by muscle strain
- Designed for use by both men and women

Size: S, M, L, XL, XXL

BK-090

Solace Lumbar Brace With 10" Back Panel

- Lightweight brace, great for extended wear
- Breathable mesh fabric designed to keep patient comfortable
- Removable lateral panels
- Adjustable in size to fit most patients

Size: Universal

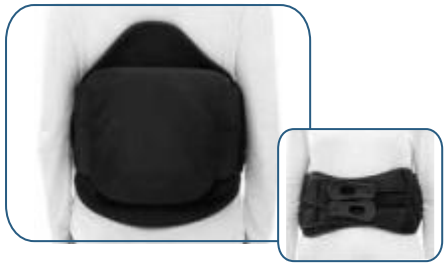

BK-091

Solace Lumbar Brace With 15" Back Panel

- The combination of comfort and support giving practitioners a cost-effective LSO without compromising construction and functionality
- Breathable mesh fabric designed to keep patient comfortable
- The removable posterior panel helps prevent any abnormal movements of the lower spine
- Adjustable in size to fit most patients

Size: Universal

BK-096

LSO Back Brace

- Limits motion and provides effective compression for the relief of low back pain
- Wrap around design with back and abdominal panel
- Adjustable string and roller system perfectly supports the core muscle
- Keep abdominal pressure in stable for better tissue healing after injuries around low back
- Double Back elastic panels

Size: Universal (S-2XL)

BK-092

Speed Spinal System (Front & TLSO Panel)

- Immobilization after surgical stabilization
  Wrap around design with back, abdominal panel and front panel from stomach to clavicle
- Adjustable string and roller system perfectly supports the core muscle
- Keep abdominal pressure in stable for better tissue healing after injuries around whole back
  Constrain the movement from lower to upper back for spinal immobilization
- Stable vertebral body fracture of thoracic and lumbar spine

Size: Universal

BK-097

TLSO Back Brace

- Made with light-weight breathable material keeping you cool and comfortable
- Designed to aid with compression fractures, upper back pain, osteoporosis, and kyphosis
- Adjustable string and roller system perfectly supports the core muscle
- Adjustable thoracic support
- Lightweight, durable construction

Size: Universal (S-2XL)

BK-115

Hyperextension Brace

- Adjustable length and width can fit most body shapes
- Moveable pelvic bar for better comfort while sitting
- Restrict forward flexion against anterior vertebral instability
- Compression fractures of the lower thoracic and lumbar spine

Size: S M L XL

BK-030

Posture Corrector

- Easily get perfect confident posture, start standing, sitting much straighter
- Align your shoulders, spine and upper back
- Improve posture & reduce slouching immediately with easily adjustable dual strap design

Size: Universal

BK-031

Clavicle Support

- Easily get perfect confident posture, start standing, sitting much straighter
- Align your shoulders, spine and upper back
- Improve posture & reduce slouching immediately with easily adjustable dual strap design

Size: Universal

BK-029

Clavicle Brace

- Made of soft velours with high density foam padding
- Adjustable Velcro can provide a proper fit
- Provide a fixation and treatment for clavicular fracture

Size: Universal

BK-026

Maternity Support Belt

- Design for low back pain and discomfort during pregnancy.
- Supports the lumbar and abdominal regions to help relief of low back pain.
- Made from lightweight tensed elastic and velvet material.
- 4 plastic stays support back muscles.
- Effective tensed sidepulls provide superior support.

Size: S,M, L, XL

BK-055

Athletic Support

- Provides good protection.
- Prevents injury from sport activity.
- Friendly to the skin.
- Soft touching.

Size: S, M, L, XL

BK-056

Hernia Belt

- Provides gentle relief from reducible inguinal hernias.
- Designed using the latest materials for the maximum level of support and comfort.
- Provides constant, comfortable and adjustable pressure to the hernia.
- Filling pad can be removed to treat a single hernia.

Size: S, M, L, XL

HP-002

Groin And Hip Support

- High quality materials durable and breathable neoprene
- Provides compression and therapeutic warmth to the quadriceps and hamstring and groin areas
- Reduces pain from tendonitis and groin strain
- One size fits all

Size: Universal

HP-003

Single Hinge Hip Orthosis

- Providing a limited and safe range of motion following surgical procedures.
- Rigid outer shell on waist and thigh for great stability.
- Flexion/extension ROM control from 0° to 120° in 10° step settings, abduction/adduction adjustments are allowed.

Size: Universal

HP-004

Dural Hinge Hip Orthosis

- Double hip hinges can better set ROM limitation.
- Providing a limited and safe range of motion following surgical procedures.
- Rigid outer shell on waist and thigh for great stability.
- Flexion/extension ROM control from 0° to 120° in 10° step settings, abduction/adduction adjustments are allowed.

Size: Universal

8 CALF SUPPORTS

CF-002
Elastic Calf Support

- Made of circular knitted, four-way stretch elastic material for comfortable fit
- Prevent sports and work related calf injury
- Give a proper support and compression
- Relieve pain and swelling

Size: S, M, L, XL

CF-003
Neoprene Calf Support

- Closed cell neoprene with compressive and proprioceptive effect
- Prevents calf muscular injury during sports or work activity
- Keep the shape for the calf
- Sleeve design can provide full support

Size: S, M, L, XL

CF-005
Neoprene Calf Wrap

- Closed cell neoprene with compressive and proprioceptive effect
- Prevents calf muscular injury during sports or work activity
- Keep the shape for the calf
- Wrap design easy fit

Size: Universal

9 THIGH SUPPORTS

TH-001
Elastic Thigh Support

- Made of circular knitted, four-way stretch elastic material for comfortable fit
- Prevent the thigh strain while overuse
- Flexible compression

Size: S, M, L, XL

TH-003
Neoprene Thigh Support

- Closed cell neoprene with compressive and proprioceptive effect
- Prevents calf muscular injury during sports or work activity
- Sleeve design can provice full support

Size: S, M, L, XL

TH-005
Neoprene Thigh Wrap

- Closed cell neoprene with compressive and proprioceptive effect
- Prevents calf muscular injury during sports or work activity
- One-piece design easy fit

Size: Universal

10 KNEE SUPPORTS

KN-001

Elastic Knee Support

- Made of seamless, two-way stretch elastic material for comfortable fit
- Protect knee and keep warm
- Mild compression helps to improve blood circulation and relieve knee pain

Size: S, M, L, XL

KN-003

Elastic Knee Support

- Made of seamless, four-way stretch elastic material for comfortable fit
- Flexible compression provides knee support and improves proprioception
- Reduces swelling from minor injuries

Size: S, M, L, XL

KN-005

Elastic Knee Support With Gel Pad And Spring Stays

- Made of seamless, four-way stretch elastic material for comfortable fit
- Flexible compression provides knee support and improves proprioception
- Width gel pad supports and protects the patella to avoid knee strain or sprain
- Bilateral spiral steel stays prevents valgus or varus deviation

Size:S, M, L, XL

KN-011

Neoprene Knee Support

- Closed cell neoprene with compressive and proprioceptive effect
- Retains body heat and increases circulation to help maintain flexibility
- Oval pad protects the kneecap against traumatic contact and friction burns
- Easy slip-on, slip-off application
- Closed patella design

Size: S, M, L, XL

KN-012

Neoprene Knee Support

- Closed cell neoprene with compressive and proprioceptive effect
- Increase blood circulation through warm effect
- Prevents knee injury during sports or work activity
- Sleeve type design can fit the knee joint snugly
- Open patella design

Size: S, M, L, XL

KN-021

Neoprene Knee Wrap

- Ideal for the weak or injured knee stabilization
- Prevents knee injury during sports or work activity
- Wrap type design for easy fit
- Open patella with circle pad can enhance the protection for the patella and fix the knee support in position

Size: Universal

KN-015

Neoprene Knee Brace (Short)

- Closed cell neoprene with compressive and proprioceptive effect
- Open patella design can be worn in position and avoid the displacement
- Wrap design for easy fit
- Stabilize the weak or injured knee and prevent the knee injury while overuse

Size: Universal

KN-016
Neoprene Knee Brace

- Closed cell neoprene with compressive and proprioceptive effect.
- Provides overall stability and is designed specifically to reduce symptoms of patellar tendonitis (runner's jumper's knee), osgood Schlatter disease and patella tracking.
- Adjustable hook and loop closure for custom.

Size: Universal

KN-062
Jumper Knee Strap

- Protect the below patella tendon and avoid the patellar tendinitis while the knee overuse.
- The nylon surface with neoprene can be adjustable by hook to fit most of knee and provide good compression below the patella.
- The pad support the below patella tendon.

Size: Universal

KN-017
Patella Knee Strap

- It is shape made from neoprene, which is stretchy, allowing it to stay comfortably in place.
- Reinforces and protects the patellar tendon.
- Ideal for patellar tendinitis.

Size: Universal

KN-089
Neoprene Knee Brace (Short)

- Made with high quality light and soft neoprene and double strong resilient rubber.
- Top and bottom of knee brace to ensure it stays firmly in place.
- Provides maximum support above and below the kneecap without restricting movement.
- Universal design fits more.

Size: Universal

KN-054
Neoprene Knee Wrap

- Neoprene material provides therapeutic warmth to soothe the aching joint.
- Medial and lateral spiral stays for additional support and stability of knee.
- Open Patella design relieves pressure.

Size: Universal

KN-066
Stabilizing Knee Wrap

- Low profile design is comfortable and effective.
- Wrap around design fits most knees.
- The upper non-slip strap better for fit.
- Spring steel stays on the sides offer additional support and stability.
- Treats chondromalacia, and mild parapatellofemoral pain.

Size: Universal

KN-026
Neoprene Knee Support W/ Spiral Stays

- Closed cell neoprene with compressive and proprioceptive effect.
- Effectively stabilizes the kneecap to eliminate anterior knee pain.
- The lateral stays offer additional support and stability.
- The adjustable loop and hook fastener strap provides pressure ring.
- Relieve pain and swelling.

Size: S, M, L, XL, XXL

KN-027
Ligament Knee Support

- Closed cell neoprene with compressive and proprioceptive effect.
- Effectively stabilizes the kneecap to eliminate anterior knee pain.
- The lateral stays offer additional support and stability.
- Upper and lower loop and hook fasteners offer further fit.
- Crossing straps control patella movement.

Size: S, M, L, XL, XXL

KN-028
Neoprene Knee Stabilizer

- Airprene material for breathable and comfortable
- Hook and loop straps ensure comfortable fit and stabilization during activities
- Neoprene circle pad around the patellas provides padded protection and stabilization
- Bilateral spiral steel stays prevents valgus or varus deviation

Size: S, M, L, XL, XXL

KN-034
Hinged Knee Support

- Neoprene circle pad around the patella provides padded protection and stabilization to prevent displacement
- Medial and lateral hinges for additional ligament support
- Loop and hook fastener straps allow for adjustable compression

Size: S, M, L, XL

KN-050
Neoprene Knee Brace W/ Hinge

- Aluminum hinge provide good stabilization to the injured knee
- Hook and loop closures above and below knee for secure fit
- Wrap around version (front open) for simple fit
- Pull strap for easy fit

Size: S, M, L, XL, XXL

KN-055
Hinge Knee Brace

- Neoprene material provides therapeutic warmth to soothe the aching joint
- Provides comfortable and controlled compression with adjustable hook and loop closures
- Back open wrap for easy fit
- Aluminum hinge provice good stabilization to the injured knee

Size: S, M, L, XL, XXL

KN-037
Knee Brace W/ ROM Hinge

- Full range motion knee brace for wear during low-load sport and daily activity
- The ROM hinge can be adjusted as 0-90 degree of flexion and 0-90 degree extension
- Wrap design can be easily to put on and off
- Open patella can fix the brace in position

Size: S, M, L, XL

KN 085
Universal ROM Knee Brace

- Made of neoprene for compression, warmth and durability
- Polycentric hinge with flex on/extension pin-stops for controlled range of motion
- It is designed to support ligamental strains, sprain, torn ligament or any instability knee

Size: Universal

KN-052
Rom Hinge Knee Brace

- Made of neoprene for compression warmth and durability
- Polycentric hinge with flexion/extension pin stops for controlled range of motion
- Four straps allowing greater leverage
- It is designed to support ligament strains, sprain, torn ligament or any instability knee

Size: S, M, L, XL

KN-072
Post Op Knee Brace

- Easy to use ROM hinge with quick adjusting flexion and extension stops to control and limit knee flexion and extension
- Strap lock clips keep straps, posterior bars and the hinges in the correct placement around the knee
- Quick clip buckles allow for easy application and removal of the brace
- Extension limitation at: -10°, 0°, 10°, 20°,30°
- Flexion limitation at: -10°, 0°, 10°, 20°,30°, 40°, 50°, 60°, 70°, 80°,90°, 100°, 110°,120°

Size: Universal

KN-039
Single Panel Knee Immobilizer

- Brushed nylon laminated to both sides of breathable foam
- Velcro straps with loop lock closures
- Lightweight rigid posterior stays with adjustable medial and lateral stays
- Suited for use after specific types of knee surgeries, as well as ligament sprains and dislocations

Size: S, M, L, XL
Available length: 12", 14", 16", 18", 20", 22", 24"

KN-077
Post Op Knee Brace

- Indications: Post-op/post-injury ROM control or immobilization
- "One push button" can be released for length adjustment
- Adjustable ROM by simple setting hinges
- Extension limitation at: -15°,0°, 15°, 30°, 45°, 60°, 75°, 90°
- Flexion limitation at: 0°, 15°, 30°, 45°, 60°, 75°, 90°, 105°

Size: Universal

KN-040
3-Panel Knee Immobilizer

- Fully adjustable to accommodate most girth measurements
- Provides immobilization in an extended position
- Posterior rigid stay for additional support
- The wrap around design and Velcro straps allow easy application

Size: S, M, L, XL
Available length: 12", 14", 16", 18", 20", 22", 24"

KN 076
Post Op Knee Brace

- Excellent collateral stabilization via long side-bars prevents valgus or varus deviation
- "One push button" can be released for length adjustment
- Adjustable ROM by simple setting hinges
- Extension limitation at: 0°, 15°, 30°, 45°, 60°, 75°, 90°
- Flexion limitation at: 0°, 15°, 30°, 45°, 60°, 75°, 90°, 105°, 120°
- Straps provide desirable counter force and adjust optimal size

Size: Universal

KN-075

Post Op Knee Brace

- Hinged adjustable Post-op/post-injury ROM control or immobilization
- "One push bottom" can be released for length adjustment
- Adjustable ROM by simple setting hinges
- Extension limitation at: 0°, 15°, 30°, 45°, 60°
- Flexion limitation at: 0°, 15°, 30°, 45°, 60°, 75°, 90°, 105°, 120°
- Immobilization limitation at: 0°, 15°, 30°, 45°, 60°
- Straps provide desirable counter force and adjust optimal size.

Size: Universal

KN-080

Dual OA Knee Brace

- Help to support the knee joint and share the loading of affected joint.
- Also provide further stability for ligament injuries or other instability users.
- Full shell design provide well stability.
- Better for OA users without severe knee deformity
- Specified design for left or right side.

Size: S, M, L, XL
Left or right

KN-079

Post Op Knee Brace

- Tool-free design, and collateral bars prevent valgus and varus deformity
- Easy to adjust ROM hinge with lock-out capability
  Extension limitation from 0°, 15°, 30°, 45°, 60°.
  Flexion limitation from 0°, 15°, 30°, 45°, 60°, 75°, 90°, 105°, 120°.
  Immobilization fixation from 0°, 15°, 30°, 45°. Adjustable in every 15°
- Comfortable padding designed with patient compliance in mind
- Quick-fit gripping buckles for easy application
- Telescoping frame from 19"-27"

Size: Universal

KN-081

OA Knee Brace

- Provides offloading of the medial or lateral compartment
  Wrap design for easy to apply and remove
- Low profile to provide patient comfort
- Compression provides warmth and decreases swelling

Size: S, M, L, XL

KN-082

ROM Knee Brace

- Promotes normal joint movement in order to reduce pain
- Light and portable,allows for use over longer periods of time
- Condyle pads for increased comfort, stability and pain control
- The length of the strap can be adjust

Size: S, M, L, XL

KN-078

OA Knee Brace

- Comes with everything needed for full adjustment, allowing users to customize strap size, ROM and valgus and varus adjustment.
- Powerful lateral struts and 3-point coverage system to fully unload the medial compartment of the knee, helping to promote normal joint movement and reduce pain.
- Lightweight design allows for longer periods of wear without discomfort.
- One size fits all

Size: Universal

11 ANKLE SUPPORTS

AK-001
Elastic Ankle Support

- Made of seamless, two-way stretch elastic material for comfortable fit
- Open heel design
- Protect ankle and keep warm
- Mild compression helps to improve blood circulation and relieve ankle pain

Size: S, M, L, XL

AK-002
Elastic Ankle Support

- Made of seamless, four-way stretch elastic material for comfortable fit
- Protect ankle and keep warm
- Mild compression helps to improve blood circulation and relieve ankle pain

Size: S, M, L, XL

AK-003
Elastic Ankle Support

- Made of seamless, stretch elastic material for comfortable fit
- Protect ankle and keep warm
- Mild compression helps to improve blood circulation and relieve ankle pain
- Color for women or Youth

Size: S, M, L, XL

AK-004
Elastic Ankle Support With Strap

- Made of seamless, two-way stretch elastic material for comfortable fit
- Figure 8 strapping for improved ankle support
- Protect ankle and keep warm
- Mild compression helps to improve blood circulation and relieve ankle pain

Size: S, M, L, XL

AK-008
Neoprene Ankle Support

- Closed cell neoprene with compressive and proprioceptive effects
- Prevents ankle injury during sports or work activity or stabilize the injured ankle
- Open heel and toe design can provide comfort during motion
- The upper open easy wear

Size: Universal

AK-012
Neoprene Ankle Brace

- Two additional pull strap allows for a perfect and extra support in the ankle
- Surface fabric can be caught by hook to adjust the size easily
- Ideal for weak or injured ankle injury prevention

Size: Universal

AK-016
Lace-Up Ankle Brace

- Made of durable and tough fabric laminated with foam
- Extra non-elastic cross-stirrup straps provide maximal stability
- Bilateral plastic stays for additional support
- Lace-up design

Size: S, M, L, XL

AK-017
Ankle Brace

- Made of PVC Airmesh fabric
- Extra non-elastic cross-strap straps provide maximal stability
- Plastic cuff closure decreases amount of inversion possible
- Ballistic nylon straps: "figure 8" straps replicate ankle taping
- Lace-up design

Size: S, M, L, XL

AK-025
Ankle Brace

- Made of airmesh for breathable and comfort
- Figure-of-eight straps as ankle taping enhances inversion/eversion support
- Lateral plastic palettes on both sides
- Provides the compression and comfort of a soft ankle with 20-35% more protection than traditional straps

Size: S, M, L, XL

AK-027
Canvas Ankle Brace

- Made of durable canvas material
- Anatomically contoured wide aluminium ankle stays
- Lace-up design
- Stabilizes ligament sprain and chronic instable ankle
- Aluminium stay offer stabilization

Size: S, M, L, XL

AK-038
Adjustable Lace-Up Ankle Brace

- Made of curable canvas material.
- Lace-up design, to provide the lace to lock the brace in position.
- Shaped metal stays to provide a maximum stabilization.
- Helps reduce pain and swelling.

Size: S,M, L, XL

AK-033
Short Ankle Brace

- Made from Nylon fabric laminated with foam
- Lace-up design
- Simple to apply and easy to adjust
- Low profile position fits easily in shoe
- Fits right or left ankle

Size: S, M, L, XL

AK-040
Ankle Brace

- Made of vinyl mesh and soft lining
- Spring steel stays support the ankle
- Lace-up design gives maximum protection

Size:S, M, L, XL

AK-061
Ankle Brace

- Neoprene material increase blood circulation through warm effect
- Rigid medial and lateral uprights prevent abnormal eversion and inversion and provide protection during activity
- High quality cross-fit strap offering compression support for the instep position of the foot

Size: S, M, L

AK-021
Rigid Ankle Brace

- Anatomically contoured supporting shell with hinge joints
- Modified orthotic footplate provides critical foot and arch support, resisting inversion and eversion
- Neutral arch position promotes healing of injured ligaments
- Three strap adjustment system provides custom fit

Size: S, M, L
Left foot or right foot

NEW

AK-059

Ankle Brace

- Anatomically contoured supporting shell with hinge joint
- Padded, formed foam liners

Size: S, M, L
Left and Right

AK-054

Ankle Brace

- Provide more stability then regular ankle supports provicing the foundation for successful ankle injury treatment
- A rigid foot plate and adjustable calf cuff provide unsurpassed levels of control and support

Size: S, M, L
Left and Right

AK-055

Ankle Brace With Panel

- Provide more stability than regular ankle supports providing the foundation for successful ankle injury treatment
- A rigid foot plate and adjustable calf cuff provide unsurpassed levels of control and support
- Features a detachable poster or panel that stops just below the knee, giving patients the option for tailored support

Size: S, M, L
Left and Right

AK-022

Air Ankle Brace

- Air bladders for additional support and compression
- Anatomically contoured plastic shell
- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle rehabilitation or recovery stage
- Restraint the inversion and eversion of instability ankle for unnormal flexion

Size: Universal

AK-023

Foam Ankle Brace

- Rigid contoured outer shells have foam pads to stabilize ankle and provide the cushioning to relieve the pain
- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle rehabilitation or recovery stage
- Easy adjustable ankle hinge

Size: Universal

AK-051

Air/Gel Ankle Brace

- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle rehabilitation or recovery stage
- Combined air and gel bladders for cold therapy and even distributed pressure
- Heel straps can be adjusted the size to fit ankle snugly

Size: Universal

AK-052

Gel Ankle Brace

- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle rehabilitation or recovery stage
- Rigid contoured outer shells have hot/cold pack to stabilize ankle and provide the cushioning to relieve the pain
- Heel straps can be adjusted the size to fit ankle snugly

Size: Universal

12 FOOT SUPPORTS

AK-032
Air Ankle Brace

- Air pump can help air in and out to adjust desire cushion cell quantity
- Anatomically contoured plastic shell
- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle is in rehabilitation or recovery stage
- Restraint the inversion and eversion of instability ankle to an optimum flexion

Size: Universal

FT-002
Plantar Fasciitis

- Helps relieve symptoms of Plantar Fasciitis
- Hook and loop closure for easy application and fitting
- Contoured design fits in most shoes
- Ideal for use during physical activity

Size: S, M, L

FT-004
Hallux Valgus Night Splint

- Designed to immobilize the hallux valgus or bunion, whilst maintaining comfort and support at night
- Velcro strap to isolate the big toe, alleviate pressure and help control swelling
- Soft and breathable foam material

Size: Universal

FT-062
Bunion Night Splint

- Made of a very lightweight material with rounded straps that help it to mold itself according to the foot contour
- Protect bunion against rubbing
- Maintain metatarsophalangeal joint alignment
- Designed specifically for right or left

Size: Universal

FT-063
Bunion Hallux Valgus Splint

- Use for pain relief and correction of Hallux valgus
- Corrects the malpositioning of your big toe joint simply
- Soft cushion for best results and maximum comfort
- The double layer tape foot central arch state stable

Size: Universal

FT-064
Adjustable Bunion Night Splint

- Pull the big toe outward to help correct bunion growth
- Thin and low-profile hinge design suited to barefoot or shoe-wearing conditions
- Gel Padcad hinged splint protects painful tissue and absorbs pressure

Size: Universal

FT-006
Night Splint

- Adjustable flexible straps provide a gentle stretching of the plantar fascia and achilles tendon
- Soft, cystal shoe foam interior is plush, washable and breathable to eliminate foot build-up
- User-friendly Side release buckles simplify application
- Lightweight, low-profile shell is sturdy and breathable

Size: S, M, L

FT-023
Dorsal Night Splint

- Dorsal splint is worn on top of the foot for greater comfort
- Less cumbersome while worn in bed
- Soft padded straps with velcro to keep splint in place and comfortable
- Keeps foot in 90 degree flexion for plantar fascitis stretch

Size: S/M, L/XL

FT-053
Adjustable Night Splint

- Infinite adjustment for flexion or extension to gradually increase plantar stretch
- 3D dense hydrapadding to keep foot cool and comfortable
- Full plantar and achilles wrapping keeps foot more secure

Size: S M, L/XL

NEW

FT-059
Carbon fiber AFO

- Made of durable carbon materials
- Spiral design provides greater flexibility at heel strike

Size S, M, L

FT-055
Drop Foot Splint (AFO)

- Made of a highly durable slight weight polypropylene
- Stabilizes the ankle to avoid drop foot
- Designed specifically for right or left

Size: S M, L XL
Right foot or Left foot

FT-058
Drop Foot Splint (AFO)

- Made of a highly durable slight weight polypropylene
- Stabilizes the ankle to avoid drop foot
- Designed specifically for right or left
- The additional straps better fix the splint onto the foot

Size: S/M, L/XL
Right foot or Left foot

POST OP SHOES

FT-029
Post Op Shoe

- Semi rigid ultra lightweight sole and reinforced heel counter provides the user with stability
- Breathable mesh upper and reinforced heel for support
- Hook and loop closure that adjust for the most comfortable and easy fit

Size: S, M, L, XL

FT-038
Canvas Cast Boot

- Open toe and heel straps for easy application
- Easy to apply with velcro adjustable contact closures
- Holes to provide protection while foot is in trauma or surgery
- Ideal for post-op and post-trauma

Size: S, M, L, XL

FT-047
Super Post-Op Shoe

- Easily adjustable with Velcro-style straps
- Breathable airmesh laminated with foam upper section
- Instep can be trimmed for personalized fit
- Suitable for use on either foot
- Slip resistant sole ensures excellent grip

Size : S, M, L, XL

FT-008
Ortho Wedge Shoe

- Elevated forefoot removes pressure
- Heel retaining strap reduces shear
- Thermoplastic rubber sole for increased grip
- Suitable for neuropathic foot ulcerations and post-op use

Size : S, M, L, XL

FT-024
Ortho Wedge Shoe

- Suitable for navicular, talus, metatarsal fractures or other fixation of the foot operation
- Cool mesh upper and cushioned inner liner for greater patient comfort
- Hook and loop closure for secure fit

Size: S, M, L, XL

FT-032
Heel Wedge Shoe

- Offloads the heel by shifting weight to the midfoot
- Used for the treatment of plantar fasciitis, ulcerations, infections, fractures
- Hook and loop closure that adjust for the most comfortable and easy fit

Size: S, M, L, XL

FT-043
Heel Wedge Shoe

- Offloads the heel by shifting weight to the midfoot
- Ideal for post operative after other injuries to the hind foot area such as heel spur
- Hook and loop closure that adjust for the most comfortable and easy fit

Size : S, M, L, XL

FT-044
Ortho Wedge Shoe

- Reduce weight bearing pressure from the forefoot to promote proper healing
- The square toe design provides additional protection and better left/right fit
- Ankle straps seals foot firmly in shoe to eliminate friction
- Useful for infections, ulcers, trauma and surgery

Size: S, M, L, XL

FT-045
Heel Wedge Shoe

- Offloads the heel by shifting weight to the midfoot
- Modified rocker bottom
- The square toe design provides additional protection and better left/right fit

Size: S, M, L, XL

FT-046
Squared Toe Post-Op Shoe

- Square toe design increases bumper and provides additional room and comfort
- High ankle strapping maintains foot in proper position
- Rigid rocker sole allows for ease of ambulation and pressure reduction
- Universal style fits male or female; right or left

Size : S, M, L, XL

13 CAM WALKER

FT-010
Ankle Walker 11"

- Short two fixed lateral alloy aluminum uprights stabilize the ankle and foot
- Foam padded liner for soft and comfortable touch to the skin
- Rocker bottom design promote natural gait and reduce plantar pressures
- Simple to apply and adjust by circumferential straps

Size: S, M, L, XL

FT-011
Cam Walker

- Short two fixed lateral alloy aluminum uprights stabilize the ankle and foot
- Foam padded liner for soft and comfortable touch to the skin
- Rocker bottom design promote natural gait and reduce plantar pressures
- Simple to apply and adjust by circumferential straps

Size: S, M, L, XL

FT-012
ROM Ankle Walker 14"

- Shorter uprights provide comfortable stability
- Dial lock hinges with adjustable ROM limitation
- ROM setting between 0-45 plantar-flexion and 0-45 dorsi-flexion in 15 increments
- Foam padded liner for soft and comfortable touch to the skin
- Air pump provides additional therapeutic compression

Size: S, M, L, XL

FT-013
Pneumatic Cam Walker

- Aluminum stays uprights provide comfortable stability
- Foam padded liner for soft and comfortable touch to the skin
- Air pump provides additional therapeutic compression
- Available height: 11" or 17"

Size: S, M, L, XL

FT-014
ROM Cam Walker

- High uprights provide comfortable stability
- Dial lock hinges with adjustable ROM limitation
- ROM setting between 0-45 plantar-flexion and 0-45 dorsi-flexion in 15 increments
- Foam padded liner for soft and comfortable touch to the skin
- Air pump provides additional therapeutic compression

Size: S, M, L, XL

FT-017
Ankle Cam Walker

- Designed for less serious injuries such as stress fractures, dislocations, ulcers and post-op bunion surgery and other injuries of the ankle & foot
- Contoured strut design allows the walker to conform to the leg, ensuring a better fit
- Plastic molded uprights
- Breathable padding with soft lining for comfortable use

Size: S, M, L, XL

FT-018
Pneumatic Ankle Walker

- Designed to treat soft tissue injuries, grade 2 and 3 sprains, and stable fractures
- Inflatable bladder provides custom compression to the foot and ankle, increasing stability and decreasing swelling
- Comfortable foam liner with hook and loop fastening straps allow for quick and easy fitting and adjustment

Size: S, M, L, XL

FT-019
Knee Cam Walker

- Low profile rocker bottom sole promotes natural walking movement
- Slotted durable polyurethane flared struts allow for more secure strapping
- Breathable padding with soft lining for comfortable use

Size: S, M, L, XL

FT-021
Pneumatic Cam Walker

- Indicated for the treatment of sprains, stable FX, and other injuries of the ankle & foot
- Inflatable bladder provides custom compression to the foot and ankle, increasing stability and decreasing swelling
- Comfortable foam liner with hook and loop fastening straps allow for quick and easy fitting and adjustment

Size : S, M, L, XL

FT-054
Ankle Shield Walker

- Shock absorbing sole reduces heel strike impact force
- Designed to provide pneumatic support for stable fractures of the foot and ankle
- Breathable padding with softening for comfortable use
- Toe cover for a complete protection

Size: S, M, L, XL

FT-049
Pneumatic Walker W/ ROM Hinge

- High strength provides comfortable stability
- Lock hinges with adjustable ROM limitation
- Foam padded liner for soft and comfortable touch to the skin
- Air pump provides additional therapeutic compression

Size : S, M, L, XL

FT-056
Pneumatic Cam Walker

- Toe cover provides protection of toes to decrease the risk of injury of toes
- Using diabetic insole
- Double pumps provide individual compression to decrease the swelling
- Lightweight design including full shell and fancy style
- Shock absorbing sole reduces heel strike impact force
- Front panel for more complete protection and support
- Athletic outside design provides better shock absorption and improves antislip ability

Size: S, M, L, XL

FT-052
Knee Shield Walker

- Shock absorbing sole reduces heel strike impact force
- Designed to provide pneumatic support for stable fractures of the foot and ankle
- Breathable padding with softening for comfortable use
- Toe cover for a complete protection

Size: S, M, L, XL

FT-057
Pneumatic Cam Walker

- Toe cover provides protection of toes to decrease the risk of injury of toes
- Using diabetic insole
- Double pumps provide individual compression to decrease the swelling
- Lightweight design including full shell and fancy style
- Shock absorbing sole reduces heel strike impact force
- Front panel for more complete protection and support
- Athletic outside design provides better shock absorption and improves antislip ability

Size: S, M, L, XL

NK-024
Soft Cervical Collar

- Made of medium density foam with a stockinette cover
- Easy application with hook and loop closure
- Limit neck movement
- Restrict cervical spine flexion & extension with gentle support

Size: S M L/XL

AS-028
Kids Arm Sling

- Help to rest the arm and immobilize the shoulder after injury
- Soft shoulder strap with cotton pads
- Envelope style with thumb support
- Contact closure for easy application

Size: S/M L XL

WT-052
Wrist Brace

- Palmar and dorsal stays immobilize and support the wrist, prevent flexion and extension
  Low contour at palmar crease allows full finger function
- Contact closure for easy application
- Breathable foam material

Size: S/M L/XL

BK-111
Clavicle Support

- Help to correct and keep poor posture by gently holding the shoulders back
- Immobilize fractured clavicle
- Breathable foam material
- Adjustable straps for an excellent fit

Size: Universal

BK-112
Pavlik Harness

- Consist of chest strap, 2 shoulder straps, 2 stirrups & 2 booties
- Harness is a dynamic flexion abduction orthosis which leads to stability of reduced hip
- Soft stirrups with contact closure for ease of application and adjustment

Size: S M L

KN-092
Pediatric Post Op Knee Brace

- 10°-120° wide range free extension and flexion, meet the needs of rehabilitation training at different stages
- Can wear knee pads for a long time without burden to speed the recovery period
- Fitting a wide variety of patients easily. Hinged knee brace the length is adjustable

Size: Universal

FT-065
Kids Cam Walker

- Toe cover provides protection of toes to decrease the risk of injury of toes
- Shock absorbing sole reduces heel strike impact force
- Front panel for more complete protection and support
- Breathable foam liner

Size: M, L

AK-057
Pediatric Ankle Brace

- Simple to apply and adjust by two circumferential straps
- Suitable to wear while ankle rehabilitation or recovery stage
- Combined arch gel bladders for edic therapy and even distributed pressure

Size: Youth Child

GEL SUPPORTS

GL-003
Silicone Heel Pad

- Made of Medical grade silicone rubber
- Superior shock absorption to relieve pressure
- Blue spur can be taken off, help relieve foot stress and pain

Size : S, M, L, XL

GL-004
Silicone Heel Cup

- Made of Medical grade silicone rubber
- Superior shock absorption to relieve pressure
- Soft blue "dot" in the center of the heel provides additional cushioning

Size : S, M, L, XL

GL-012
Silicone U-Shaped Heel Spur Pad

- Made of Medical grade silicone rubber
- Superior shock absorption to relieve pressure
- U-shape design helps correct alignment of the foot and relieve painful heel inflammation by taking pressure off sensitive areas

Size : S, M, L, XL

GL-005
3/4 Silicone Insole

- Made of Medical grade silicone rubber
- Absorb impacts in the area of heel and metatarsal area and reduce the shock and vibration to the joints, back and hip
- Specially designed soft blue cool or teardrop plug for additional heel cushion

Size : S, M, L, XL

GL-013
Silicone Full Insole

- Absorb impacts in the area of heel and metatarsus area and reduce the shock and vibration to the joints, back and hips
- Extra soft Blue insert, provide additional cushion
- The pad with vents can provice good ventilation

Size : S, M, L, XL, XXL

GL-014
Silicone Full Insole

- Made of Medical grade silicone rubber
- The full length provide all over pressure relief over all ball of foot area
- Easy Insert to wear for most shoe types
- The blue inserts relieve pressure on painful heel and metatarsus areas

Size : S, M, L, XL

GL-007
Silicone Metatarsal Pad

- Ring at 2nd toes to be positioned in metatarsus heads
- Absorb the shock impact and prevent callous and metatarsal pain
- Ideal for prolonged standing people to relieve the pressure on metatarsal bones

Size : S, M, L/XL

GL-008
Metatarsal Pad With Toe Retractor

- Made of medical grade silicone rubber
- Toe retractor are between 1st and 2nd toes to avoid overlapping and the pad to be positioned on metatarsus heads
- Absorb the shock impact and prevent callous and metatarsal pain

Size : S, M, L/XL

GL-011
Silicone Toe Crest Cushion

- Made of medical level silicone rubber
- Absorb shock and shear force to reduce pain
- The ring at 3rd toes and under digital to support the toes
- Prevents corn/sleeves from callous, corns, hammer
- 1 pair per pack

Size : S, L

GL-015
Silicone Toe Separator

- High quality silicone material
- Align the valgus big toe and 2nd toe in position and avoid overlapping
- Relieve the uncomfortable from friction between 1st and 2nd toe

Size : S, M, L

GL-016
Silicone Toe Retractor

- Made of medical level silicone rubber
- Reduce friction between toes
- Avoid toes overlapping and unpleased compression

Size : S M. L/XL

GL-018
Silicone Foot-Bunion Separator

- Medical grade Silicone Material
- Absorbs lateral shock and minimizes friction on the bunion area
- It brings constant relief of the affected site

Size: S, L

GL-017
Silicone Tubular Protection

- Absorb shock and shear force to reduce pain
- The silicone coated with elastic tubular bandage
- It can be cut by any desired length

Size: S,

GL-021
Silicone Toe Tubu

- 100% Silicone
- Relieve hammer toe, toe blisters, calluses corn and other toe pain

Size : S, M, L, XL

GL-020
Gel Bunion Sleeve

- Thick cushioning gel pad over the painful bunion area reducing shock and providing protection
- Secures comfortably over the big toe and around the foot to prevent sliding
- Washable and reusable

Size : S/M , L/XL

GL-019
Gel Arch Sleeve

- Soft and flexible they provide a soft cushion for your foot arch
- The stretchy nylon material keeps the silicone wedge in place
- Can be worn inside shoes, boots, slippers, etc
- NOT SUITABLE FOR WIDE FEET

Size: Universal

CY-002

Cryo Pneumatic Elbow Wrap With 1 Gel Pack

- Anatomical elbow wrap designed to combine the benefits of pneumatic compression with cold therapy, features pump bulb that detaches once desired compression is achieved.
- The combination of cold and compression drives cold deep into the injured tissue, speeding up the rehabilitation process and aiding faster recovery.
- Made from plush foam laminate, removable gel pack with tricot lining and non-toxic gel.
- Hand pump allows control over compression.

Size: Universal

CY-003

Cryo Pneumatic Shoulder Wrap With 1 Gel Pack

- Designed to combine the benefits of pneumatic compression with cold therapy; features pump bulb that detaches once desired compression is achieved.
- The combination of cold and compression drives cold deep into the injured tissue, speeding up the rehabilitation process and aiding faster recovery.
- Made from plush foam laminate, removable gel pack with tricot lining and non-toxic gel.
- Hand pump allows control over compression.

Size: Universal

CY-004

Cryo Pneumatic Knee Wrap With 1 Gel Pack And ROM Hinges

- Anatomical knee wrap designed to combine the benefits of pneumatic compression with cold therapy; features pump bulb that detaches once desired compression is achieved.
- The combination of cold and compression drives cold deep into the injured tissue, speeding up the rehabilitation process and aiding faster recovery.
- Made from plush foam laminate, removable gel pack with tricot lining and non-toxic gel.
- Hand pump allows control over compression.

Size: Universal

CY-005

Cryo Pneumatic Ankle Wrap With 1 Gel Pack

- Anatomical ankle wrap designed to combine the benefits of pneumatic compression with cold therapy, features pump bulb that detaches once desired compression is achieved.
- Made from plush foam laminate, removable gel pack with tricot lining and non-toxic gel.
- Hand pump allows control over compression.

Size: Universal

HJ-001

Wrist/Palm Support With Gel Pad & Stay

- Advanced 3 dimensional knitting secures best fit.
- The gel pad & stay could give additional support and stabilization to the wrist.

Size: S, M, L, X
Left hand or Right hand

HJ-006

Elastic Lumbar Support

- Provide intra-abdominal pressure against spinal instability.
- 4 plastic stays support back muscles and prevent undesired range of motion.
- 3 compression knitting provides anatomical fit.
- Bilateral compression bandages provide intra-abdominal pressure.

Size: S, M, L, XL

HJ-004

Knee Support W/ Gel Pad & 2 Stays

- Breathable and lightweight knit fabric.
- High-elast c fabric provide enough compression for your joint and fit tightly with your body.
- Specially designed silicone ring enclosing the patella.
- Bilateral spiral stays prevents valgus or varus deviation.

Size: S, M, L, XL

HJ-005

Ankle Support W/ Gel Pad

- Advanced 3 dimensional knitting secures best fit.
- The gel pad could give additional support and stabilization to the ankle.
- Equal compression to the muscle tissue helps to reduce pain and swelling.
- Breathable material and absorb of sim ilar by.

Size : S, M, L, XL

18 BAMBOO SUPPORTS

BM-001
Bamboo Wrist Support

- Prevent the wrist sprain or strains while doing exercise or support the injured wrist and thumb to relieve the pain
- More high compression construction on wrist joint to support the wrist
- Seamless can fit the joint comfort

Size: S, M, L, XL

BM-003
Bamboo Elbow Support

- Prevent the elbow injury while doing exercise or support the injured elbow to relieve the pain
- Super thin construction on elbow joint to enhance comfort during motion
- Seamless can fit the joint comfort

Size : S, M, L, XL

BM-004
Bamboo Knee Support

- Prevent the knee injury while doing exercise or support the injured knee to relieve the pain
- Super thin construction on knee patella and padded to enhance comfort during motion
- Seamless can fit the joint comfort

Size: S, M, L, XL

BM-006
Bamboo Ankle Support

- Prevent the ankle sprain or strains while doing exercise or support the injured ankle to relieve the pain
- Thin construction on the heel and tendon part of ankle to reduce some unnecessary compression
- Seamless can fit the joint comfort

Size: S, M, L, XL

19 FAR INFRARED SUPPORTS

FI-001
Far Infrared Wrist Support

- Prevent and support the sports and works related wrist injury
- Made of circular knitting construction
- Infrared printing points
- The bamboo material can absorb the moisture

Size: S, M, L, XL

FI-002
Far Infrared Elbow Support

- Prevent and support the sports and works related elbow injury
- Made of circular knitting construction
- Far infrared printing points
- The bamboo material can absorb the moisture

Size : S, M, L, XL

FI-004
Far Infrared Knee Support

- Prevent the knee sprain or strain while overuse or support injured knee
- Made of circular knitting construction
- Far infrared printing points
- The bamboo material can absorb the moisture

Size: S, M, L, XL

FI-006
Far Infrared Ankle Support

- Prevent and support the sports and works related ankle injury
- Made of circular knitting construction
- Far infrared printing points
- The bamboo material can absorb the moisture

Size: S, M, L, XL
