

SHAANXI FULLSTAR ELECTRONICS CO.,LTD PROFILE

SHAANXI FULLSTAR ELECTRONICS CO.,LTD is specialized in electronic and magnetic components.

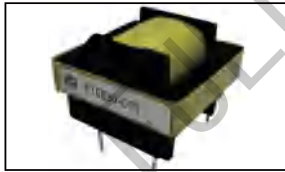

The main products are various inductors, High-frequency transformers, Low-frequency transformers, SMPS transformers, High voltage transformers, Audio transformers, Toroidal transformers, Converter transformers & Current sensing transformers, power supply and adapters, etc. The products are exported to more than 40 countries and regions. Fullstar has more than 20 years experience in the electronics field and the annual volume is above 50,000,000 pieces. We are an ISO9001:2015 certified company. Engaging, learning, and mastering advanced technology, Fullstar's excellent team provides high-quality products, quick delivery, strong technical support & best service and would help our customers achieve the maximum value.

Electrical Transformer >>>

Various transformers used for switching power supplies, chargers, alarm systems ,TV/CRT monitor displays, audio equipments, inverter products,Networking and Telecom communication systems.

High Frequency Transformer
